Nays.—None.

To the Honorable City Council,
Gentlemen:—

In entering upon my first year as chief executive of the city of Lansing, I wish to say to you, my fellow officials, that we have much to congratulate ourselves upon in administering the government of our city.

We should take pride in keeping pace with the steady growth of our city, not only in population, but in the increased number of industrial institutions as well. These steady increases bring added responsibilities, and in meeting these responsibilities we must be a united family, exercising our best judgment at all times in solving these great problems.

We cannot render efficient service to our city and be engaged in bitter quarrels. It is right that men should differ in opinions, for by so doing, correct solutions of questions are often reached. These differences must not, however, prevent us from working in harmony.

So as we enter upon our duties for the coming year as Mayor, Aldermen and in all other official capacities, let us remember that we are servants of the people, working for the interest of all, and with this in mind remember that we owe our best efforts to the city.

We should be faithful to the trust we have taken upon ourselves, always in attendance at meetings of this council, ever ready to meet in committees to thresh out the problems submitted, and eager at all times to make Lansing one of the best cities in which to live. If we do this I am sure we will have the co-operation of every citizen of Lansing, and at the expiration of our term of office, we will be a little further advanced toward that perfection for which we are aiming.

PUBLIC UTILITIES.

Our city is growing so rapidly that in my opinion, special attention should be given to our privately owned public utilities, to see that they are keeping pace with the growth that is evident.

We are indeed proud of our electric light and water plants for the splendid service they have given in the past, not only in service but in the low rates as well. It is of vital importance to the citizens of Lansing that these utilities keep pace with the growth of the city, not only in furnishing water and electricity to our industrial plants but in the equally important matter of seeing that the water supply is pure. The closest attention should be given to this for it affects the health, and life of every citizen of Lansing.

I believe we have a most capable board in charge of this department, and much credit is due them for their efficient work.

PARKS

This city has been especially fortunate in having received many valuable gifts of land for park purposes and in having this land situated so desirably along the river banks. In some cases gifts of money have accompanied the land to be used in making improvements, and it is our duty to see that these parks are made beautiful and attractive and that the people are encouraged to make use of them as much as possible, as the benefits that may be derived from out door recreation and amusements are greater than from any indoor amusement. The Board of Cemetery and Public Park Commissioners have handled the park problem very efficiently and we believe will continue to do so.

POLICE AND FIRE DEPARTMENTS

The rapid growth of the city both in territory and in population has made it necessary to extend the work of the police and fire departments very considerably in order to keep up with this growth and to protect the lives and property of our citizens. The responsibility of directing these departments is in the hands of the Police and Fire Commissioners but we are sure they will appreciate your co-operating with them in every way.

HEALTH DEPARTMENT

One of the most important boards of the city is the Board of Health. Through this board a vast amount of good may be accomplished in safe guarding the public from communicable diseases and in seeing that patients are treated with the utmost care.

But in carrying on this work I urge the most efficient service, given with the strictest economy.

SEWERS

The time is fast approaching when cities will be refused the right to dump sewage in the streams of our state. I believe it is only a question of time when our whole sewer system will have to be revised. Therefore in the construction of sewers great care should be taken to always keep in mind the future condition of our city, so that when the time comes we can connect the old system with the new without a vast expenditure of money.

TAXATION

Taxation, I believe, is one of the greatest problems that confronts the American people at the present time. Unequal values are unjust. I believe we should co-operate with our assessors and tax commission in equalizing valuations. If

it is necessary to raise valuations let that raise be equal on all property throughout the state.

But I am opposed to the raising of valuations in cities for the purpose of increasing bonded indebtedness to buy public utilities. This would be unequal and unjust and increase the burden of taxation on the one who is striving to pay for his home, as well as the person who owns his home.

Let all values, both rural and city be raised alike, then we all share alike in carrying the load.

PLANTING

I believe it is of vital importance that special attention be given to planting.

Because of the scarcity of farm labor

to produce, causing a decrease in the production of all farm commodities, thereby causing prices to remain unusually high, I would recommend that every available piece of ground be planted to help increase production and lower prices.

I am sure that our friends in rural districts stand ready to co-operate with us in anyway possible to lower prices, if they have the assurance that values along all lines will lower on an equal basis.

I believe there is no better way to prepare the soil for future planting of shrubbery and trees especially in our cut-lying parks, than to plant the ground to a crop that can be cultivated.

By doing this a double benefit is derived. First from the crop produced, and second by keeping the soil free from obnoxious weeds.

PAVING

It is my opinion that in our paving work we should take into consideration the following program for work:

1st. Complete all unfinished work.

2nd. Pave all streets that have been petitioned for that are essential to our industries.

3rd. Pave all connecting links lying between streets and state roads entering our city, including Michigan avenue from Washington avenue to the east city limits.

STREET CAR SERVICE

Special attention should be given to our street car service at the earliest date possible to determine wherein the service can be improved.

If the poor service we are getting is due to the management, this must be corrected. If due to steam railroad crossings, then the laws must be enforced so that the situation may be relieved.

I am sure the street car employees are rendering the very best service possible considering equipment and other conditions and would be ready to co-operate with us at any time on any proposition that would relieve conditions.

We do not wish to resort to jitneys unless absolutely necessary, but conditions must be improved.

FINANCES

The city government as well as the individuals making up our population are passing through a very trying period in their history, owing to the unsettled conditions, general unrest, and the extreme-

ly high cost of all necessities of life. It is the duty of every department of our city to exercise great care in expending the funds trusted to them, and to economize in every way compatible with good service, and to eliminate waste of every character.

In closing I wish to call special attention to the different departments of our city government in making up their budgets for the year, to exercise the greatest care in considering the wages of men, for I feel first of all that men should receive a living wage. I question whether it is a good policy for the council to fix the daily wage of city employees, but let the price be governed by conditions as they present themselves. I would recommend that this be left with the head of each department acting with the salary committee to be worked out from time to time as they deem advisable, keeping in mind at all times the strictest economy.

I am sure that if we as city officials, from the highest to the lowest, become united and work together, we will have the hearty co-operation of every citizen of Lansing, ready and eager to help us at every turn of the road, to make this year's administration the best in the history of Lansing.

Very respectfully,

BENJAMIN A. KYES,

To the City Council and City Officers of Lansing.

Gentlemen:

Today brings to a close my term of office as chief executive of this city. I wish to express at this time my appreciation of the support and co-operation which has been given me by the city council and other city officials and employees. I shall not take the time to go into details of what has been accomplished by this administration or the different departments, but will touch lightly on some of the things that have been done and make such suggestions and recommendations for the future as would in my judgment be for the best interest of all concerned.

These have been strenuous times on account of the great World war and the problems brought about by the necessity for our winning it in the interest of world democracy. I feel that all honor is due to the boys that did make and

were ready to make the supreme sacrifice if necessary in realizing this. I feel that we cannot do too much for them, not as a return but to show our appreciation in a small way.

I also wish to congratulate the people of Lansing, especially the ladies, and Ingham county as well as the state and nation for the splendid record that has been made in war activities.

There has been much criticism, probably just and unjust, in the way matters have been handled but that is past history. In connection with the present situation in regard to living costs, much remains to be done. We have endeavored to relieve the situation locally as far as lay in our power to the bringing in of many thousand cords of wood to be sold at cost, and many thousands of dollars in government food supplies which I feel have all been appreciated. The food shortage at the present time, the prospective food storage in the future to the people of Lansing and this country, the increasing cost and diminishing quantity of food in America are matters of serious alarm, and I feel like urging that a curb be put upon our exports of food stuffs so that our own people might not suffer. I would urge that congress fix an embargo so that shipments of food out of this country should be limited to our surplus, for what we raise over and above our vital needs, thereby guaranteeing a sufficiency to our own people at a price within their reach. I would also urge that the people of Lansing, through their representatives in congress give us relief from the conditions oppressing the nation and relieve the people of unjust and burdensome taxes, free the food markets from the throttling grasp of price fixers and speculators and let the natural law of supply and demand prevail.

The members of your honorable body and the mayor and other officers represent the people only locally. The members of congress in Washington represent us nationally. It is to them we must appeal for relief of present distressing conditions because they are national in their scope and effect. We are heavily burdened with taxation and our federal tax has been increased 2000% through legislation enacted by congress. Under the constitution our bills for raising revenue must originate in the house of representatives, therefore your congressmen is answerable for the burdens of taxation which the people are now carrying. The taxes for the support of the local government have been increased but slightly, except the winter taxes. Many citizens are under the impression that the winter taxes just paid are for the use of the city government. Such is not the case. The only money appropriated to the city, the city collects during the month of July in each year. The winter taxes go to the state, county and schools and the building of country roads. The misunderstanding in this matter comes about by many people thinking that because the city treasurer collects the money the city gets part of the tax. The city gets none of the winter tax except the 1% collection fee. I

would here urge all possible economy the coming year in the tax levy and in the expenditure of funds. I feel also that on account of the increased cost of paving which will run from \$1.25 to \$1.50 per foot frontage to abutting property on this year's paving more than last year, that the people not knowing this be given a chance to be heard. No one feels the need for Lansing of more paving more than myself and the economy of such in the long run. Your honorable body knows that they will hear the complaints of their constituents when the tax bills become due and payable, yet the taxes you have levied are insignificant when compared with the burdens imposed by congress.

I feel at this time that the people of Lansing through assistance rendered to the war garden department and individually the need for war gardens is greater now than any time during the World war. That every foot of ground in the city of Lansing should be worked to the limit. This will mean very much to our citizenship next winter. We all know and realize the seriousness of the farm situation. I would urge the incoming administration to bend every effort in this direction to relieve this serious situation.

DEPARTMENT OF FINANCE

I shall not attempt to give a financial report of the city in detail for the past two years as this will be fully covered by the city comptroller's report which will be submitted later. However, I shall present a brief resume in summarized form of the operations and conditions of the funds which may be useful to those seeking general points of information in connection therewith.

I can best set forth this information in the following table:

	1918	1919
Total assessed valuation ..	\$49,365,090.00	\$50,671,935.00
Tax rate per \$1,000 valuation (av. for July & Dec.)	11.65	22.08
Total bonded debt ..	456,100.00	1,888,100.00
Amount of bonded debt to be paid by city at large by taxation, extending to the year 1949.....		\$315,800
Amount of bonded debt to be paid by property owners directly benefited, extending over a period of five years		674,300
Amount of bonded debt, contracted for water, electric lights and cemetery extensions, which will not be paid by taxation		\$98,000

The public improvements, completed, under construction and contemplated, which make up the above total of \$674,300 are classified as follows:

Paving	\$439,600
Sewers	234,700

The items which make up total of \$315,800, which is .6 of 1% of the assessed valuation, are as follows:

Roof over city market	\$ 5,000
Widening and repairing Wash- ington avenue	13,800

Fire station No. 6	12,000
Boulevard lighting	25,000
Comfort stations	15,000
Detention hospital	100,000
South street bridge	85,000
Fire station No. 6	60,000

The items which made up total of \$598,600 are as follows:

Water works extension	\$490,000
Electric light	370,000
Cemetery	38,000

The total bonded debt of the city, (not including the item of \$398,000) is less than 3.8% of the assessed valuation. Omitting this item, it is less than 2% of the assessed valuation.

The funds derived from the sale of the bond issue in July 1919, amounting to \$1,321,000 were deposited in the four Lansing banks in equal proportion, \$321,000 being placed in commercial account, drawing 2% on daily balances and \$800,000 deposited in savings account for a period of not less than six months, drawing 4 per cent. On March 5th, \$400,000 was added to savings account, making a total on this date of \$1,200,000 producing an income for the city of \$4,000 per month. This amount will be materially reduced during the next five months, when construction work will be well under way.

PUBLIC WORKS AND ENGINEERS

Much has been done and a great deal of credit is due these departments for greater efficiency, thereby reducing costs and overhead expenses. Motorizing city sprinkling, providing for an improved and larger paving plant which should reduce costs when material costs get back somewhere near normal. Last year's paving totals I understand, were several thousand dollars under estimate, also the year before, while this department was handicapped by shortage of material under a large increased demand. As stated before costs will be increased at least one third on account of boosting of material costs.

POLICE DEPARTMENT

The police department has been largely increased the past year. While there was a difference of opinion in borrowing on next year's budget between your honorable body and myself for this purpose on account of need of better protection for our banks. The fire department has been improved by better equipment. The people also voted bonds for a new fire station at Sheridan and Pennsylvania. Your honorable body no doubt will complete the work of the new housing code which is ready to be taken up and passed, thereby complying with the National Fire Underwriters Association's request, keeping us in the low fire rate which will mean a big saving to the citizens of Lansing in insurance premiums. I would suggest a tightening of the reins by your body in regard to vice, and the improvement of the laws making Lansing a cleaner and better city.

CEMETERY, PARKS AND PLAY- GROUND

This board, through its organization, has accomplished much. The people voted bonds for the enlarging of the cemetery which was needed, I feel that

much more should be done with our parks and playgrounds. The thousands that visit them during the summer show the people's appreciation. Funds only, limit what can be done. Much honor is due many public spirited citizens who have aided in this work. Especial mention should be made of the Honorable J. H. Moores' gift the past year to this department in turning over to the city Moores' River Drive and Frances Park of practically seventy-five acres with ten thousand dollars immediately available, three thousand for Moores' Park improvement and seven thousand for Frances Park. In addition an amount which is estimated by the trust company from one hundred and fifty to two hundred thousand dollars. I would like to see bathing pools in Moores' park and Potter Park, also along Grand river where South street bridge is to be erected. The benefits to be derived for the small expenditure necessary cannot be counted in dollars and cents. The work done in regard to play grounds has done a world of good. The people who had this matter in charge cannot be given too much credit for what has been accomplished in their organized effort.

The bridge at Potter Park connecting the two sides will be completed in the near future. This will be a great benefit.

I wish to thank the management of the Keo, Olds, Michigan Screw, and any other companies who furnished band music in the parks. Much good has been done. Some of these bands have volunteered for this year. "Again thank you gentlemen."

CITY MARKET

This has done a lot of good which can only be gauged by the number of people who visit the market on the market days each week. Encouragement should be given to truck gardening around Lansing.

Many carloads of sea fish have been brought in and disposed of at greatly reduced prices the past winter. I would recommend that the sealer of weights and measures be put under the police department, taking it out of politics. Much complaint and a large amount of work has been necessary on account of shortage of weights reported.

GARBAGE DEPARTMENT

We have had many inquiries from citizens throughout the country in regard to Lansing's garbage disposal. A number of officials from Washington, D. C. have investigated the conservation of food waste as taken care of by the city of Lansing. Many thousands of dollars have been turned into the general fund. Much criticism, probably justly so, for lack of sufficient ground for the taking care of the same caused your honorable body to turn this proposition over to a chemical company and I hope they make a success of their proposition. Many cities of Ohio have changed to the piggery form of disposal which has great possibilities with proper equipment and the raising of your own pigs from an economical standpoint. Lansing is to get 50c per ton for garbage delivered at the reducing plant.

ELECTRIC LIGHT AND WATER WORKS

Lansing might well be proud of our municipally owned plant and what they have accomplished. Six years ago we were paying 10c a kilowatt for electricity. Today the people of Lansing are getting a \$.048 net rate. This brings the proposition home to every consumer. The two plants represent in conservative figures the valuation of three million, two hundred thousand with an annual income of one million, two hundred thousand. Too much credit and appreciation cannot be given to this board and what they are doing. Non-partisan and unpaid. They have not been able, on account of difficulty of getting material and labor, of keeping pace with the rapid growth of our city. The people of Lansing will be called upon in the near future to amend our charter so that this board will be put in a position to build a new power plant upon nine acres of land donated by the General Motors Company. The proposition is under way to spend a million and a half for building this plant. This will put the city in a position to take care of power needs at greatly reduced cost of production. Besides the benefits of increasing further growth of the city in the way of giving cheap power to new industries to move here. I would like to go further into detail along the line of public ownership and what it means to every city in our country. Lansing stands out alone. Hardly a state in the union that has not written, asking for information along this line. This does not increase your taxes one dollar but has reduced your expenses, and cost of living, and will reduce your costs and expenses much in the next few years. This board has taken over its only competitor and began operating the same the first of last September. This plant furnishes heat as well as electricity and should be brought up to the greatest efficiency possible, then when coal costs drop back to normal the people will get the benefit in heat and electricity over and above what is necessary to provide a sinking fund after taking care of bonding interests and operating expenses as well as depreciation.

BOARD OF HEALTH

This department is one of the most important in our administration. It has accomplished much under the trying epidemics that we have passed through in the past two years. The citizens of Lansing voted last July one hundred thousand dollars for a detention hospital which we are greatly in need of. I am sorry that your honorable body saw fit to stop going forward with the construction of this building as I feel that from information received from authentic sources the largely increased costs will be brought on the city unless it should be left for a term of years until costs are reduced.

A great deal has been accomplished in the different departments of this board. Considerable criticism has been offered. I hope the incoming administration will see fit to give all reasonable assistance to the city board of health and the work

that they are doing. It means much to the future of our city.

SEWERAGE

Much has been accomplished in planning ahead for a larger Lansing. Much remains to be done along this line as our sewerage system is nothing more or less than a patch-work. We should go forward with plans that will eventually take care of the sewage which will do away with the dumping of it into the river. Grand Rapids gets its drinking water from Grand river. They are prohibited by the state from dumping their sewage into the river. It is only a question of time when we will be prevented from emptying ours into the river. Experts tell us that we have an adequate supply of water from wells or can be gotten by sinking others. One sixth of the cost of sewers is taxed on the city at large. Many thousands of dollars are expended annually in carrying out this work. Hence the necessity for a well planned system well into the future so that the great expense of changing shall not be brought upon the taxpayers in a short period of time.

PUBLIC SCHOOLS

This department means everything to the future of our city and country. Large sums are spent annually by this board. The people have expressed great confidence in its judgment many times by granting, by small attendance at annual meetings, large budgets. The past winter's tax representing one of them. In going over records I find that the school attendance has increased one hundred per cent in the last four years. I am also informed that next winter's school tax, on account of the increased salaries of school teachers and the necessary branching out, increased cost of equipment and so forth, that the tax will be nearly if not equal the coming winter to what it was the last. The new law adopted by vote of the people April 6th will not take effect until a year from next July. Otherwise, under present valuation of the city as had been stated before, there would be a deficit of over two hundred thousand dollars in current expenses. As we are confined to a twelve mill tax of the assessed valuation. This will necessitate the heavy tax the coming winter and school building under the new law, we can build without the vote of the people two per cent of the assessed valuation, or by vote of the people five per cent for public buildings. Under the present law they are limited to fifty thousand bonded indebtedness.

The schools have forty garden clubs well organized, representing nearly 2,500 children with one thousand dollars in prizes offered. This is educational as well as increasing production. The great need is home gardens. On this too great stress cannot be placed.

I am informed, gentlemen of the council, that the state tax commission, notwithstanding the fact that you turned down their suggestion last winter, have got a crew of men working in the city and county. I hope they will be able to make a detailed assessment in Ingham county so that all property will be placed on an equal basis and bear its

just burden of taxation. This, without doubt will probably about double Lansing's assessed valuation as well as a large increase in the country. This should reduce the taxes to a large degree per one thousand assessed valuation. In the past few years the state equalization board has added thirty millions to the assessed valuation of Lansing regardless of our assessment. Hence the burden of the taxes for this amount was unjustly spread.

PUBLIC UTILITIES

Through the action of the supreme court in its decision just rendered, the referendum to the people being denied, the gas rate is left up to the public utilities commission. Without offering as a matter of record any criticism on the action of your honorable body or the utilities commission in leading up to the present situation. That is a matter of record and is for the people to pass judgment upon. I fought for what in my judgment, I considered to be the best for the largest number of people. I only hope that the public utilities commission, through their findings, will give the citizens of Lansing what they will be able to call "common justice." I still feel the only solution of the gas controversy in Lansing is for the municipal ownership of this plant. We will now have to reckon, if taken over, with more than tangible value of the same.

STREET RAILWAY

This matter has been through the courts, through action of the Michigan Railway and decided in favor of the city. The council, over veto, granted by consent of the public, a straight six cent fare. They should be made to comply with their agreement. The one great need in Lansing today is adequate street car service which I feel in getting the co-operation of the employees goes far in carrying out their agreement of giving their men a fair wage. Also in their double tracking Michigan avenue to the Baker switch which they claim was necessary. The material is on the ground for completing the Olds loop taking care of several thousand employees in that part of the city. It has been the habit in the past of this company stalling off the conditions to an agreement. The present situation in my judgment, will not permit of this being done at the present time, with the receipts of this company in the city of Lansing practically trebled in the last year or so. We should not be expected or called upon to bolster up a system that was brought about either by high finance or what otherwise might be termed lack of good management.

Gentlemen of the council, you have the whip hand. It is up to you if necessary, to use it in order to get quick action which the people are entitled to and which the receipts in the city of Lansing will warrant at this time from the Michigan Railway.

HOUSING SITUATION

This is one of the most serious problems Lansing confronts today. The banks and mortgage companies are not

doing what they should for the reason that instead of getting six and seven per cent on mortgages, they are employing their surplus capital on automobile and other short term paper at a four or five times greater return. The houses needed are what the ordinary laboring man can buy and be able to pay for. "Man will fight for his home, but not for a boarding house."

ONE FUTURE PROBLEM, "A MEMORIAL"

A committee of fifteen citizens was appointed for this purpose, representing every interest in Lansing. This matter should take some form and be carried forward to completion.

In closing, there are many other needs I would like to have touched upon or gone into a greater detail, but most of you are conversant with them.

Thanking you for your support and co-operation in the past and assuring you and the citizens of Lansing not only of my continued interest in the welfare of the city by my willingness at any time, and in any way, to be of service and also taking this opportunity of thanking the citizens of Lansing for the great honor they did me in electing me twice mayor of Lansing, I remain,

Very truly yours,

J. W. FERLE,

Mayor.

To the Honorable Mayor and City Council:

Gentlemen:

During the past eight months the city has carried \$5,000 insurance against burglary, holdup and messenger, in city treasurer's office and I would recommend that same be continued for the next two years, providing the company will allow the city a discount on second year's premium. I would also recommend that the amount be increased to \$8,000.

It would seem advisable to place three clerks in the treasurer's office under bond. Two at \$10,000 each and one at \$5,000. This matter has been taken up with the city treasurer and meets with her approval.

Respectfully yours,

F. H. PRESLEY,

City Comptroller.

Referred to committee on Ways and Means.

To the Committee on City Affairs:

In accordance with instructions from the council I examined the platform scales at the city market on Tuesday, April 27, 1920.

The State Dairy and Food Department sent their Mr. C. E. Wood to be present and to take part in the inspection.

The scales are Standard Platform scales, manufactured by the Standard Scale Company of Pittsburg, Pennsylvania, installed in 1914. They have a capacity for weighing 30,000 pounds or 15 tons without the use of weights on the weighing beam.

The scales consist of a platform built up out of I beams with a wooden floor. Underneath this platform are four large levers. Loads are transmitted to these large levers from the four corners of the platform through pivots. The large levers transmit the load to a smaller lever

located under the floor of the weigh-house. From there the load is transmitted through a vertical rod to the beam above the floor of the weigh-house on which the weight is read. The three sets of levers and beams are so arranged that the necessary heavy construction is located under the scales and the lighter construction is possible in the house.

After the scales are once properly installed there are two conditions that would affect their accuracy. The application of some external force or the dislocation of some pivotal point where the load is transmitted from the platform to the lever or from lever to beam.

Rust or wear would make them less sensitive.

We removed plank from each end of the platform, jacked up each corner of the platform and examined closely every pivotal point on every lever and beam. The pivotal points are all somewhat worn and rusted.

One pivot was out of the seat provided for it and we placed it back where it belonged. It is hard to understand how an expert scale man could miss this point, when an inspection of the scales was made.

The spring on the top poise on the beam is weak so that the person doing the weighing must exercise care to see that the top poise is exactly in its proper position.

We next tested the scales with standard weights from 10 pounds to 2,000 pounds and then by loading the scales with several different trucks and then adding standard weights until a load of 20,900 pounds was on the scales. Various corners and points on the platform were thus tested. The greatest discrepancy that we could find was 15 pounds.

The scales were not sensitive to five pounds change in weight but they were sensitive to a ten pound change in weight.

Because the scales are exposed to the weather and, therefore, subject to temperature changes and because the amount of moisture in the plank floor affects the weight, the scales must be balanced for each weighing.

The instructions for Weights and Measure Officials of the State of Michigan allow a greater variation in excess or deficiency when fully loaded of twenty-five pounds for a scale of 15 tons capacity.

I would recommend that the scales be thoroughly overhauled and repainted and that they be protected from the weather. Careful, thorough inspections should be made more frequently, at least twice a year, and the results made a matter of public record.

No attempt should be made to certify to the weights of loads on the city scales to an accuracy closer than fifteen pounds.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the salaries or compensations, recommended by salary committee, be and the same are hereby fixed as recommended by said committee.

To the Honorable: The Mayor and Members of the City Council: Gentlemen:

We the Chief of Police and City Attorney, to whom was referred for investigation the matter of the removal of gravel from the end of Ormond street, beg leave to report as follows:

We have made an investigation into this matter, examining several witnesses, from some of whom we have procured affidavits which are hereto attached.

While the resolution passed by your honorable body directed that if persons were guilty of unlawfully removing gravel from said street that they be prosecuted, yet, we believe, a situation has developed which requires that we should report the facts asking for further directions as to what, in the judgment of your honorable body, should be done.

From the investigation made it appears that considerable gravel has been taken out from the east end of Ormond street. The manhole near the end of the sewer in that street has been taken out entirely and several feet of sewer removed; the hole in the street being approximately 10 or 15 feet below the level of the sewer.

We find that on or about the 15th day of July, 1919, William Riley was employed by Louis Neller to haul gravel from this point, which gravel was delivered to the city of Lansing for the construction of sidewalks on Franklin Park Subdivision, which subdivision is owned by the Lansing Real Estate company, of which Mr. Neller, according to his statement, was formerly a stockholder, but at that time claims to have been representing it as its agent; his brother, Andrew Neller being a stockholder, succeeding to the interest of Louis Neller in said company. Also, John McClellan was a stockholder and vice-president of this company. At first Mr. Riley was directed to get the gravel about two blocks south of Ormond street, but it developed that the gravel from this point was not fit for the use of sidewalk construction, and that thereafter the said Riley was directed by Mr. Neller to take the gravel from the east end of Ormond street; that the remainder of all gravel furnished for said sidewalks was taken from this point

and its immediate vicinity, approximating — loads.

Mr. Neller agreed with Mr. Riley to pay him a price ranging from 85c to \$1.10 per load for drawing said gravel, and such amounts were paid to Mr. Riley by Mr. Neller personally, but at the request of Mr. Neller Mr. Riley went to the office of the city clerk and there signed and swore to a statement for the first 300 loads of gravel furnished, as he also did upon one other occasion, but did not appear personally and sign and swear to more than two of the statements. After his claims had been approved by the council and when the vouchers were ready Mr. Riley was informed of the fact by Mr. Neller, and went with him again to the office of the city clerk and there without examining them, endorsed in blank certain of these vouchers, though not all of them and immediately delivered them to Mr. Riley by whom they were cashed. Mr. Riley stated in doing so he understood he was merely going through a formality necessary to enable Mr. Neller to procure the money.

We have procured an affidavit of Mr. William Riley, substantially stating the facts as above outlined.

We also call your attention to the corroborating affidavit of Warren Riley, brother of William Riley, who states (in his affidavit) that during the month of July, 1919, he was engaged in the removal of gravel for use in building sidewalks on Franklin Park Subdivision; that all of said work was done under the personal direction of Louis Neller; that the statements made by his brother William, in connection with said matter are true.

The affidavit of Edward Schneeberger shows that he was employed by the city of Lansing as a builder of sidewalk during the summer of 1919, and that in the course of his employment he built sidewalk on Franklin Park Subdivision; that during the time said work was being built in said subdivision Louis Neller visited the place where the work was being done at least once each working day; that he had conversations with Louis Neller at said place; that at the beginning of the work said Louis Neller told him that he was furnishing the gravel for the building of said sidewalks; that he had hired certain teamsters, one by the name of Riley, to draw it for him; and that the gravel was furnished for said work under the direction of said Louis Neller.

The affidavit of Cecil Kenter shows that he was engaged in the business of buying and selling gravel to the city of Lansing; that he does not own any private supply and depends entirely upon filling his orders from purchases from private pits; that on or about March 1, 1920, he had an order for gravel from the Christman company for delivery at the plant of the Novo Engine Company, no specific amount being named in the order, but he actually delivered 140 loads, aggregating 220 1-3 yards; that in addition to the amount of gravel so taken and delivered 17 loads, aggregating 26 1/4 yards were delivered to the American Chemical and By-Products company, which company is building a garbage disposal plant north of the city and which is to dispose of the garbage

collected in the city of Lansing; that all of said gravel so taken and delivered was procured at the foot of Ormond street upon the direction of Louis Neller; that he paid Louis Neller in cash \$56.00 in settlement for 140 loads of gravel used at the plant of the Novo Engine company; that the 17 loads delivered to the American Chemical and By-Products company has not yet been settled for.

In this connection we call your attention to the affidavit of M. Lechlitter, which is corroborative of the delivery of the gravel to the Christman company at the plant of the Novo Engine Works.

We have examined the original statements made to the city of Lansing in the name of William Riley, which statements have all been o.k'd by the committee on claims and accounts, certified by the city comptroller and authorized to be paid by the city council as follows:

No. 8051, for the sum of \$330.00, allowed July 28, 1919, for 200 loads of gravel for sidewalk in the first ward, at \$1.65 a load, signed by William Riley on the 28th day of July, 1919, before J. A. Parsons, city clerk.

No. 8222, for the sum of \$210.48 allowed August 11, 1919, for 101 loads of gravel at \$1.68 a load, and 48 loads of fill at 85c a load, for sidewalk construction, signed by William Riley. This statement has the name of J. A. Parsons, as city clerk, but under that the initials M. D., and is not in the handwriting of Mr. Parsons and not dated. This statement is not legal and any claims so executed and sworn to should not have been passed by the committee on claims and accounts for that reason. This statement is o.k'd by A. Winegar, superintendent of public works, certified by J. E. Pratt, deputy comptroller, and approved by O. C. Howe and E. H. Ward.

No. 8262, for the sum of \$223.31, allowed August 11, 1919, for 97 loads of gravel at \$1.68, 71 loads of fill at 85c a load, signed by William Riley, and sworn to on the 4th day of August, 1919, before J. A. Parsons, city clerk. We call your attention to the notary stamp on this statement as my commission expires Dec. 20, 1922, which is the date of expiration of the notarial commission of Miss Laura R. Talbot.

No. 8378, in the sum of \$168.58, allowed August 18, 1919, for 71 loads of gravel at \$1.68, 51 loads of fill at 85c per load, signed by William Riley, per Louis Neller, sworn to on the 15th day of August, 1919, before Laura R. Talbot, notary public.

No. 8454, for the sum of \$138.06, allowed August 25, 1919, for 67 loads of gravel at \$1.68 and 30 loads of fill at 85c per load, signed by William Riley, per Louis Neller, sworn to before Laura R. Talbot on the 22nd day of August, 1919. These statements in the aggregate amount to \$1,070.43.

We call your attention to the corresponding city vouchers for the several sums of money, all drawn to the order of William Riley:—Order No. 8051 for \$330 endorsed in blank on the back William Riley.

Order No. 8222 for \$210.48 endorsed the same, order No. 8262 for \$223.31 endorsed the same, order No. 8378 for \$168.58 with

two endorsements, evidently an attempt to write the name William Riley the first of which an attempt was made to spell the name Riley with two l's instead of one, No. 8454, for \$138.06 endorsed William Riley, per Louis Neller. All of these orders were paid at the Capital National Bank. All of these orders were cashed by Mr. Neller.

We also call attention to the significant feature in regard to these statements. They are all made on the basis of the price per load instead of a price per yard of gravel delivered which is customary in purchasing gravel for city purposes; that Mr. Riley was paid on the same basis of so much per load drawing gravel; that all of the gravel was checked by Mr. Neller's statement of the amount delivered.

After making this investigation and ascertaining these facts from different sources we requested Mr. Neller to appear that we might examine him on some of these matters. Mr. Neller and Alderman John McClellan appeared in the office of the chief of police on Saturday morning, May 1, 1920. No written statement was taken from either Mr. Neller or Mr. McClellan, but we went into the matter very carefully. Mr. Neller admits that he made arrangements with the superintendent of public works for the delivery of the gravel to the city for the purpose of sidewalk construction, and admits negotiating with William Riley, but contends that he was selling the gravel to Mr. Riley instead of employing Mr. Riley to haul the gravel for him, but he says that he paid Mr. Riley for his part of the transaction, or so much per load for hauling it; that he, Mr. Neller, took the difference between the cost of hauling the gravel and the price at which it was sold; that he turned this money over to the Lansing Real Estate Co., which company he claims to have been representing at this time as its agents in this transaction. Mr. Neller admits that he at least had a portion of the orders cashed at the Capital National Bank; that all of said orders were cashed at said bank; that he looked after the matter entirely in seeing that the gravel was delivered to the city and statements were made to the city for the same, that the vouchers were drawn and the same paid for in the regular course of business. He says Mr. Riley hauled some gravel from this point for the Lansing Real Estate Company; that for the portion of the gravel hauled for the Lansing Real Estate Company he was paid so much per load; that as far as the amount of money William Riley received he received the same for the gravel he delivered to the Lansing Real Estate Company as for the gravel he hauled and delivered for the city; that he, Neller, received the difference between the cost of hauling the same and the price paid for the gravel which he claims he turned over to the Lansing Real Estate Company.

Alderman McClellan said he knew the gravel was being taken from this point and was being delivered to the city; that he took particular pains to advise Louis Neller that their company could not sell gravel to the city on account of his being a member of the city council; that

Louis Neller advised him they were selling gravel to William Riley and not to the city; that as far as he knows the money procured from the sale of gravel was turned over to his company.

At first Mr. Neller contended he did not know the gravel was being taken from the street, but he did admit that the gravel was taken from the point at which the manhole was constructed; that evidently the same was entirely torn down; that he, under the direction of Judge Porter, removed the brick from the manhole and laid them out on the bank, also a few sections of the sewer, and when questioned as to whether or not this did not apprise him of the fact that they were taking gravel from the street he replied in substance, "yes I presume it did."

Before the investigation was made by us and immediately on the passage of the resolution in the council Mr. Neller stated to the chief of police that he had better proceed with some care, as an investigation might disclose that a member of the Board of Police and Fire Commissioners, meaning Mr. F. L. Young, would be involved. We desire to say we have inquired into the matter very carefully, examining the teamsters hauling gravel for Mr. Young, also those hauling from the Lansing Real Estate Company, and they say they had specific instructions both from Mr. and Mrs. Young to stay away from the west line of the Young Ethers' pit so as not to disturb the east line of Ormond street. From our investigation it is our opinion that Mr. Young had nothing whatever to do with taking any gravel from Ormond street, and if any gravel was taken from Ormond street it was done without any authorization from him whatsoever.

If the facts are as stated in the affidavits procured, and we have no reason to doubt their correctness, it would show that Louis Neller, either representing himself or the Lansing Real Estate Company caused to be taken gravel from the east end of Ormond street, and sold it to the city for the sum of \$1,070.43.

The city, as a municipal corporation has the right to use the gravel in any street for the purpose or repairing the street or using the same for street purposes. To this extent the city has a qualified interest and ownership in the gravel in any street in the city. The removal of this gravel and making this large hole in the street constitutes a nuisance, and the city is under obligation to remove the same. The hole made by the removal of this gravel will have to be filled before this street can be used for street purposes. It has been dedicated to the public and the public has the right to use it as a street. Therefore, because of this unauthorized removal of this gravel, thereby creating a nuisance in the city, the city could legally proceed against the persons creating the nuisance for damage to the city and the loss to the city for the value of the gravel taken.

In addition to the creation of a nuisance and the loss to the city in the taking of the gravel Mr. Neller in connection with this transaction, he being a member of the city council at the time, brings himself within section 53 of the

city charter, which reads: "No member of the city council * * * shall be interested in any contract with the city." Mr. Neller was certainly interested in this contract, interested to the extent of procuring the money received from the sale of the gravel to the city, which makes him liable, criminally under this section of the charter; the penalty being fixed in this section of the charter as follows:

"Any member of the city council or other officer violating the provisions of this section shall, upon conviction thereof, be fined not less than one hundred nor more than five hundred dollars, or be imprisoned for not less than thirty days nor more than one year, or both such fine and imprisonment within the discretion of the court."

Conviction of any alderman or official under this section shall operate in itself to forfeit his office.

As to whether the fact that Alderman John McClellan was at the time an officer of the Lansing Real Estate Company and a member of the city council participating in whatever benefit may have accrued to the company, taken in connection with his personal knowledge of the fact that the gravel was being removed from the place which is now determined to be within the boundary of Ormond street, and used by the city should warrant an investigation, we leave to your Honorable Body to determine.

Respectfully submitted,

ALFRED SEYMOUR,
Chief of Police.
SAMUEL H. RHOADS,
City Attorney.

Dated Lansing, Michigan, this 3rd day of May, 1920.

State of Michigan, County of Ingham—ss.

William Riley, being first duly sworn, deposes and says that he is a resident of the city of Lansing, Ingham county, Michigan, and has resided in said city since June, 1919; that on or about the 6th or 7th day of July, 1919, this deponent was approached by Louis Neller of the city of Lansing and asked to undertake the work of moving some gravel in the north part of said city; that thereafter on or about the 15th day of July, 1919, this deponent and his brother, Warren Riley and his nephew, Edward Collins, went to a point about two blocks south of Ormond street in the city of Lansing, and began hauling gravel to be used for sidewalks on Franklin Park Subdivision in said city of Lansing and thereafter it was determined that the gravel obtainable at the point mentioned was not fit for the use for which it was designated, and that accordingly the deponent together with those working with him was directed by said Louis Neller to remove the gravel from a point at the foot of Ormond st.; that at the time these directions were given the boundary line of property belonging to one F. L. Young was pointed out and instructions given not to work beyond that line. At that time there was visible above the surface of the earth what appeared to be a catch basin used in connection with street sewers which

then protruded a distance of 12 or 14 inches above the surface of the ground; that the parties drawing gravel were instructed by said Louis Neller to remove the gravel from the vicinity of said catch basin, but were cautioned not to disturb the catch basin itself.

Deponent further says, acting upon the instructions given, operations were continued, and the remainder of all gravel furnished for said sidewalks was taken from that point and its immediate vicinity with the exception of 12 or 15 loads obtained from the pit of F. L. Young.

This deponent further says that in all of these operations he was acting under the personal direction of said Louis Neller and received in payment for the labor performed not to exceed \$1.10 for every load so moved; that the amounts received were paid this deponent by Mr. Neller personally, and that thereafter it was the request of Mr. Neller that he sign a statement for the gravel furnished with the understanding that such statement was to be presented to the city council of the city of Lansing for payment, and that upon receipt of the voucher in payment therefor it was to be endorsed to Mr. Neller to reimburse him for the money theretofore paid; that accordingly this deponent did thereafter, at the request of said Louis Neller, go to the office of the clerk of the city of Lansing, and there signed and swore to a statement of gravel furnished for the purposes aforesaid. This deponent says, however, that when he did so he understood that he was merely going through a formality necessary in order to reimburse Mr. Neller; that he was unable to read the exact figures specified by reason of the fact that he did not have his glasses with him and could not make it out without their aid; that he was told the number of loads had been furnished, but that further he was unfamiliar with the contents of the statement; that thereafter deponent was informed by Mr. Neller that the checks in payment for the gravel were ready. He went with Mr. Neller, in the latter's automobile to the office of the clerk of the city of Lansing, where the checks were presented to him and that without examining them as to amounts he endorsed them and delivered them to Mr. Neller.

Deponent further says in all his dealings with regard to the removal of said gravel he acted in entire good faith, understanding and believing that said Louis Neller had authority to order the work done.

And further this deponent says not.

County of Ingham

Cecil Kenter, being first duly sworn, deposes and says that he is engaged in the business of buying and selling gravel within the city of Lansing, Ingham county, state of Michigan; that he owns no private gravel supply and depends upon filling his orders as he receives them by the purchase of gravel from private pits.

That on or about March 1, 1920, he had an order for gravel from the Christman Company, Contractors, having offices within the city of Lansing, which gravel he delivered at the plant of the Novo Engine company, in the city of Lansing; that no specific amount of gravel was named in said order, but upon delivery of the gravel procured, as hereinafter stated, it developed that 140 loads, aggregating 220 1-3 yards were delivered at the plant of the said Novo Engine company; and that in addition to the amount of gravel so taken and delivered, 17 loads aggregating 25 1-2 yards of gravel were delivered at the plant of the American Chemical Products company, and that all of said gravel so taken and delivered was procured at the foot of Ormond street, within the city of Lansing, upon the direction of one Louis Neller; and that this deponent has paid to said Louis Neller in cash the sum of fifty-six (\$56) dollars in settlement for said 140 loads of gravel, and that for the remaining 17 loads no payment has been made.

This deponent further says that he has this day made examination of the premises from which said gravel was taken after stakes had been set showing the limits of said Ormond street, and that he now finds from said examination, relying upon the position of the stakes showing the boundaries of said Ormond street, that all of said gravel was taken from within the limits of, and had formed a part of the ground dedicated to the city of Lansing for street purposes, and known as Ormond street.

Dated April 28, 1920.

To Whom It May Concern:

This is to certify that I, M. Lechlitrner am a representative from the Auditing department of the M. Christman Co., whose offices are located in the Porter Apartments, corner of Townsend and Lenawee streets, in the city of Lansing, and wish to state that on April 6, 1920, we purchased from the C. H. Kenter Gravel company 220 1-3 yards of gravel at one dollar and fifty-five cents (\$1.55) per yard. This gravel was delivered to the Novo Engine company. We issued a check to the C. H. Kenter Gravel company for three hundred and forty-one dollars and fifty-one cents (\$341.51), and I desire to state that I am making the above statement knowing the same to be the truth, without any promises from any one.

Dated Lansing, Mich., April 28, 1920.

By Ald. Fowler—

That this matter be referred to the city attorney and he to begin prosecution.

Ald. Avery moved as a substitute motion, that the matter be referred to the city attorney and he to report to the council at next meeting.

Carried.

The committee on city affairs, city engineer and superintendent of public works to whom was referred the communication regarding the condition of the platform scales at the city market, begs leave to report as follows:

We submit herewith a report of an examination of the scales made by the city engineer.

Because the scales are used for weighing heavy loads and because no other public scales of such large capacity are available we recommend that they be continued in use but that all slips certifying the weights of load be marked "correct within fifteen pounds," until such time when they can be properly overhauled.

We recommend that the city engineer be instructed to have the scales thoroughly overhauled and painted, and that plans and an estimate of cost be prepared for protecting the scales from the weather.

We further recommend that plans and an estimate of cost be prepared for rebuilding the present office and providing toilet facilities at the city market.

Respectfully submitted,

L. H. BROWN

A. H. DOUGHTY

C. H. BURGESS

tracts to old city limits, 2-3 of cost to be paid by city and 1-3 assessed to abutting property and tax spread in five equal annual payments.

Referred to committee on streets.

A communication was received from J. F. Collins, general manager of Michigan Railway Co., requesting that a hearing be given them in the matter of fare as it was impossible to continue on present price.

On motion of Ald. Britten the matter was referred to the committee on street railway.

To the Honorable Mayor and City Council of the City of Lansing:
Gentlemen:

In consideration of being released from the necessity of immediately beginning the grading for paving of Barnes avenue from Washington avenue to Beal avenue we wish to inform you that it is agreeable to us to have the council rescind the resolution awarding us the contract for the grading of said street.

Owing to the fact that we have a large amount of work under way at this time that we cannot leave now, one of the jobs being the grading for paving of Cedar street, we cannot do this work as soon as the city engineer wants it done.

In making this proposition it is understood that we will make no claims for damages on account of our not doing this work.

Respectfully,
BROWN-GORDON CO.
C. J. Gordon, Supt.

Received and placed on file.

By Ald. Britten—

That the resolution awarding contract for excavation for paving Barnes ave. from Washington avenue to Beal ave. to the Brown-Gordon Company be and the same is hereby rescinded.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Doughty, Dymond, Eddy, Fowler, Gross, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

To the Honorable Mayor and City Council of the City of Lansing, Mich.:

We hereby propose to furnish all the labor and do all the work of excavating for paving of Barnes avenue from Washington avenue to Beal avenue in the city of Lansing, according to the plans and specifications on file in the office of the city engineer for the sum of three thousand eight hundred fifty-seven dollars and 40 cents (\$3,857.40) with 90 cents per cubic yard for extra excavation due to change of plans at Washington ave.

And we hereby agree to enter into a contract within five (5) days after the award is confirmed by the city council, and to complete the work on or before the date named in the specifications, and further agree to complete the work within working days, and for each and every working day in excess of working days required by us

to complete said work we do hereby agree to the deduction of a reasonable amount paid by the city of Lansing for necessary inspection from any money due us. In default of any of the conditions to be performed on our part, the deposit (or certified check) made by us herewith, shall at the option of the city of Lansing, be declared absolutely forfeited to the city of Lansing, but otherwise the said sum (or check) shall be returnable to us at the execution of the contract.

Dated at Lansing, the 10th day of May 1920.

GOHR BROS. CONTRACTING CO.

John F. Gohr.

Room 2, Porter Bldg., Lansing, Mich.
By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the bid of Gohr Bros. Contracting Co. for the excavating for the paving of Barnes avenue from Washington avenue to Beal avenue for the sum of \$3857.40 being the best and lowest bid, that same be and hereby is accepted, and be it further resolved that the mayor and city clerk be directed to execute a contract with the said Gohr Bros. Contracting Co. in behalf of the city of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of city clerk in accordance with section 92 of city charter.

Mr. Severance spoke in regard to grade at his property on Saginaw street east, from Grand avenue to the bridge.

By Ald. Leonard—

That the committee on streets and city attorney do all in their power to lessen the grievance at this point.

Carried.

Hon. Mayor and City Council.

Gentlemen:

Because of the statements concerning myself made in the report to this council last Monday night, in relation to the taking of gravel from Ormund street, I feel in justice to the city and myself that my doings in that matter be fully investigated. I therefore ask this council to authorize the mayor to appoint a committee to make such investigation.

JOHN MCCLELLAN.

By Ald. Doughty—

That prayer of petitioner be granted.

Carried.

By Ald. Howe—

That the committee consist of all the aldermen except Ald. McClellan.

Carried.

To the Honorable Mayor and City Council of the city of Lansing.

Gentlemen:

The undersigned has not yet had opportunity to present in any formal way any defense to the charges and insinuations made against him in a recent report to the city council pertaining to the gravel matter and the affidavits filed in connection therewith.

Without going into detail, I wish to state at this time that the affidavits referred to are so drawn as not to con-

tain, in many instances, all of the facts known to the makers of such affidavits and further that if all of the facts known to the several affiants were fully and completely stated, I believe I would be exonerated from the imputations contained in the report.

Further allow me to state that the fact is that I never directly or indirectly received one cent from the sale of any gravel taken from the plat of the Lansing Realty Company by William Riley or any other person whether the gravel was sold to the city of Lansing or to private parties, the fact being in connection with the transactions referred to in said report that William Riley was the agent of the Lansing Realty Company and of no one else in that connection and as far as I know there was never any other or different understanding pertaining to that subject matter.

And I further state in this respect that as far as I am informed said Riley at all of the times mentioned had the exclusive sale of the gravel from the pits of the Lansing Realty Company and was in charge thereof in his own right.

And further that in taking gravel from the plat of the Lansing Realty Company and disposing of the same, said Riley was accountable to the Lansing Realty Company and no one else.

I further state in this regard that the reflections against my honesty in connection with this matter are unjust and I believe unwarranted, and I further say that I believe that an unbiased, full and complete investigation of all of the facts and circumstances will justify my assertion of innocence in this connection.

Of course if proceedings are begun against me, I expect to be in a position to vindicate myself but as yet I have had no opportunity of meeting the charges made against me in any formal or thorough way.

Respectfully yours,

Signed LOUIS NELLER.

Dated at Lansing, Michigan this 10th day of May, 1920.

REPORTS OF CITY OFFICERS

To the Honorable: The Mayor and Members of the City Council. Gentlemen.

In Re: Louis Neller.

This matter having been referred to me at the last meeting of the council, I beg leave to report that I have carefully read and considered the report made by the chief of police and Mr. Rhoads, and have also made some further investigation of the matter. It is my opinion, from what I have been able to gather in relation to this matter, from said report and otherwise:

First, that some person or persons removed a large amount of gravel and earth from the east end of Ormond st.

Second, that owing to the line of the street and position of the catch basin and sewers thereon that the same was removed with full knowledge of the fact that the same was within the street limits.

Third, that the evidence adduced shows that the same, or part of the same, was removed under the direction of Mr. Louis Neller.

Fourth, that considerable of this was sold to the city of Lansing for the purpose of building sidewalks.

Fifth, from the statements referred to and the statement made to me by Louis Neller personally, either he or the Lansing Real Estate Company, or both, are liable in damages to the city of Lansing to the amount of gravel which can be proven was taken therefrom, as stated in the report of the chief of police and city attorney.

Sixth, owing to the fact that the sand and gravel was sold to the city of Lansing to be used in sidewalks on Franklin Park Subdivision, and the said sidewalks being made and built by the city, I am of the opinion that Mr. Neller, whether

acting for himself or as agent for the Lansing Real Estate Company, would be guilty of a violation of Section 53 of the charter of the city of Lansing.

Respectfully submitted.

D. G. F. WARNER,
City Attorney.

By Ald. Leonard—

That the communication be received and placed on file and the city attorney take steps to prosecute and recover.

Ald. Howe offered as a substitute, that the matter be referred to all the aldermen except Ald. McClellan to investigate.
Carried.

By Ald. Avery—

That on Wednesday next, the aldermen meet at 1 o'clock to view the premises in question and return to the council chamber to organize and elect a presiding officer for investigation of this matter on Ormond street.

Carried.

CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, notice to taxpayers and persons interested in the construction of 130 feet of sewer in Lenawee street from sewer in Huron street to west 130 ft. in the 19th sewer and drain district of the city of Lansing, having been duly given as required by the charter of said city, and the said city council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said city council that such sewer is a necessary public improvement; and it is determined by such city council to construct the same as originally set forth in a resolution adopted by such city council on the 26th day of April A. D. 1920, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the city engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the city clerk, and it is further resolved, that the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said city council, for the construction of said sewer passed upon the 3d day of May A. D. 1920, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$142.20 of which one-sixth or \$23.70 shall be paid from the general sewer fund and the remainder or \$118.50, shall be defrayed by special assessment, upon all the taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the city assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

To the Honorable, the Mayor and City Council:
Gentlemen:

Your committee on sewers respectfully recommend that an item of \$12,000 be placed in the budget for the purpose of preparing a comprehensive sewer plan for the city. This would assure us that the sewers built at this time will serve future needs and that they will work in with a sewage disposal plant should that be necessary later.

That the report be adopted and referred to committee on ways and means.
Carried.

The council of the city of Lansing did on to-wit the 15th day of December, 1919, by proper resolution, regularly adopted, declare and deem it to be a necessary public improvement to open and extend East Park Terrace from the north end of said street to May street in the city of Lansing and

Whereas, it was further deemed necessary for the purpose to take without consent of the owners therefor certain private property, to-wit: The east 31.5 feet of lot 11 of block 2 of Prine's subdivision of Lansing; and the west 3.5 feet of lot 12 of block 2 of Prine's Addition to the city of Lansing; and

Whereas, the above matter was referred to a committee and they beg leave to report that they have negotiated with the owners of said property that is necessary for the extension of said street, and that they are able to purchase the property described as the east 31.5 feet of lot 11 of blocks 2 for \$2,500.00; and the west 3.5 feet of lot 12 of block 2 in said addition for \$262.50; and further that they have secured the abstracts of said property and had them examined by the city attorney and approved, and therefore recommend that the proposition be accepted, and that the city clerk be authorized to draw an order for said amount to the owners thereof for said property. That the expense thereof be defrayed by a special assessment, as provided for in and by said resolution adopted by this council December 15, 1919.

Resolved by the city council of the city of Lansing:

That whereas, there exists to the knowledge of the mayor and members of this council as well as the citizens generally of the city of Lansing of the alarming shortage of fuel supply, and

Whereas, the conditions at the present time are of such a character as to demand immediate attention by the congress of the United States, that the conditions existing here, and as we understand exist very generally over this state, if not throughout the country, and that unless some immediate action is taken by the congress of the United States to conserve to the people of this country generally a supply of fuel that there will be such a shortage of fuel further on that will cause untold suffering to the people and serious injury to property interests and

Whereas, we believe it is within the power of the congress to take such necessary action that will materially aid this situation and we earnestly believe that unless immediate action is taken to accomplish forthwith some positive action that untold suffering and great loss to property interests as above stated will necessarily follow; therefore,

First, be it resolved by this city council that the United States Government shall without delay place an embargo on fuel, especially coal, now being shipped to foreign markets in such quantities as materially affects the home supply and prices of coal not only in the city of Lansing and throughout this state, but generally throughout the country as we are advised and believe to be true.

Second, be it further resolved that the interstate commerce commission should immediately take such action under the direction of congress as necessary to prevent fuel and especially coal being shipped in such quantities as will render the supply of coal inadequate for the uses of home consumption, and further,

Be it resolved that the proper authorities be required under the direction of the congress of the United States to take such action as may be necessary to regulate without delay the uses to which cars intended for the shipment of fuel and especially of coal be used, for the reason that it has come officially to our attention that cars are being constantly used for various other purposes and especially in the shipment of automobiles, road materials, building supplies and other miscellaneous items. That we have as authority for this statement the Lansing Coal Exchange, representing the several coal dealers of the city of Lansing, and further such coal dealers are being advised by Eastern coal producing companies that one of the principal difficulties is the fact that they are unable to secure coal cars for the shipment of coal for the reason that they are diverted as above stated.

Be it further resolved that it is the opinion and judgment of the mayor of this city and the members of the city council and the coal dealers generally and many of the large consumers of coal that in view of the unprecedented advances at the present time over the prices of less than one year ago, ranging from two to four dollars per ton that unless some action is at once taken to prevent this abnormal and unprecedented advance in the price of coal that result will be prohibitory to a very large number of the citizens in the city of Lansing and other sections of this state, as well, as we believe, the country generally.

We therefore appeal to our members of congress to take immediate action to prevent such a catastrophe as has been pointed out in the foregoing preamble and resolutions. That the people today are being wronged unjustly and outrageously in the prices that the local dealers are required to charge for coal under the conditions existing and we therefore respectfully demand that every action possible be taken without a moment of unnecessary delay to provide immediate relief from the conditions now existing and that are sure to confront the people further on.

The committee of fifteen councilmen to whom was referred the matter of the removal of gravel from Ormond street and undermining of the manhole and sewer in said street begs leave to report as follows:

After a very careful investigation, we find that much gravel has been removed from said street, and the manhole and a portion of the sewer removed.

We further find that numerous persons, as well as one corporation at least are responsible for the trespass, viz. Ex-Ald. Louis Neller, Frank Young, Young, Brothers & Daley, Lansing Realty Company, William Riley, Cecil Kenter, one Courtright and others.

We accordingly recommend that the city attorney be directed to adjust the loss to the city or to bring such action as he may deem necessary and proper against all of the guilty parties.

E. S. AVERY,
D. G. F. WARNER.

By Ald. Avery—

That report of the committee be adopted.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Adjourned Session, Friday, June 4, 1920.

City Council Rooms
Lansing, June 4th, 1920.

The city council met in adjourned regular session and was called to order by Mayor B. A. Kyes.

Roll call:

Present—Ald. Avery, Britten, Burgess, Doughty, Dymond, Eddy, Fowler, Gross, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Absent—None.

The record of the previous session was approved as printed.

By Ald. Doughty—

That the report of the street railway committee of the last meeting be taken from the table.

Carried.

The committee then offered the following report:

The committee on street railway to whom was referred the matter of increase in fare begs leave to report as follows:

We recommend that it be the sense of the council that the Lansing Street Railway company, its successors and assigns, be permitted, temporarily, to sell four tickets for thirty cents, to charge a cash fare of five cents for all children over five and under twelve years of age and to collect of all others a cash fare of ten cents, provided that the company shall, at all times, have tickets on sale at its office and by all conductors at the above rate and should conductors be without tickets, then the patron may ride for a five cent cash fare. All tickets and cash fares to entitle patron to a transfer. It is expressly understood that this advance in fares shall not in any way abrogate or annul the original contract or franchise of the company with the city.

E. S. AVERY,

JOHN McCLELLAN.

By Ald. Avery—

That this report be substituted for the report of the last meeting.

Carried.

J. F. Collins, vice president of the Michigan Railway was present and informed the council that the increased wages of the car men would be immediately paid as demanded and agreed upon with them.

Several citizens also were heard on the subject.

By Ald. Avery—

That the report of the committee be adopted.

Adopted by the following vote:

Ald. Avery, Britten, Burgess, Doughty, Dymond, Eddy, Fowler, Gross, Howe, Klock, Leonard, McClellan, Redfern, Sanders, Trager—15.

Nays—Ald. Main—1.

The committee on streets to whom was referred the petition to pave Holmes st. from Michigan ave. to Main street, begs leave to report as follows:

We recommend the petition be granted.
W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE.

Received and placed on file.

The committee on streets to whom was referred the communication of the Standard Real Estate Company (council proceedings May 24, 1920), begs leave to report as follows:

We recommend that the plan for platting the east 1-2 of S. E. 1-4 of section 18, and of the east one hundred twenty acres of the southwest quarter of section seventeen be approved.

W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE.

Ald. Britten—
That report of the committee be adopted.
Carried.

Your committee on streets and city engineer, to whom was referred the communication of Charles J. Davis and four others regarding petition and remonstrance for the paving of Holmes street, beg leave to report as follows:

A petition was received May 26th for paving Holmes street from Michigan Avenue to Main street. This petition contained a sufficient number of signatures so that the street could be ordered paved in accordance with the requirements of the city charter. One of the signatures on the petition was that of the Young Brothers Realty Company by C. C. Ludwig, Manager. The assessors books at that time showed no property assessed to Young Brothers Realty Company. Mr. Ludwig was therefore called on the telephone and asked what property he was signing for. He stated that the Young Brothers Realty Company were agents for the owners of the land embraced in the Ludwig Park Subdivision and that he

had authority to proceed with the installation of any permanent improvement that would help the sale of those lots. He was told that the sufficiency of the petition depended upon the frontage he represented and was asked particularly whether or not he had authority to sign the petition for paving and he stated that he had.

The street committee therefore recommended the paving of Holmes street on June 2nd and the council declared it a public necessity and determined to pave the street.

One week later, on June 9th, a remonstrance was received by the council from D. C. Hunter and 22 others. This remonstrance contained some of the names that were on the original petition. We are informed by the city attorney that the signing of the remonstrance did not act to remove any names from the original petition.

A petition for paving Holmes street from Michigan Avenue to Main street has been presented to the council at this meeting. This petition meets the requirements of the city charter so that the street can be ordered paved. Inasmuch as a question has been raised as to the validity of the first petition and there is no question as to the validity of the petition presented at this meeting, we recommend that the necessary resolutions be passed to pave the street based on the last petition.

Respectfully submitted,
W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE,
Committee on Streets.
O. E. ECKERT,
City Engineer.

Received and placed on file.

Special auditor.

Received and placed on file.

REPORT OF CITY OFFICERS.

To the Honorable Mayor, and Council:

In answer to the inquiries made in relation to the question of re-registration and re-districting of the voting precincts, I beg leave to make the following report:

The statute provides that in every city or township in this state having a population of over 10,000, as shown by the last preceding federal census, there shall be a re-registration of all voters on every presidential election year. The law of 1917 provides, by Section 3, Chapter 4, of General Re-registration Law, that the re-registration should take place during the months of September and October, next preceding the general November election. This Section 3 was amended in 1919, which provides that the time of re-registration shall be had in the months of June, July and August, and shall be completed on the third Saturday before the next general primary election. I make this statement as to this amendment for the reason that the Chapter 4 of the Public Acts of 1917 has other Sections which report to the months of September and October, but I am clearly of the opinion that the 1919 Act will prevail as to time throughout the entire Act, and therefore, that the registration must be during June, July and August. As to the election precincts, Section 6 of Act 203 of Public Acts of 1917, provides that any township or ward may be divided into voting precincts in the discretion of the board or city council. It also provides that when any ward in a city shall have cast at the last preceding election six hundred votes or more, or when it becomes evident that there are more than six hundred voters in any precinct, the board, by resolution, shall divide such precinct into two or more precincts. In other words, there cannot be more than six hundred voters in one precinct, and the board is at liberty to have more precincts if they so desire, as there appears to be no limitation as to the minimum size of a voting precinct.

D. G. F. WARNER,
City Attorney.

Received and placed on file.

Hon. Mayor and City Council, City of Lansing,
Gentlemen:

Complying with your resolution of May 24th ultimo, regarding lot No. 192 Capitol Heights Subdivision, owned by Dell Murdoff. I beg to report that notice was mailed to said Dell Murdoff, at his last known address, to drain the insanitary cellar on said lot No. 192 and place the

necessary protection around same for public safety within ten (10) days from May 25th ultimo.

At this time nothing has been done toward carrying out the instructions given and I hereby respectfully recommend that your honorable body direct the city engineer to lay a drain from the cellar on lot No. 192 Capitol Heights Subdivision and connect the same with the city sewer and drain this insanitary cellar. I beg to further recommend that the superintendent of public works be directed to erect the necessary protection around the cellar for public safety.

Respectfully submitted,

W. S. ROBBINS,
Sanitary Inspector.

By Ald. Doughty—

That the report of the sanitary inspector be concurred in and recommendation be adopted.

Adopted by the following vote:

Yeas—Ald. Avery, Eritten, Burgess, Doughty, Dymond, Eddy, Fowler, Gross, Howe, Klock, Leonard, Main, McClellan, Sanders, Trager—16.

Nays—None.

To the Honorable Mayor and City Council of Lansing.

Carried.

REPORTS OF CITY OFFICERS

The report of the sealer of weights and measures for the week ending June 19, 1920 was received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:
Gentlemen:

The drafting room in connection with the city engineer's office is the department workshop. The work for the coming year will require that several more men shall work in this room than have been working here.

The drafting room is the only room through which the public has access to the office and on this account there is considerable disturbance and confusion most of the time.

I trust that additional space may be furnished the department, either in its present location or in another part of the building so that the arrangement of the rooms will be most satisfactory to the public and to those working in the drafting room.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Referred to committee on public buildings and Ald. Doughty.

To the Honorable: The Mayor and Members of the city council:

At the last meeting of your honorable body, I presented to you an opinion relative to the holding of a re-registration of voters under the 1919 amendment to the general re-registration law, which amendment provided that the general re-registration should be held during the months of June, July and August. At the same time I called your attention to the fact that the legislature in amending section 3 of the chapter relative to re-registration in cities had failed to amend the rest of the chapter, which provided for registration during the months of September and October before the general November election. Following the rule that an act of the legislature should be given effect where possible, I took the position that sections 4 and 5 would be amended by implication, and wherever the words September and October appeared in the other sections of the chapter, they would be changed to read June, July and August, to comply with the amendment to section 3.

Since my communication of last week was prepared the question has been decided by the supreme court of the state in a case coming up from Wayne circuit, in which the circuit judge took the same position that I did in my communication to you. However, the supreme

court has reversed this decision of the trial court and issued a writ of mandamus compelling the city clerk of Detroit to hold the re-registration under the 1917 act, at the same time holding that the 1919 amendment created a situation which was a manifest absurdity, and therefore held the 1919 amendment to be without force and effect. The court in this case refused to follow the opinion of the trial court in attempting to give effect to the 1919 amendment, and therefore following this opinion of the supreme court the re-registration will have to be held as provided in the 1917 act, without reference to the 1919 amendment. To this extent my communication to you of the 14th inst. will be modified because of this recent decision of the supreme court.

Very truly yours,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

Hon. Mayor and City Council, City of Lansing.

Gentlemen:

Complying with a resolution adopted by the city board of health at its meeting Friday, June 18th, relative to the garbage collection service, I respectfully submit this communication.

The principal criticism of the present garbage collection service is the insanitary condition of the empty cans as delivered to the patron; leaving the can covers permanently at the houses regardless of whether or not they fit the can exchanged, and hauling the garbage through the streets in open cans on trucks that are foul smelling.

I respectfully ask that the above complaint be considered by you and that the supt. of public works be directed to remedy the insanitary conditions existing at any early date.

Since the reduction plant expects to dispose of the city garbage in the near future in lieu of feeding it to hogs I would suggest that you again consider the matter of collecting the garbage in tanks, not only as a matter of economy, but as a step toward more sanitary garbage collection.

Respectfully submitted,

W. S. ROBBINS,

Sanitary and Food Inspector.

Referred to committee on garbage and supt. of public works.

REPORTS OF COMMITTEES

Resolved by the city council of the city of Lansing:

It is hereby determined to be a public necessity and a necessary public improvement for the protection of the health, safety and the needs of the inhabitants of the city of Lansing, that an extension be made to the present municipal water works, including the purchase of machinery, equipment and extensions of the mains and water pipes of the water works system in the city of Lansing, this council having been heretofore advised by the board of water and electric light commissioners that a sum of \$115,000 is needed for the purpose of extending the municipal water works system of said city.

Resolved further that the extension of

the mains and water pipes of the water works system, including the purchase of the necessary lands, machinery and equipment, be made under the direction and supervision of the board of water and electric light commissioners of the city of Lansing, and that the question of borrowing the sum of \$115,000 upon the faith and credit of the city of Lansing, and the issuance of the bonds of said city for the purpose of defraying the necessary expense of the purchasing of land, necessary machinery, and equipment and construction of the necessary extensions of the municipal water plant be submitted to a vote of the qualified electors of the city of Lansing, at a special election to be held in the city of Lansing on the 23rd day of July, 1920.

Resolved further that said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated, "City of Lansing Water Works Extension Bonds," and shall be issued and sold by the city of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council and to become due and payable not exceeding thirty years from the date of issue, as such time or times as the city council shall, by resolution, prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council by resolution, may prescribe, both principal and interest may be made payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council may, by resolution, prescribe.

Resolved further that the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT

Shall bonds of the city of Lansing in the sum of \$115,000 for the purpose of purchasing land, machinery and equipment, extending the water works system and the extension of water mains in the city of Lansing, as prescribed in a certain resolution of the city council, dated the 21st day of June, 1920, be issued?

YES ()

NO ()

Resolved further that each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No", as he or she shall desire to vote.

Resolved further, That the votes cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed in the charter of the city of Lansing and the laws of the state of Michigan; that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the city clerk be and he hereby is directed to give notice of such special election at which said proposed bond issue is to be submitted to the electors of the city of Lansing, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan for holding special elections in the city of Lansing.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Doughty, Dymond, Eddy, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

REPORTS OF COMMITTEES

To the Honorable Mayor and City Council, Lansing, Mich.

Gentlemen:

It is needless for us to call your attention to the food situation at this time. Only as it bears directly upon market-conditions of this city is our only excuse. There will be a shortage of food crops this year. We do not mean that food famine is imminent but the shortage of food crops is a fact and not hearsay. A shortage of food crops cannot be averted. Farmers did not sow the acreage of wheat last fall that should have been sown. It has been our opportunity to observe farm conditions. Within an hour's ride and in any direction from the city of Lansing, we are deeply impressed by the number of vacant houses found upon the farms and more deeply impressed have we been to see the unseeded, unused fields. It is too late to plant crops that can mature this year. There is a shortage in acreage of all cereals. The season has been one that has cut off the fruit supply. The high prices of beef, mutton and pork last year shook the cattle, and sheep, and the hogs from the farm, thereby, cutting short the supply of meats. Manufacturers of milk supplies cut the price of milk, this has induced the cutting down of the number of milch cows upon the farm, thus will follow a shortage of milk and butter.

With the cereals limited, with the fruits limited and with meat limited there cannot help but be a shortage of food. There will be nothing good in the boycott plan to break the price of any food stuff. If the food does not exist, no amount of boycott can affect the price. Neither will regrets help the food situation. Regrets or boycotts cannot and will not grow hair on a steer, nor wool upon the back of a sheep, nor will they produce the squeal of a pig. It takes two years to grow a steer. Livestock cannot become normal in quantity for

three or four years. Young females must be allowed to mature first and produce their young. Extreme conservatism must be practiced and encouraged in growing and breeding so that stock is in excess of the present number. Pigs, lambs and veal calves are sent to the shambles while prices are high so that the supply remains constant but the demand increases. No matter what salaries or wages are, prices cannot and will not be fixed till a greater supply is secured.

Better breeding stock should be encouraged. Our markets should discourage the offering of immature males or females. Until the farmer can have more help, until the flow of humanity is towards the farm and not away from it, but little help can come to the price of food.

It is this situation of scarcity of food that induces us to communicate this condition to you, gentlemen, that you may co-operate with us to help bring about the better handling of farm produce upon our city market.

Yours very truly

ORDINANCES

The following ordinance introduced by Ald. McClellan was read a first and second time by its title and referred to the committee on ordinances.

An ordinance to change the name of Condit street to Ottawa street, east, in the city of Lansing.

The City of Lansing ordains:

Section 1. That the name of the street heretofore named and known as Condit street, said street extending from the New York Central railroad depot east to North Cedar street, shall be and is hereby changed to Ottawa street east, and shall henceforth be named and known as Ottawa street east.

Section 2. This ordinance shall in no way interfere or conflict with the rights of any persons in any property interests by reason of the changing of name of said street, or any contracts entered into wherein the said street bears any part, and said contracts shall be carried out with the same force and effect, but under the new name.

The committee on ordinances to whom was referred the ordinance entitled "An ordinance to change the name of Condit street to Ottawa street, east, in the city of Lansing," report the same back to the council with the recommendation that it be passed.

Gentlemen:

In the matter of the addition of new precincts for the city.

It is earnestly hoped that the re-districting may be immediately attended to, as a delay might be dangerous and perhaps fatal. New books must be procured, the number of ward and precinct stamped

REPORT OF CITY OFFICERS.

To the Honorable Mayor and city council of the city of Lansing, Gentlemen:

On the 19th of June a heavily loaded truck operated by an employe of the state highway department crossed the Kalamazoo street bridge and broke the planking and floor stringers, practically ruining the floor system on the east half of the bridge.

Enough stringers 3x12-in.x24-ft long were immediately ordered to replace the broken stringers. They arrived a week later. When the planking was removed so that the stringers could be replaced it was found that practically all of the stringers were in such a rotted and decayed condition that it would be a waste of money to replace the plank on them.

If a wooden floor system is placed back onto the bridge with new material it will not be safe for loads over eight tons. Heavier loads are often hauled over our streets and there is danger that such a heavy load will go through the bridge floor at any time.

It will take from two to four weeks to replace this bridge floor with wood and the cost will be about \$3,500.00

With some minor changes in the iron work of the bridge steel floor beams and stringers could be placed on it at an approximate cost of \$12,000. It would probably take longer than four weeks to put in steel floor beams and stringers. This floor system, however, would be safe for present day traffic.

Unless some effective way can be found to limit the loads that cross the bridge to eight tons I would recommend the installation of steel floor beams and stringers.

Respectfully submitted,

O. E. Eckert,
City Engineer.

Referred to committee on bridges.

To the Honorable Mayor and City Council.

Gentlemen:

I have the honor to submit herewith the following apportionment of the general and ward tax as determined by your honorable body on June 14, 1920.

JOHN S. BENNETT,
Assessor.

thereon, a new map made showing the precinct lines for use in registration, and other items not here enumerated.

New books must be ready previous to August 30th.

Very respectfully,

JUDSON A. PARSONS,
City Clerk.

By Ald. Doughty—

That the recommendations be concurred in.
Carried.

To the Honorable Mayor and City Council.

Gentlemen:

The following is a copy of a resolution adopted by the board of cemetery and public park commissioners at their meeting of July 2nd, which I am directed to present to your honorable body:

By Com. Bishop:

Whereas the city has recently purchased a large tract of property in the northeast part of the city to be used for park purposes, and

Whereas, because of the interest of the owner of this property, Mrs. May M. Bancroft, and her kindly consideration in dealing with the city for this land for park purposes, and because of the splendid, public spirited and untiring service of her son, H. Lee Bancroft, city forester, whose efforts have resulted in the great upbuilding of the city parks, we deem it fitting and proper that this new park be designated and known as "Bancroft Park;"

Therefore, be it resolved by this board for the reasons aforesaid, and we respectfully request the honorable, the mayor and city council, to pass a suitable resolution designating the new park as "Bancroft Park."

Resolved further that the city clerk be and he hereby is requested to present a copy of this resolution to the honorable the mayor and city council, at its next regular session.

Adopted unanimously.

Respectfully,

J. A. PARSONS,

City Clerk.

Received and placed on file.

Nays—None.

The ordinance under consideration was then read a third time as follows.

An ordinance to change the name of Condit street to Ottawa street east, in the city of Lansing.

The City of Lansing ordains:

Section 1. That the name of the street heretofore named and known as Condit street, said street extending from the New York Central railroad depot east to North Cedar street, shall and is hereby changed to Ottawa street east, and shall henceforth be named and known as Ottawa street east.

Section 2. This ordinance shall in no way interfere or conflict with the rights of any persons in any property interests by reason of the changing of name of said street, or any contracts entered into wherein the said street bears any part, and said contracts shall be carried out with the same force and effect, but under the new name.

By Ald. McClellan—

That the ordinance entitled "An Ordinance to change the name of Condit street to Ottawa street east, in the city of Lansing" be now passed.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Said ordinance was then read a third time as follows:

AN ORDINANCE regulating the construction and maintenance of bill boards upon vacant properties within the city of Lansing.

THE CITY OF LANSING ORDAINS:

Section 1. It shall be unlawful for any person, firm or corporation hereafter to construct and maintain upon any vacant properties within the city of Lansing, any bill board, sign board, or other structure used for advertising or display purposes, unless such bill board, sign board or structure shall be constructed in a safe and careful manner so as to stand securely without danger of falling from ordinary causes, and no part of such bill board, sign board or structure shall approach any sidewalk or street line nearer than twenty feet.

Section 2. Any person violating any provision of this ordinance shall, upon conviction, be punished by a fine not exceeding one hundred dollars (\$100.00) or by imprisonment in the city jail for a period not exceeding thirty days, or by both such fine and imprisonment in the discretion of the court.

By Ald. Fowler—

That the ordinance regulating the construction and maintenance of bill boards upon vacant property be now passed.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.
Nays—None.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Regular Session, Monday, July 19, 1920.

City Council Rooms.
Lansing, July 19, 1920.

The city council met in regular session and was called to order by Mayor E. A. Kyes.

Roll call:

Present—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Traeger—13.

Absent—Burgess, Sanders—2.

The record of the previous session was approved as printed.

PETITIONS AND COMMUNICATIONS

Fred C. Jenlson applied for building permit to remodel a portion of a building in Block 101, to cost \$2,000.00.

On motion of Ald. Doughty, the clerk was directed to issue the building permit as requested.

A petition was received from Rogers Leather Goods Store and five others relative to condition of public alley in the 300 block Washington ave. south, running from Kalamazoo st. to Washtenaw st.

Referred to committee on streets.

Wm. W. Brown applied for permit to build a garage on Grand ave. across from city market to cost \$15,000.00.

On motion of Ald. Howe, permit was granted under the supervision of the chief of fire dept. and fire dept. committee.

Honorable Mayor and City Council,
City of Lansing.
Gentlemen:

It is with pleasure that we call your attention to the following three clauses in the will of the late Mark Clifford, deceased.

"3. I give, devise and bequeath to the city of Lansing, Michigan lots number thirty-seven (37) to forty-eight (48) inclusive and seventy-three (73) to eighty-four inclusive, Snyder's subdivision, now within said city of Lansing to be used for a children's playground and to be called the Clifford playground.

"4. I give, devise and bequeath to the said city of Lansing lots forty-nine (49), fifty (50), seventy-one (71) and seventy-two (72) of said Snyder's subdivision for a school garden to be called Clifford School Gardens.

"5. I give, devise and bequeath to the said city of Lansing the parcel of land within said city described as follows: commencing thirty (30) rods west from the northeast corner of section twenty-eight (28), thence south forty-four (44) rods twelve (12) links, viz: to the drain now existing, thence west along the center of the drain now there existing, ten (10) rods, thence north to street and east to beginning requesting that it be called Clifford Park."

We hand you herewith abstracts and tax histories of the several parcels, posted to date with title in Mark Clifford and with the provisions of the will posted thereon, which our attorney advises is sufficient for transferring the property.

Under date of May 17th we called the attention of the city assessors to this will and asked that the parcels mentioned above be omitted from the assessment rolls this year. We were not in a position to turn the property over at that time for the reason that there was an unpaid mortgage against the lots in Snyder's subdivision and the will provides that this mortgage be paid off before turning this property over to the city, which has been done.

We would ask that your honorable

body pass proper resolution accepting this property and furnish us a copy for our files that we may show same to the probate court at the time of the closing of the estate.

Very truly yours,

BERT J. BAKER,

CHAS. L. FRATCHER,

Executors, Mark Clifford Estate.

By Ald. Howe—

That this be referred to a special committee to be appointed by the mayor and to the city attorney.

Carried.

Mayor appointed as such committee, Ald. Howe, Avery and Trager.

REPORTS OF CITY OFFICERS

The report of the city treasurer for the months of May and June, 1920 was received and referred to the committee on auditing.

The report of the sealer of weights and measures for the weeks ending July 3, 10 and 17th, 1920 was received and placed on file.

To the Honorable Mayor and City Council.

Gentlemen:

Re, voucher No. 12250—Thomas J. Shields.

On May 10th, 1920, the council allowed a claim of Thos. J. Shields amounting to \$1,531.61.

The material and work was done in connection with the two comfort stations now under construction and a portion of same amounting to \$156.87 was charged to contingent as it was entirely separate from the work on comfort stations. The balance of the voucher, \$1,374.74 was charged to authorized construction—Comfort Station B 321. This was an error for the reason that it covered material and labor not specified in the contract between the city and Thos. J. Shields and the work was authorized by the committee. I therefore ask permission to charge contingent with \$1,374.74 and credit comfort station.

Very truly yours,

F. H. PRESLEY,

City Comptroller.

By Ald. Avery—

That permission be granted.

Carried.

MOTIONS, RESOLUTIONS AND NOTICES

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That the superintendent of public works purchase or have built suitable cabinets for the storage of supplies. This is necessary on account of the large amount of books, paper, etc. needed in taking care of the work of the garbage department.

By Ald. Britten—

That the resolution be referred to committee on supplies.

Adopted by the following vote.

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

By Ald. Howe—

Resolved by the city council of the city of Lansing:

Whereas, on January 25th, 1912, the city council of the city of Lansing adopted a resolution in words and figures as follows: "Whereas it has been made to appear to the council that in the widening Holmes street from the south line of Michigan ave. to the north line of the right of way of the Pere Marquette railway to a width of 33 feet on each side of the 1-4 line running north and south through the center of section 22 T 4 N R 2 W for which private property on the east side of said line was condemned and taken against the owner's consent which has resulted in leaving a strip of land 8 1-4 feet wide, more or less, lying west of a line 33 feet west of said quarter line which had before been dedicated to said city for street purpose which has become of no further use for the same,

"Therefore, it is hereby resolved that the mayor and city clerk shall execute and deliver a quit-claim deed to each of the owners of the property on the west side and adjacent to said street between the south line of Michigan ave. and the north line of the Pere Marquette railway such land as may lie between the east line of their premises and the line running north and south 33 feet west of the 1-4 line running north and south through the center of section 22 upon condition that such owners draw up and deliver to said mayor and city clerk such quit-claim deeds satisfactory to the city attorney as to form and description, and shall have at the time of the delivery of said deeds all special taxes due said city that may have been assessed against said property lying immediately west and adjacent to land conveyed in said quit-claim deed."

And whereas, Howard M. Smith and Emma M. Smith, husband and wife, have not as yet received a quit-claim deed to the 8 1/4 foot strip adjoining their property under and by virtue of the above resolution.

Therefore, it is hereby resolved that the mayor and city clerk shall execute and deliver a quit-claim deed to the said Howard M. Smith and Emma M. Smith of that portion of the above mentioned strip of land to which they are entitled as abutting property owners, such quit-claim deed to be satisfactory to the city attorney as to form and description and shall have paid at the time of the delivery of said deed all special taxes due said city that may have been assessed against said property lying immediately west and abutting the land conveyed in said quit-claim deed.

By Ald. Britten—

That the resolution be referred to committee on city affairs.

Carried.

By Ald. Fowler—

REPORTS OF CITY OFFICERS

To the Honorable Mayor and Members of the City Council:
Gentlemen:

I hereby submit the following special assessment rolls, estimated cost:—

Constructing a sewer in Moores ave. from Moores River drive to Mt. Hope avenue and from Moores avenue to east 383 feet in Moores River drive.

Constructing a sewer in Mt. Hope avenue from sewer in Lyons avenue to west 235 feet.

Constructing a sewer in Mt. Hope avenue from sewer in Donora street to east 385 feet.

Constructing a sewer in Lenawee street from sewer in Huron street to west 130 feet.

Also the following rolls corrected to actual cost:

Constructing a curb and gutter in south side of St. Joseph street from Walnut street to Chestnut street.

Constructing a curb and gutter in Maplewood avenue from Isbell street to Mt. Hope ave.

Respectfully submitted,

HAROLD H. CAMPBELL.

Received and placed on file.

To the Honorable: The Mayor and City Council of the City of Lansing:
Gentlemen:

In Re: The title to the lots devised to the city of Lansing under the will of Mark Clifford, deceased.

I beg leave to report, that I have examined the abstracts covering the property so devised, and find that a good merchantable title is in the estate of Mark Clifford, deceased, and the same may be received by the city free from any encumbrances or tax liens whatever. There is a restriction which would run with the land made in the deed of Robert A. McKim and wife to Mr. Clifford as to that parcel of land described as follows: "Commencing 30 rods west from the northeast corner of section 28, thence south 44 rods, 12 links, to the drain now existing; thence west along the center of the drain now there existing 10 rods; thence north to street and east to beginning." This restriction is that neither party (grantor or grantee) is to build a house costing less than \$1200 thereon and no house to be nearer than twenty feet from the street line, but as this parcel is deeded to the city for park purposes this restriction seems to be of no moment.

The entry in the abstracts also show that Mr. Clifford devised lots 59, 50, 71 and 72, whereas the abstract itself shows that Mr. Clifford owned lots 49, 50, 71 and 72. Upon investigation, however, I

find that this is an error in the abstract and that the will devises the property owned, viz. lots 49, 50, 71 and 72 of Snyder's subdivision.

Respectfully,
ALLAN R. BLACK,
Assistant City Attorney.

Received and placed on file.

REPORTS OF COMMITTEES

The committee on ordinances to whom was referred the ordinance relative to voting precincts begs leave to report as follows:

We recommend that the ordinance be passed.

JOHN MCCLELLAN,
A. E. DYMOND,
O. C. HOWE,
Committee on Ordinances.

Received and placed on file.

The committee on city affairs to whom was referred the resolution of Ald. Howe relative to deed of land adjoining on Holmes street begs leave to report as follows:

We recommend that the resolution be adopted.

JOHN MCCLELLAN,
E. S. AVERY,
Committee on City Affairs.

By Ald. McClellan—

That the report of the committee be adopted.

Carried.

By Ald. Howe—

Resolved by the city council of the city of Lansing:

That the resolution determining that it is a public necessity to vote bonds to the amount of \$250,000 for paving be amended

and that \$100,000 be substituted for \$250,000.

Lost by the following vote:

Yeas—Ald. Avery, Dymond, Howe, Trager—4.

Nays—Ald. Britten, Doughty, Eddy, Fowler, Klock, Leonard, Main, McClellan, Redfern, Sanders—10.

By Ald. Dymond—

Resolved by the city council of the city of Lansing:

Whereas, a vacancy in the office of senior alderman of the sixth ward of the city of Lansing has occurred through the resignation of George W. Gross, and

Whereas, by the terms of the city charter a vacancy existing by reason of the resignation of the said George W. Gross is required to be filled at a special election to be ordered by the council;

Now, therefore, be it resolved by the city council of the city of Lansing that a special election for the purpose of filling the vacancy existing in the office of senior alderman for the sixth ward of the said city be and the same is hereby ordered to be held on Tuesday, the 31st day of August, 1920, at the voting places in the precincts of said ward, which have been heretofore designated as voting places for the general August primary election in said ward, and under the supervision of the election inspectors, also heretofore designated, for the purpose of electing an alderman for said sixth ward who shall hold his office until May 1st, 1921, and until his successor shall be elected and qualified.

Resolved further that the votes cast for the various candidates for such office shall be counted, returned and canvassed in like manner as provided for counting, returning and canvassing ballots at a general municipal election in said city; that the polls of said election be open from seven o'clock in the forenoon until eight o'clock in the evening of said 31st day of August, 1920.

Resolved further that nominating petitions for candidates to said office of alderman shall be filed with the city clerk on or before four o'clock of Thursday, August 19th, 1920; and that if any of said nominating petitions do not conform with the provisions of the city charter amended petitions may be filed on or before four o'clock of Saturday, August 21st, 1920. That the time when the various candidates for said office of alderman shall meet to decide by lot as to the position of each candidate's name upon the official ballot shall be fixed for ten o'clock on the morning of Tuesday, August 24th, 1920.

Resolved further that the city clerk be and is hereby instructed to give notice of the time and place of holding such election, as provided by the charter of the city of Lansing, to-wit: by publishing the same in the State Journal, a newspaper printed and circulated in said city and by posting three notices of the same on three city bulletin boards in the said sixth ward of the city, at least two weeks before said election.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock,

Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

Whereas, at a special election heretofore held on the 26th day of July, 1919, bonds were voted in the sum of \$85,000 for the purpose of building a bridge across the river in the city of Lansing on South street, and

Whereas it is the opinion of this council that said street is not the proper place for said bridge, and that said bridge should be placed on Elm street;

Therefore, be it resolved, that the city council submit the question to the electors of said city at the general August primary election to be held on the 31st day of August, 1920, of permitting the city council to use the money heretofore voted for the bridge on South street, to build a bridge across the river on Elm street.

Resolved further that the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT

Shall the city council be authorized to use the money heretofore voted to build a bridge at South street, to build a bridge at Elm street in the city of Lansing?

Yes () No. ()

Resolved further that each elector voting on such question indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No."

Resolved further that the votes cast upon said proposed question shall be counted, returned and canvassed in like manner as prescribed in the charter of the city of Lansing and the laws of the state of Michigan for the counting, returning and canvassing of ballots of a general municipal election; that the polls be open at seven o'clock in the morning and remaining open until eight o'clock in the evening of said day.

Resolved further that the city clerk be and he hereby is directed to give notice of such election at which such question is to be submitted to the electors of the city of Lansing, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement and need in the city of Lansing Michigan, that the sewerage in said city be extended and that a considerable amount of the present sewerage needs repairing; and the council having been heretofore advised by the committee on sewers of the city of Lansing that the sum of \$100,000 is needed for

said purpose for said public improvement.

Resolved further that the extension of said sewerage and the repairing of such sewerage as may be needed should be made under and by direction of the city council of the city of Lansing, by and through its proper officers, and that the question of borrowing the sum of \$100,000 upon the faith and credit of the city of Lansing and the issuance of the bonds of the city of Lansing for the purpose of defraying the necessary expenses thereof be submitted to a vote of the qualified electors of the city of Lansing, Michigan, at the general August primary election to be held in said city on the 31st day of August, 1920.

Resolved further that said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "Sewerage Bonds," and shall be issued and sold by the city of Lansing in accordance with the city charter relative to the issuance and sale of bonds for public improvement; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the city council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council, by resolution, may prescribe.

Resolved further that the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT

Shall bonds of the city of Lansing in the sum of \$100,000 for the purpose of extending the sewerage and repairing the present sewerage of the said city of Lansing, as prescribed in a certain resolution of the city council, dated the 29th day of July, 1920, be issued?

Yes () No ()

Resolved further that each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No," as he or she shall desire to vote.

Resolved further that the votes cast upon said proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan; that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further that the city clerk be and he hereby is directed to give notice of such election at which such proposed bond issue is to be submitted to the

electors of the city of Lansing as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

Adopted by the following vote:

Yeas—Ald. Britten, Doughty, Dymond, Eddy, Fowler, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—12.

Nays—Ald. Avery, Howe—2.

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement and need in the city of Lansing, Michigan, that new bridges be built in the city of Lansing, and that those now in existence be repaired and the council having been heretofore advised by the committee on bridges of the city of Lansing that the sum of \$150,000 is needed for said purpose for said public improvement.

Resolved further that the extension of said bridges and the repairing of such bridges as may be needed should be made under and by the direction of the city council of the city of Lansing by and through its proper officers, and that the question of borrowing the sum of \$150,000 upon the faith and credit of the city of Lansing and the issuance of the bonds of the city of Lansing for the purpose of defraying the necessary expenses thereof be submitted to a vote of the qualified electors of the city of Lansing, Michigan, at the general August primary election to be held on the 31st day of August, 1920.

Resolved further that said bonds, if authorized by a three-fifth vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated as "Bridge Bonds," and shall be issued and sold by the city of Lansing in accordance with the city charter relative to the issuance and sale of bonds for public improvement, said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years, from the date of issue, at such time or times as the council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council by resolution, may prescribe.

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

It is hereby determined to be a public necessity and a necessary public improvement for the protection of the health, safety and the needs of the inhabitants of the city of Lansing, that an extension

sion be made to the present municipal water works, including the purchase of machinery, equipment and extensions of the mains and water pipes of the water works system in the city of Lansing, this council having been heretofore advised by the board of water and electric light commissioners that a sum of \$115,000 is needed for the purpose of extending the municipal water works system of said city.

Resolved further, That the extension of the mains and water pipes of the water works system, including the purchase of the necessary lands, machinery and equipment, be made under the direction and supervision of the board of water and electric light commissioners of the city of Lansing, and that the question of borrowing the sum of \$115,000 upon the faith and credit of the city of Lansing, and the issuance of the bonds of said city for the purpose of defraying the necessary expense of the purchasing of land, necessary machinery, and equipment and construction of the necessary extensions of the municipal water plant be submitted to a vote of the qualified electors of the city of Lansing, at the general August primary election to be held in the city of Lansing on the 31st day of August, 1920.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "City of Lansing Water Works Extension Bonds," and shall be issued and sold by the city of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council and to become due and payable not exceeding thirty years from the date of issue, at such time or times as the city council shall, by resolution, prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council by resolution may prescribe, both principal and interest may be made payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council may, by resolution, prescribe.

Resolved further, That the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$115,000 for the purpose of purchasing land, machinery and equipment, extending the water works system and the extension of water mains in the city of Lansing, as prescribed in a certain resolution of the city council, dated the 29th day of July, 1920 be issued?

Yes () No ()

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No," as he or she shall desire to vote.

Resolved further, that the votes cast upon such proposed bond issue shall be counted, returned and canvassed in like

manner as prescribed in the charter of the city of Lansing and the laws of the state of Michigan; that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement and need in the city of Lansing, Michigan, that the paving of streets in said city be extended; and that a considerable amount of the present paving needs repairing; viz.: Michigan avenue east, from M. C. R. R. tracks to city limits; Pine street from St. Joseph street to Isaac street; Walnut street from Isaac street to Robert street; Center street from Saginaw street to Beaver street; Grand avenue north from Shiawassee street to Saginaw street, and the council having been heretofore advised by the committee on streets of the city of Lansing that the sum of \$250,000 is needed for said purpose for said public improvement.

Resolved further, That the paving of such streets and the repairing of such pavement should be made under and by the direction of the city council of the city of Lansing, by and through its proper officers, and that the question of borrowing the sum of \$250,000 upon the faith and credit of the city of Lansing and the issuance of the bonds of the city of Lansing for the purpose of defraying the necessary expenses thereof be submitted to a vote of the qualified electors of the city of Lansing, Michigan, at the general August primary election to be held in said city on the 31st day of August, 1920.

Resolved, further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "Paving Bonds," and shall be issued and sold by the city of Lansing in accordance with the city charter relative to the issuance and sale of bonds for public improvements; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the city council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council, by

resolution, shall prescribe

Resolved further, That the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$250,000 for the purpose of extending the pavement of the streets and repairing the pavement of the streets of the said city of Lansing, viz.: Michigan avenue east from M. To the Honorable Mayor and City Council.

Gentlemen:

Your committee to whom was referred the communication from Bert J. Baker and Chas. L. Fratcher, Executors of the Mark Clifford estate, in which they call attention to the gift made by Mr. Clifford to the city of land for park and playground purposes, desired to make the following report: We recommend that the following resolutions be adopted by this council:

Whereas, the late Mark Clifford did recently bequeath to the city of Lansing three parcels of land, one to be called Clifford Playgrounds, one Clifford School Gardens, and the third to be known as Clifford Park.

Mark Clifford lived in the city of Lansing a goodly number of years, was loved and respected by every one for those traits of character which exemplified and prompted the making of this bequest. No man who loves children, and unsolicited provides from the savings of an active business life, for those things which tend to broaden and stabilize character in boys and girls can be a bad man; he had a jovial disposition since to meet him made the moment brighter; he had keen business capacity since investments wisely made brought him prosperity and wealth; he was honest and straight-forward, thus daily preaching to the world the wisdom that comes from following the Golden Rule and the futility of being mean and unreliable.

Mark Clifford has passed on to the Great Beyond, yet these institutions, founded by his foresight, will have an influence for good on coming generations and also be a living monument which he was so gladly willing to erect for the cause of humanity. Therefore be it

Resolved, That it is with deep sorrow that this council, on behalf of the citizens of Lansing, publicly express our regret in the loss of our esteemed fellow-citizen. Be it further

Resolved, That we hereby extend to the family of the late Mark Clifford our sympathy in their loss, in this their hour of trial and that the city clerk be and he is

hereby directed to mail a copy of this resolution to them and also a copy to the executors of his estate."

Respectfully submitted,
OSMOND C. HOWE,
E. S. AVERY,
W. E. TRAGER,
Committee.

By Ald. Howe—

That the report of the committee and the resolutions recommended be adopted. Carried.

PUBLIC IMPROVEMENT II.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted September 8, 1919 for constructing curb and gutter in Washtenaw street from Pine street to Butler street, are hereby adopted.

That the portion of the city deemed specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Washtenaw street within the west line of Pine street and the east line of Butler street and extending back from said Washtenaw street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$2,324.00.

That the expense of such improvement in public street and alley intersections is \$140.08 which shall be paid out of the second ward highway fund.

That all the remainder of said estimated expense, to-wit, the sum of \$2,183.92 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted August 25, 1919, for constructing curb and gutter in Allen street from Michigan avenue to Kalamazoo street are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Allen street within the south line of Michigan avenue and the north line of Kalamazoo street and extending back from said Allen street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$2,590.00.

That the expense of such improvement in public street and alley intersections is \$135.20, which shall be paid by the city out of the fifth ward highway fund.

That all of the remainder of said estimated expense, to-wit, the sum of \$2,454.80 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion

portion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with the resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

JUDSON A. PARSONS,

City Clerk.

City Clerk's Office, Aug. 23, 1920.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Adjourned Session, Wednesday, August 25, 1920

City Council Rooms.
Lansing, August 25, 1920.

The city council met in adjourned regular session and was called to order by Mayor B. A. Kyes.

Roll call:

Present—Ald. Avery, Britten, Burgess, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Trager—12.

Absent—Ald. Doughty, Dymond, Sanders—3.

REPORT OF COMMITTEE.

The committee on supplies to whom was referred the purchase of a cabinet for the storage of supplies for the garbage department begs leave to report as follows:

That the superintendent be authorized to purchase one that shall not exceed fifty dollars in cost, and charge same to garbage department.

H. S. FOWLER.

G. R. EDDY.

By Ald. Fowler—

That report of committee be adopted.
Carried.

MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That the old voting booths that are inadequate for city use and are for sale be left as to the price of same to the superintendent of public works.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Trager—12.

Nays—None.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas, the J. H. Moores estate is

about ready to be closed and it now appears that there is a considerable amount of money that will come into the hands of the city by virtue of said will, from the fund known as the residuary fund. That the other of said beneficiaries named in said fund are Howard O. Moores and Herbert Moores Weed, and to facilitate the settlement of said estate and if possible that portion of the city's share of said fund be in personal property, it is deemed advisable that the city have a representative to meet with the other beneficiaries and adjust matters to the best interests of the city.

Therefore, be it resolved, that the city attorney, D. G. F. Warner, be and is hereby appointed and directed to represent the city of Lansing in the settlement and adjustment of said fund, with full authority and power to enter into and make preliminary agreements for and in behalf of the city in relation to the same, and that he report back the same for ratification by this body.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Trager—12.

Nays—None.

By Ald. Avery—

That Ald. Trager, Howe and Britten go to the J. H. Moores office on Allegan street to be with the city attorney to determine valuations in the J. H. Moores estate. Carried.

By Ald. Burgess—

Resolved by the city council of the city of Lansing:

That the city clerk is hereby directed to secure blank reports for the use of the market master in reporting the distribution of all gasoline from the city gasoline well, located at the city market. These blank forms to be in triplicate, one copy to be delivered to the party or department receiving gasoline, the second

copy to be filed with the superintendent of public works and the third to be kept on file in the office of the market master. The pay for the printing of such blank forms to be paid for from the contingent funds.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Trager—12.

Nays—None.

ORDINANCES

By Ald. Avery—

That the traffic ordinance be taken from the table. Carried.

On motion of Ald. Redfern, the council resolved itself into a committee of the whole to consider ordinances.

The mayor called Ald. Avery to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance entitled "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing" that they had made amendments to same and would recommend that the same be passed, as amended.

Council then resumed regular session.

By Ald. Leonard—

That council rule No. 23 be suspended and that the ordinance just considered in the committee of the whole be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Trager—11.

Nays—None.

By Ald. Leonard—

That the ordinance be considered read.

Ald. Howe moved as a substitute motion that the same be laid on the table to be taken up at such time as all alterations and corrections that had been inserted in the committee of the whole have been completed.

Lost.

Original motion being before the council, the same was carried.

The ordinance so considered read is as follows:

An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriage, motors and vehicles propelled or driven by motive power or otherwise on any of the streets of the city of Lansing.

THE CITY OF LANSING ORDAINS:

Section 1. The word "street" in this ordinance shall mean and include any public road, street, lane, alley and other means of communication for travel with-

in the city of Lansing, and within any of its public parks, and the word "vehicle" shall include any conveyance including a horse. Hand or foot propelled conveyances and skaters are regulated as vehicles when on the roadway and as pedestrians when on the sidewalk and crossing the roadway on the cross walks.

Section 2. Every driver, operator or person in charge of any vehicle driven or operated upon any street within the city of Lansing shall, in driving or operating such vehicle, conform to and observe the rules hereinafter defined.

Section 3. The driver or operator of every motor driven vehicle shall have a chauffeur's or operator's state license. All vehicles shall be driven in a careful manner and with due regard for the safety and convenience of pedestrians, and no motor vehicle shall be driven or operated upon any street by any person who is less than fourteen years of age, nor shall any person, firm or corporation owning or possessing any motor vehicle suffer or permit any person less than fourteen years of age to drive or operate such motor vehicle, upon any street within the city of Lansing. No person shall drive or operate any motor vehicle while under the influence of liquor or other stimulant. No person shall drive any vehicle across or into any safety zone. No person shall drive on the right side of any vehicle when overtaking it. Provided, however, that in passing street cars proceeding in the same direction all vehicles shall, at all times, pass said street cars on the right side thereof. All vehicles meeting shall pass each other to the right. Drivers shall be governed by conditions of the particular occasion and may be deemed reckless even though proceeding at the speed within the limit allowed by law, which is hereby fixed at fifteen miles per hour.

Section 4. Drivers or operators of vehicles, before turning, stopping or changing their course shall make sure that such movement can be made with safety, and before so doing shall give a plain signal to other vehicles upon the street by extending the hand. Any vehicle driving into another street to the right shall turn the corner as near to the right hand corner as practicable. Vehicles driving into the street to the left shall pass to the right of and beyond the center of the street intersection before turning. Vehicles crossing from one side of the street to the other shall do so by turning to the left so as to lead in the same direction as the traffic on that side of the street toward which the crossing is made. Vehicles moving slowly must keep as close to the right hand curb as possible, allowing more swiftly passing vehicles passage to the left. No vehicle shall have the right of way through any procession or parade without the permission of a police officer, except vehicles carrying United States mail. No vehicle shall cross any street upon which there is any traffic officer without the permission of such officer, and if the traffic signal is against the driver he must bring his car to a full stop at the near edge of the crosswalk or lot line until

signaled to proceed by the traffic officer, except in case such vehicle is making a right handed turn onto the intersecting street. No vehicle shall remain backed up to the curb unless for the purpose of loading or unloading, and in such case no longer than the usual loading or unloading requires. Any horse or horses attached to the vehicle backed up to the curb shall be turned at right angles to the vehicle, and in the direction in which the traffic on that side of the street is moving.

Section 5. The driver or operator of every vehicle shall give some plainly visible or audible signal of his approach to other vehicles or pedestrians upon the streets and shall keep his vehicle at not less than six feet from the running board or lower step of any street car, which is stopping for the purpose of taking on or discharging passengers, and if by reason of the presence of other vehicles at the crossing where such car is stopping, or by reason of the narrowness of the street, it is not possible to preserve the distance of six feet from the running board or lower step as herein prescribed, then the driver or operator of such vehicle shall stop the same at least six feet from the rear of such car and remain stopped until such street car has started. In passing a street car which is stopping to take on or discharge passengers the driver or operator of such vehicle shall slow down the same to not to exceed one-half the lawful speed and pass said car at no greater speed. No vehicle shall be driven with its muffler open. Heavily laden and slow moving vehicles shall not be driven abreast upon the street, but one must follow the other and keep as near to the right hand curb as possible. No vehicle shall stand on any street except within two feet of the curb, whether parked or in the presence of the driver or operator.

Section 6. All vehicles shall, except as herein after provided, be parked parallel to and within two feet of the curb, provided that that on streets which are not equipped with a curb that such vehicles shall park parallel to and within two feet of the gutter line. Provided further, that all vehicles shall be parked parallel on but one side of the following streets, viz. on Ottawa street west between Washington avenue and Walnut street on the north side of Ottawa street; on Allegan street west between Capitol avenue and Walnut street on the south side of Allegan street; on Washington avenue south from the Grand Trunk tracks to Baker street on the west side of Washington avenue; on Baker street from Washington avenue to Cedar street on the south side of Baker street; on Isaac street from Chestnut street to Logan street on the north side of Isaac street; on Capitol avenue south from Kalamazoo street to Lenawee street on the east side of Capitol avenue; on Townsend street from Kalamazoo street to Lenawee street on the west side of Townsend street. Provided further, that no vehicles shall be parked in the north half of the block on Washington avenue between Shiawassee street and Genesee street. Provided further, that on Washington avenue from

Lenawee street to the middle of the block between Shiawassee street and Genesee street, and on Michigan avenue from Capitol avenue to the M. C. R. R. tracks all vehicles shall be parked at an angle of 45 degrees, and shall not be parked on said last named avenues within such district and also on Allegan street from Capitol avenue to Grand avenue and on Ottawa street from Capitol avenue to Grand avenue, for a longer period than two hours between the hours of 8:00 a. m. and 3:00 p. m. No vehicles shall be parked for a distance of thirty feet in front of the entrance of hotels and theatres, provided that the chief of police causes suitable "No Parking" signs to be placed in front of said theater and hotel entrances. No vehicle shall double park on any street. No vehicle shall stop on any crosswalk. No vehicle shall stop with its left side to the curb. No vehicle shall park within fifteen feet of any fire hydrant. Every vehicle, when left standing in any street, if not in the immediate presence or control of the driver or operator shall, if propelled by horse the said horse shall be hitched, and if a motor vehicle shall have its engine or other propelling mechanism or motive power stopped and not running.

Section 7. If the city council shall require street cars operating upon any street or streets to make near-side stops, so-called, it shall in such case be unlawful upon any such street or streets for vehicles to drive within six feet of any street car track, upon the right hand side thereof in the going direction, for a distance of eighty feet approaching any near-side sidewalk crossing, and in such case it shall be unlawful to park or stop any vehicle within a corresponding distance of eighty feet upon such right-hand side. Such reserved space or safety zone shall be suitably marked or indicated at such points and in such manner as the board of police and fire commissioners shall determine.

Section 8. Each automobile and motorcycle driven or operated upon any street shall be provided with adequate brakes and with a suitable horn for giving warning or signal of its approach, but no person shall use upon any automobile or other vehicle a warning signal similar to that used by the fire or police departments of this city. Every motor vehicle being driven or operated on any street within the city limits shall be provided during the period of one hour after sunset to one hour before sunrise with at least two lamps on the front, the light of such front lamps to be visible two hundred feet in the direction in which such motor vehicle is passing. There shall also be provided one rear light from which shall be displayed a red light visible from the rear at least two hundred feet, and a white light the rays of which shall shine upon the number plate carried on the rear of such vehicle. Every motor vehicle or other vehicle equipped with and using electric forward lights upon the streets of said city shall be provided and equipped with some practical device whereby the forward lights may be dimmed or lessened at the

will of the driver or operator to such an extent that such electric lights or the reflection will not interfere with the sight of nor temporarily blind the vision of the driver or operator approaching. Motorcycles and bicycles shall be required to display but one lighted lamp on the front of said motorcycle or bicycle, visible at least one hundred feet in the direction in which it is headed. The said light shall also display the number thereon in such manner that when lighted the number may be read at a distance of fifty feet.

Section 9. The officers and men of the fire department and fire patrol with their apparatus of all kinds, when going to or on duty at, or returning from a fire, and the officers and men and vehicles of the police department, and all ambulances, shall have the right of way in any street and through any procession, except over vehicles carrying United States mail. Upon seeing or hearing the approach of the fire department, street cars shall stop until such apparatus shall have passed, and all other vehicles shall draw to the side of the street and stop until such apparatus has passed.

Section 10. Any vehicle passing along the street car track shall, upon the signal of the approaching street car, immediately leave the same. No street car shall stop within five feet of the street car ahead, unless directed by a traffic officer to stop closer. No street car shall stop on any crosswalk.

Section 11. It shall be unlawful for any person to hitch onto, or get into or take passage in any vehicle which is passing through or upon any of the streets of this city without the consent of the driver or operator of such vehicle. In case of an accident to or collision with any person, vehicle or property upon any public streets, parks or parkways of the city, due to the driving or operation thereupon of any vehicle, the person driving such vehicle shall stop and give such reasonable assistance as can be given, and shall, upon the request of the person injured, or any other person, give his name and address, and if not the owner of such vehicle, the name and address of such owner. He shall also notify the police department of such accident as soon as possible thereafter.

Section 12. Any vehicle used for delivery purpose and not requiring a license shall have the name of the owner printed upon it or otherwise shown thereon for the purpose of identification.

Section 13. No traction engine or tractor, having lugs attached to its wheels, shall be run over, be propelled or operated upon any asphalt paved street within this city. Before proceeding to run over, propel or operate any traction engine or tractor, having lugs attached to its wheels, over any pavement other than asphalt, the owner must receive a written permit from the chief of police, which permit shall designate the route to be traversed, subject to such rules as the chief of police shall deem proper.

Section 14. All vehicles must give special care in driving in and around

parks and near school houses.

Section 15. Every vehicle carrying any pole, pipe or other article which extends more than three feet beyond the rear of said vehicle, shall have attached to the end of said pole, pipe or other article a white cloth or other suitable warning signal.

Section 16. No person riding a motorcycle equipped for but one passenger shall allow or carry an additional passenger on such motorcycle.

Section 17. No vehicle equipped with chains or other metal non-skid contrivance on its wheels shall be driven upon the streets of the city unless such streets be slippery or covered with ice or snow.

Section 18. No vehicle shall tow more than one other disabled vehicle or trailer, and the towing connections shall not be longer than sixteen feet.

Section 19. The approaching right hand vehicle on all street intersections except where there is a traffic officer, shall have the right of way.

Section 20. The control of vehicular and pedestrian traffic in the streets shall be under the management of the board of police and fire commissioners, through their chief and subordinate police officers, who shall be charged with the duty of the enforcement of this ordinance. Whenever such board of officers shall deem it advisable for the public safety or convenience temporarily to close any street or part of streets to vehicular traffic, or to divert traffic therefrom, or to divert or direct the course of pedestrian traffic, such department shall have power and authority so to do.

Section 21. No vehicle shall be driven or operated on any street or portion of a street that is closed to traffic by the order of the board of police and fire commissioners or its subordinate officers or while closed for the purpose of repair or construction.

Section 22. It shall be the duty of the owner, or any person in charge, of public stables, garages, and other places where vehicles of any description are kept for hire, or persons keeping and operating delivery wagons, trucks and other similar vehicles, to keep a copy of this ordinance conspicuously posted in such stable, garage, or place of business.

Section 23. Any person or persons violating any of the provisions of this ordinance, shall upon conviction thereof, be punished by a fine not exceeding five hundred dollars, and in the default of the payment of such fine, such person or persons shall be imprisoned in the city jail, or any workhouse in the State authorized by law to receive prisoners, not to exceed ninety days, or by both such fine and imprisonment in the discretion of the court.

Section 24. All ordinances, or parts of ordinances, inconsistent with the provisions of this ordinance are hereby repealed.

By Ald. Leonard—

Received and placed on file.

To the Honorable Mayor and City Council, Lansing Michigan;
Gentlemen:

In Re: Political affiliations of parties appointed to certain offices.

This matter having been referred to me, which involves section 296 of the charter of the city of Lansing, as amended, and which is in relation to the appointment to members of the board of water works and electric energy, and reads in part as follows: "Said board shall consist of a duly qualified elector and freeholder in said city from each ward, not more than four of whom shall belong to the same political party."

Recently the mayor had cause to appoint a member of said board and the question was raised as to his political affiliations, and the political complexion of the board as now constituted, whether the appointee would not increase the number of a certain political party to more than four upon said board. So the real question before us is, is said clause of said section legally binding upon the appointive power of this city. In other words, are the former political affiliations to be taken into consideration in his appointment to said position.

The first question before us is, is this a qualification required by the charter of a citizen or is it a test?

If such could be considered as a qualification, the same might be fleeting and the qualification of any officer might change, and therefore the board become disqualified by reason of the change, so we are inclined to think that the matter

is simply a test, and if the same be a test it is contrary to the constitution of our state, Article 16, Section 2, which is as follows: "Members of the legislature and all officers executive and judicial; except such officers as may be exempt, shall before they enter on the duties of their respective offices, take and subscribe the following oath or affirmation "I do solemnly swear (or affirm) that I will support the constitution of the United States and the constitution of our state, and that I will faithfully discharge the duties of the office of according to the best of my ability. No other oath, declaration, or test shall be required as a qualification for any office or public trust."

Before citing further authorities I wish again to call the attention to that clause and the section where it said "Said board shall consist of a duly qualified elector, etc., and not more than four shall belong to the same political party." It does not say that more than four shall be appointed from any political party, but that it must consist of a board not more than four from any party, thereby contemplating that they, the members of the board, would always affiliate with the same party they first chose, which presumption is a very violent one, as we have cause to observe recently and should the same be adhered to strictly it would be possible for us to be without a board a considerable portion of the time, and should a man undertake to adhere to it his political freedom would be curtailed. In the case of People vs. Hurlbut, 24 Michigan 93, in a case similar to the matter under consideration, Judge Christianity rendered the following opinion: "In whatever light we viewed it, this law excludes men from office for political opinions and thus the constitution will not permit."

In the case of Attorney General vs. City of Detroit, 58 Michigan 213, a case similar to the matter under consideration, Judge Campbell rendered the following opinion, quoting from Pages 216 and 217: "It is also a most important principle under our constitutional system that no one shall be affected in any of his legal and political rights by reason of his opinions on political subjects, or other matters of individual conscience. The political right to freedom of belief and expression is asserted in the most distinct way and applied to every privilege which the constitution confers." "Any attempt to inquire into the sentiments of voters is not only an abuse, but one which it is the chief purpose of the ballot system to prevent. The ballot is a constitutional method which cannot be changed, and its perpetuation means the security to vote without any inquisition into the voters opinion of men or measure."

In this regard it will be understood that we have adopted in this state the secret ballot and there is no necessity of any citizen making known to the world his political affiliations or whom he supports or what he supports. He can go to the polls, receive his ballot, and secretly make his own choice.

We wish here to call the attention to

the case which was recently decided but not reported, of Harrington vs. Secretary of State; Harrington had a petition filed as a candidate for circuit judge in one of the circuits of this state, but refused to file his affidavit of his political affiliations. The secretary of state declined to have his name printed upon the ballot for the reason that the statute required such an affidavit to be filed. The supreme court of this state held that his name should go upon the ballot and that he did not have to file an affidavit.

Under our present charter we have non-partisan elections. There is no such thing known as a political party, and it is curious to know how a man's political affiliations could be legally determined before appointing him to an office. We are of the opinion that this is a test and comes clearly under that section of the constitution first cited, and not a qualification, for in the case last cited, Attorney General vs. Detroit Common Council, this language is used: "Not only is it evident from the other provision in this clause that all the exemptions referred to are such as would be applicable in all sorts of offices, but the use of the word test is especially significant because its recognized legal meaning is derived from the English Test Acts, all of which related to matters of opinion and most of them to religious opinion."

Qualifications of a person for a position consist chiefly of his residence, his citizenship, whether or not he is a property owner, and in some cases his educational qualifications. These are what are generally understood as qualifications, while those pertaining to religious and political affiliations are tests. In ruling case law, vol. 22, sec. 50, where it says: "In the absence of constitutional limitations imposing restraints on the legislature with reference to qualifications for office, it is held in many cases that political tests or other qualifications may be used."

It will be understood by the foregoing that matters of a political nature are simply a political test and that where there is no constitutional provision against the same it may be applied, but as shown, in this state there is a constitutional provision against it, and therefore it cannot be applied. We are forced to the conclusion that the provision of the charter referred to is unconstitutional and void.

Some of the courts have held that such a provision was not mandatory in the sense that it was binding upon the appointing power but was advisory and to that extent should be accorded consideration consistent with the comity existing between different departments of justice.

Respectfully submitted,
D. G. F. WARNER,
City Attorney.

Received and placed on file.

To the Honorable Mayor and city council.
Gentlemen:
Pursuant to your resolution of August 9th, I herewith submit the following report of my final disposition of one Mar-

shal Truax, a citizen of Lansing, afflicted with leprosy.

For a period of ten days this patient was isolated in a temporary hospital on the banks of the Cedar river between Lansing and East Lansing. On August 16th accompanied by Jacob Truax, a distant relative of Marshall Truax, I went to Grayling, Michigan and from there, seventeen miles north where we found an ideal spot on N. ½ section 22, Town 22, north range 2 west, Grayling township, which is owned by the government. This plat of land is well isolated being seventeen miles from Grayling, Michigan and at least nine or ten miles from the nearest settler. A beautiful spring lake is situated nearly in the center of the plat. On the shores we decided to erect a suitable structure to house the patient if permission could be gained from the township and county authorities.

I met with these authorities and health officer at Grayling unofficially and was given that permission until such time as the government is ready to receive patients in their leper colony.

Then, on August 21st I transferred the patient together with an attendant, whom we have employed with a salary of \$50 per month, by auto to this spot where they, themselves, will erect a suitable shack to live in. The lumber and supplies were ordered from Salling and Hanson, a large lumber concern from Grayling who are in position to furnish everything in the line of supplies, material etc. for the coming winter and make weekly deliveries direct to plat. The bills for these supplies to be furnished us monthly.

I feel especially fortunate in being able to locate such a spot because of its isolation and being a place where our patient will be satisfied and willing to stay. It was only through the aid of Joseph Truax, who was familiar with that part of the country and acquainted with a great many residents there, that we were able to make proper arrangements.

Respectfully submitted,

JAMES A. HUMPHREY,
Health Officer

Received and placed on file.

To the Mayor and City Council,
Lansing Michigan.
Gentlemen:

As will be remembered, by the will of J. H. Moores, the city was left certain real estate to the amount of \$10,000, as per valuation placed upon the same by the said J. H. Moores prior to his death. The Detroit Trust company, administrator of the estate of J. H. Moores, set over to the city of Lansing \$10,000 worth of the real estate, in accordance with the valuation so placed thereon by Mr. Moores. Of this amount they sold a little over \$3000 worth, which was turned over to the city and the balance of the real estate was deeded to C. F. Foxson, president of the board of cemetery and public park commissioners, who holds the same in trust for the city of Lansing. At the meeting held last Tuesday with the beneficiaries of the residuary fund of said estate, the other beneficiaries agreed to take all the real estate left to the said city in said fund, at the appraised value as appraised by Mr. Edward Roe and Mr. O. F. Howe, which is considerable more than the valuation placed thereon by Mr.

Moore's in his lifetime, and I most respectfully ask the city council to consider the same and if they deem the same advisable to authorize me to sell the same it being understood that in the settlement for the same that the said beneficiaries would give the security for the payment thereof, in connection with the securities obtained in the residuary fund.

Very respectfully,

C. F. POXSON,
by D. G. F. WARNER,
City Attorney.

Received and placed on file.

REPORT OF COMMITTEES

The committee to whom was referred the matter of adjusting matters in relation to the J. H. Moore's estate begs leave to report as follows:

It will be understood first that J. H. Moore's by his will disposed of his property principally by special bequests. That the city of Lansing by these special bequests was to receive \$10,000 worth of certain real estate, which has already been turned over to the city, or its representatives. That there was a residuary clause in said will, by the terms of which all moneys or properties not used in carrying out the terms of his will would constitute a residuary fund to consist of all property not disposed of by special bequests. That by the terms of his will, one-half of said fund goes to the city of Lansing, one-fourth to one of his heirs by the name of Moore's, and the other one-fourth to an heir by the name of Weed. By our charter the city can sell no real estate without a vote of the people, therefore, if the city became possessed of any of the real estate which constituted a part of this fund it would be greatly handicapped in the disposition of the same, and without any income therefrom.

Your committee met on Tuesday, August 24th, for the purpose of making a satisfactory adjustment and division of the property if possible. It was found that the real estate so left as a part of said fund is valued at about \$70,500. That property sold on land contracts amounts to about \$52,000, and that the amount of personal property now on hand in said fund is nearly or about \$100,000. Your committee, after meeting, examined carefully all the land contracts with reference to the amounts unpaid on the same, and also examined each parcel of land and after so doing came to the following understanding and agreement with the other beneficiaries of said residuary fund.

That the other beneficiaries will take the real estate at the valuation placed thereon by Mr. J. Ed Roe and O. F. Howe, who appraised the same last year, their appraisal being about \$17,000 higher than the last valuation placed thereon by Mr. Moore's. They would take the land contracts at 15 per cent discount, and that the city of Lansing would take the personal property in lieu thereon, and that of the amount due the city over and above the personal property the other beneficiaries would pay to the city of Lansing either in cash or by first class security, the difference between the amount of personal property received by the city, and the property they had received, thereby leav-

ing the city its full fifty per cent of the entire fund, either in cash or interest bearing securities.

It will be understood that the 15 per cent discount upon the contracts is necessary for the reason that said contracts are running for many years with small payments each month, and it will be of considerable trouble and expense to collect the same, they being over seventy in number, besides ultimately the party who has the title now will have to furnish abstracts, tax titles and deeds to said property, and your committee feels that under all the circumstances and conditions the same is a very reasonable proposition.

There is a short connecting railroad, that was owned by Mr. Moore's which is also a part of this fund and a small parcel of worthless land that goes with the same. That is, the same would be worthless for any purpose except the said railroad. This railroad pays no dividends, and in fact there is no income from the same whatever, but as it now appears, the same is more of a liability than an asset. This, the other beneficiaries agree to take over at \$10,000.

Your committee further reports that it is of the opinion that the proposition made by the other beneficiaries should be accepted and the said estate closed, or as nearly closed as possible, and that without delay. There will undoubtedly be some small amounts of personal property that will accrue to the fund, but the same being personal property, it can be easily divided.

Respectfully submitted,

Resolved by the city council of the city of Lansing:

Whereas, a resolution was duly adopted by this council on July 14th, 1919, as follows:

"That the mayor appoint a committee to try to obtain for the citizens of Lansing a quantity of food supplies now held by the government, and if obtainable to superintend its distribution at cost." The above resolution was unanimously adopted and the mayor appointed as such committee, Ald. McClellan, Gross and Doughty and

Whereas, the said committee so appointed and acting under said resolution did obtain a quantity of food from the United States government and did then and there undertake to sell and dispose of them in accordance with said resolution. Later on said committee made its report on September 15th, 1919, to the council, showing that there was a profit upon said goods, notwithstanding the fact that it was understood that they should be sold at cost, and on December 22nd, 1919, this council passed a resolution authorizing the profit so obtained to be deposited in the contingent fund for the benefit and maintenance of the social

center, which resolution was unanimously adopted; and

Whereas, it appears from further report of said committee that the gross sales of said property amounted to \$42,436.29; that the amount paid for the same was \$39,701.16; leaving a profit to the city of \$2,735.13, less the expenses they were to, and which items of expense, as appear from the said report amount to \$460.08. That according to said report a considerable portion of said expense was taken out by members of this council as follows: G. W. Gross, 3½ days labor at \$10.00, \$37.50; J. McClellan, 14½ days labor at \$10.00, \$147.50; F. W. Redfern, 7 days at \$10.00, \$70.00; Louis Neller, for services on wood committee, \$50.00 and R. H. Presley, city comptroller, 20 days at \$2.50, \$50.00; and

Whereas, there appears no record in the clerk's office or in the journals of this council authorizing the said councilmen to take such money from said fund, and further, that the original resolution plainly said the same was to be sold at cost, thereby indicating that no charges for services were to be made, that the taking of the same from the city treasury without authorization is clearly contrary to the principle in which they were appointed and their duties under our charter as aldermen.

Therefore, be it resolved, that the said aldermen and city comptroller be directed to return the said amounts to the contingent fund of the city treasury.

Respectfully submitted,
O. E. ECKERT,
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

The paving work has practically come to a standstill owing to the inability to obtain cement under the city's contracts for furnishing cement. One of these contracts has been completed.

Unless a way is found to secure cement all paving work must stop. The favorable weather that we may expect for the rest of the season is short and I would recommend that enough cement be purchased on the open market to complete the work on Main street to Homer street and on St. Joseph street from Middle to Everett street.

Both of these streets are torn up and in a dangerous condition at this time.

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

Complying with your request in resolution of August 30th, relative to special

assessment rolls which have not been confirmed, would say that I have examined fifteen rolls, three of which will be brought to the attention of the council for confirmation at this session.

I respectfully request one more week in which to report on the other twelve.

Respectfully,
F. H. PRESLEY,
City Comptroller.

Request granted.

Honorable Mayor and City Council,
Gentlemen:

Agreeable to your order April 19, 1920, I herewith submit supplementary special assessment roll for actual cost.

Paving Shiawassee st. from Washington avenue to Seymour avenue.

Respectfully,
JOHN S. BENNETT,
Assessor.

Received and placed on file.

To the City Council,
Gentlemen:

I hereby appoint F. L. Dodge of the First ward, a member of the police and fire board to fill the unexpired term of E. W. Spencer, resigned.

B. A. KYES,
Mayor.

By Ald. Howe—That the appointment be confirmed.

Whereas this council did to-wit on April 19, 1920 adopt a resolution presented by Ald. Redfern reading as follows:

Whereas the city council did by resolution duly adopted on the 15th day of December, 1919, declare it to be a necessary public improvement to extend East Park Terrace from the north end of said street to May street in the city of Lansing and

Whereas in said resolution this council did particularly describe parcels of land required for said public improvement, and did also determine a special assessment district upon which the expense of acquiring or taking all the property necessary for the purpose aforesaid should be spread, and

Whereas in said resolution the city clerk was directed to cause notice of said public improvement and all other matters in said resolution contained to be given any and all persons interested therein, with which order the city clerk has complied, and

Whereas all persons interested have been given an opportunity to be heard by this council and to make any suggestions and corrections or to appeal from the action taken by the council and that no one has appeared in opposition thereto, and

Whereas negotiations have been had with the owners of said parcels of land described in said resolution and the said owners have offered to sell said parcels of land for the purpose of making said improvement,

Now, therefore, be it resolved by this council that the offer of Louise Karkau, owner of that parcel described as the east 31.5 feet of lot 11 of block 2 of Prine's subdivision of the city of Lansing, and the offer of Harry Elliot owner of that parcel described as the west 3.5 feet of lot 12 of block 2 of Prine's addition to the city of Lansing, be and the same hereby are accepted for the purpose of making said public improvement and extending said street.

Resolved further, That when the proper warranty deeds of said premises, together with abstracts of title and tax histories, posted to date of delivery, and certificate of the city attorney that the title of said parcels of land is free and clear from any and all encumbrances are

presented to the city clerk, that thereupon said city clerk be and he hereby is authorized to draw a warrant upon the city treasurer in the sum of \$2,500 in favor of said Louise Karkau and also a warrant upon the city treasurer in the sum of \$37.50 in favor of Harry Elliot, which shall be delivered to the proper parties upon receipt of the deeds and other papers specified and said warrants shall be drawn upon the contingent fund, which shall be reimbursed for said amount when the same shall have been raised.

Resolved further, That the entire cost of said improvement shall be defrayed by special assessments upon the lands and premises in that part of the city especially benefited by said improvement as described in said resolution passed by this council on the 15th day of December, 1919.

Resolved further, That the city assessors are hereby directed to make a special assessment upon the owners and occupants of said taxable real estate for the total cost of said improvements, that such sum shall be assessed in proportion, as near as may be, to the advantage and benefit that each lot or parcel or subdivision is deemed to acquire; that assessment shall in all things be made, levied and collected in the same manner as provided by the city charter.

Resolved further, That such special assessment made as herein directed be returned to the city council on the 3rd day of May, 1920, or as near thereafter as possible.

ORDINANCES.

Ald. Doughty introduced the following ordinance which was read a first and second time by its title and referred to the committee on ordinances.

An ordinance for the appointment of a central counting board and to define duties, term of office, and compensation of members thereof and to designate meeting place.

The city of Lansing ordains:

Section 1. There is hereby created a Central Counting Board, to tally, check, and to certify to, in the manner as prescribed by law, for the checking, tallying and certification of results of all primaries, regular and special elections as shall be held within the corporate limits of the city of Lansing.

Section 2. The Central Counting Board

shall consist of one member for each voting precinct in the city of Lansing, to be appointed by the council for the term of one year.

Section 3. Before entering upon the duties of the office each member of the Counting Board shall subscribe to the Constitutional Oath of Office and the same shall be administered by the clerk of the city of Lansing, the mayor, president of the council, or any other officer legally qualified, to administer oaths of office.

Section 4. The council shall, not less than thirty days prior to any election or primary day, by resolution, designate the place and time the board shall meet, and the clerk of the city of Lansing shall notify all members of said Counting Board in writing.

Section 5. Upon any primary or election day the board shall meet at the time and place as designated by resolution of the council, and elect a chairman, who is hereby vested with, and shall perform all duties, and shall have same authority as the chairman of Board of Election Inspectors in a voting precinct. The chairman shall apportion the work of counting and tallying the ballots, but not less than three members shall be assigned to tabulating ballots received from any one precinct. If, at the time of meeting, of said County Board any member shall fail to be present at such meeting, or if for any reason any member shall be unable to serve at such time, such vacancy may be filled in the same manner as provided by law for the filling of vacancies by a Board of Election Inspectors.

Section 6. Upon any primary or election day the cans containing the ballots in different precincts shall be delivered as hereinafter provided, to Counting Board at 10:00 o'clock a. m., and not less than every two hours thereafter, or oftener if the Counting Board shall so elect.

Section 7. The chairman of the Counting Board shall appoint two persons to accompany the vehicle used for the transporting and delivery of ballots from election voting places to the Counting Board.

Section 8. The board of election inspectors in all voting places shall, upon demand and authority from the Counting Board, securely fasten and seal up all cans or containers, then being used for deposit of ballots, and deliver same to the accredited representatives of the Counting Board, and each can or container before leaving the voting place shall be plainly and legibly marked by the chairman of the board of election inspectors in a conspicuous place as follows:

This Can Contains

.....votes from
..... precinct
..... ward.

Election held on

Section 9. Upon delivery of cans or containers the board of inspectors shall immediately place other cans or containers for deposit of ballot.

Section 10. The vehicle used for transporting and delivery of ballots shall be as signed to use of the Counting Board for the entire day and shall be operated by the police department and shall have and is hereby given right of way over all other vehicular traffic.

Section 11. The election returns of each

voting precinct shall be kept separate and the returns thereon made by the Central Election Counting Board in the same manner as though they were made by the election boards of the various voting precincts. And the city clerk shall hereafter deliver to said Counting Board all the necessary tally sheets and books for the statement of the vote which have been heretofore delivered to the board of election inspectors of each precinct.

Section 12. The compensation of the members of the Central Election Counting Board as herein provided shall be the same as that provided by law as compensation for inspectors of election.

It shall be unlawful for any member of said board at any time during the day or said primary or election up until the time for closing of the polls of such primary or election to disclose or in any way give out any information relative to the count of ballots on any candidate or proposition to be voted upon, and no person or persons other than the members of said board or members of the police department who may be detailed for special duty with such board shall remain within such distance of the place where the ballots are being counted as may be designated by the board during such time as the polls are open.

Section 13. Any person or persons violating any of the provisions of this ordinance and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars (\$500.00), and in default of the payment of such fine such person or persons shall be imprisoned in the city jail until such fine is paid, not exceeding the term of ninety days.

By Ald. McClellan—

PUBLIC IMPROVEMENT II.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted July 21, 1919 for grading and graveling Foster avenue from Michigan avenue to Vine street are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Foster avenue within the north line of Michigan avenue and the south line of Vine street and extending back from said Foster avenue a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street.

That the estimated expense of said improvement is \$762.

That the expense of such improvement in public street and alley intersections is \$62 which shall be paid by the city out of the Eighth ward highway fund.

That all of the remainder of said estimated expense, to wit, the sum of \$700 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses

and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

Nays—None.

CONSTRUCTION OF SEWERS AND DRAINS, I.

By Ald. Leonard—

It is the opinion of the city council of the city of Lansing, that for better

sanitation, public convenience and general drainage purposes, the construction of a sewer in Hayford ave. from sewer north of Kalamazoo to 4 rods south of Kalamazoo street, as petitioned for, is desirable, therefore, be it resolved:

That the city engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned, in the Toll Gate sewer and drain district, and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof and further, that he shall make and furnish to this council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Leonard, Main, McClellan, Sanders, Trager—14.

Nays—None.

CONSTRUCTION OF SEWERS AND DRAINS, No. II.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That it is the intention of said council to construct 150 feet of sewer in Hayford avenue, from sewer north of Kalamazoo street to four rods south of Kalamazoo street, in the Toll Gate sewer and drain district, and that the plat and diagram thereof made and returned by the city engineer be received and placed on file in the office of the city engineer where the same may be found for examination;

Further that the city council meet at the city council rooms on Monday, the 20th day of Sept., 1920, at 8 p. m., to consider any suggestions and objections that may be made by parties interested with respect to said sewer, and that the city clerk publish a notice thereof in accordance with section 275 of Chapter 18 of the charter.

The premises deemed to be especially benefited by this improvement are lots 397, 398 and 399, Leslie Park Sub.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Leonard, Main, McClellan, Sanders, Trager—14.

SIDEWALK RESOLUTION.

By Ald. Eddy—

Resolved by the city council of the city of Lansing: That it is a necessary public improvement and it is hereby determined that a new artificial stone sidewalk five feet wide shall be built in front of west 34½ feet of lot 11, block 2, Prine's subdivision of Jas. Seymour's subdivision on a w ¼, section 10, on the west side of East Park Terrace, owned by Louis Kar-kau.

Also in front of east 62½ feet of lot 12, block 2, Prine's subdivision of Jas. Seymour's subdivision on a w ¼, section 10, on the east side of East Park Terrace, owned by Harry Elliott, and that the owners of said above described lands be and they are hereby required to build

the same and in accordance with the specifications on file in the office of the city engineer on or before the 23d day of October, 1920.

That the superintendent of public works is authorized and directed to proceed to construct such artificial stone walk in front of the above described premises after the expiration of said date, upon the failure of the owner or owners of the parcels herein described to construct the same as hereby required; and that the expense of constructing the same shall be paid out of the contingent fund, and the city assessors are hereby directed to assess the expenses of constructing the same against said described land as provided by section five of Ordinance No. 23, of the Revised Ordinances of the city of Lansing, and Chapter 17 of the city charter.

The city clerk is directed to give due notice hereof by publication of a notice of this resolution for three successive days as provided by said Ordinance No. 23.

The special committee to whom was referred the matter concerning the sale and distribution of government food supplies begs leave to report as follows:

On examining the records the first reference we find in relation to the purchase and distribution of surplus government supplies is a resolution offered by Alderman McClellan on July 14, 1919, which reads as follows:

Resolved by the city council of the city of Lansing; that the mayor appoint a committee to try to obtain for the citizens of Lansing a quantity of the food supplies now held by the government and, if obtainable, to supervise its distribution at cost. This resolution was passed by a unanimous vote of the council. The mayor

appointed as such committee Aldermen McClellan, Gross and Doughty.

As a result of the passage of this resolution correspondence was had with government officials and several shipments of commodities sent to Lansing for sale and distribution.

The first question your committee attempted to decide was whether or not this was city business. We admit that business of this nature is not provided for by the charter, but we do agree that to all intents and purposes it had its inception by virtue of the above resolution which instructs the food committee to obtain supplies and "supervise its distribution at cost" and consequently was city business. An examination of the correspondence confirms this contention. Reference is repeatedly made, by government officials to the fact that these goods are for sale to municipalities, states, counties, etc. These goods were sold on credit when the order was signed by the "mayor or properly authorized official." The mayor, on August 30, 1919, in his letter to Major O. V. Wilcomb asked for a "price list on all goods offered to municipalities." It is of record that when goods were sold to jobbers they "will only be made on a cash basis." The shipments were made to the "Mayor of Lansing." The goods were paid for by city vouchers and the city council directed the disposition of the profits of these transactions. After considering these various showings we are led to believe, that to all intents and purposes it was city business. The theory has been advanced that because so much work was required of this committee and because they were responsible for the handling of so much money that it was not more than fair that the individual members should receive compensation for their services. This contention is not tenable since it cannot be held legally that the members of any regular committee should receive extra compensation because the responsibility was great and their duties onerous, involving the expenditure at least of much of their time. All this is waived when taking the oath of office to honestly fulfill the duties required of an alderman under the terms of the charter. It has been argued also that in the event of a loss the committee would have been required to make up the deficiency since the city could not have been held responsible. We do not think this argument is logical although we do admit that it is a debatable question. We believe that the U. S. government officials, inferred, at least, that these goods were being sold to the city of Lansing and that the faith and credit of the city was responsible for the payment of the same and we believe further that had there been a loss instead of a profit it would have been taken care of by the city and not by the members of the committee.

A partial report was made by this committee on December 22, 1919. However, we have not had a report showing who received pay for services and as to how much they received. We agree that this was a short-sighted policy and laid the foundation for criticism which has eventually come. Having in mind the provisions of the charter, and also the liability of being criticized if they took extra compensation this committee should have come to this council and stated their case; this

body then would no doubt have empowered them to either employ clerks or would have voted them reasonable pay for their services. In conclusion, we recommend that all this money be returned to the city treasury.

OSMOND C. HOWE,
W. E. TRAGER,
H. S. FOWLER.

By Ald. Howe—

That report of the committee be adopted.
Carried.

By Ald. Britten—

Resolved, That whereas, in the judgment of this council, it is no longer necessary or desirable that that portion of Birch street lying between Albert street and the right of way of the Lansing Manufacturers' Railroad be used for street purposes and in the judgment of this council, it is desirable and for the public benefit, that said portion of Birch street be vacated and no longer held for street purposes and that the city be relieved from the expense of improving and maintaining said portion of

said street.

Now therefore, be it resolved by this council that that portion of Birch street lying between Albert street and the right of way of the Lansing Manufacturers' Railroad be and the same is hereby vacated, discontinued and abolished.

Adopted by the following vote:

Yeas—Ald. Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager.—15.

Nays—None.

The following resolution was taken from the table:

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas, a resolution was duly adopted by this council on July 14, 1919, as follows:

"That the mayor appoint a committee to try to obtain for the citizens of Lansing a quantity of food supplies now held by the government, and if obtainable to superintend its distribution at cost." The above resolution was unanimously adopted and the mayor appointed as such committee, Ald. McClellan, Gross and Doughty and

Whereas, the said committee so appointed and acting under said resolution did obtain a quantity of food from the United States government and did then and there undertake to sell and dispose of them in accordance with said resolution. Later on said committee made its report on September 15th, 1919, to the council, showing that there was a profit upon said goods, notwithstanding the fact that it was understood that they should be sold at cost, and on December 22nd, 1919, this council passed a resolution authorizing the profit so obtained to be deposited in the contingent fund for the benefit and maintenance of the social center, which resolution was unanimously adopted; and

Whereas, it appears from further report of said committee that the gross sales of said property amounted to \$42,436.29; that the amount paid for the same was \$39,701.16; leaving a profit to the city of \$2,735.13, less the expenses they were to, and which items of expense, as appear from the said report amount to \$460.08. That according to said report a considerable portion of said expense was taken out by members of this council as follows: G. W. Gross, 3 1/2 days labor at \$10.00, \$37.50; J. McClellan, 14 1/4 days labor at \$10.00, \$147.50; F. W. Redfern, 7 days at \$10.00, \$70.00; Louis Neller, for services on wood committee, \$50.00 and F. H. Presley, city comptroller, 20 days at \$2.50, \$50.00; and

Whereas, there appears no record in the clerk's office or in the journals of this council authorizing the said councilmen to take such money from said fund, and further, that the original resolution plainly said the same was to be sold at cost, thereby indicating that no charge for services were to be made, that the taking of the same from the city treasury without authorization is clearly contrary to the principle in which they were appointed and their duties under our charter as aldermen.

Therefore, be it resolved, that the said aldermen and city comptroller and Louis

Neller be directed to return the said amounts to the contingent fund of the city treasury.

Adopted by the following vote:

Yeas—Ald. Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, Sanders, Trager.—15.

Nays—None.

By Ald. Main—

Resolved by the city council of the city of Lansing:

Whereas the city attorney at a meeting of the city council on Monday, September 10, rendered a verbal opinion as to the legal procedure as to the care and construction of streets being paved, or repaved, as they affect that portion of the street occupied by the city street car lines.

Therefore be it resolved, That the city attorney be directed to reduce said opinion to writing as a matter of public record.

Adopted by the following vote:

Yeas—Ald. Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager.—15.

Nays—None.

By Ald. Burgess—

Resolved by the city council of the city of Lansing:

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.

To the Honorable Mayor and City Council
of the City of Lansing,
Gentlemen:

I respectfully call your attention to the
fact that the street railway construction
now being put in Michigan ave., from the
old to the new city limits, is not of such
a nature that a sheet asphalt pavement
can be successfully laid adjacent to it.
If the present type of street railway con-
struction is to remain in this section of
the street, I would recommend that a
concrete pavement be placed on the south
side of the street railway tracks in such
a manner that it could be used for a base
for another pavement when a more per-
manent type of street railway construc-
tion is put in.

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.

Hon. Mayor and City Council of the City
of Lansing,
Gentlemen:

I herewith submit to your honorable
body the special assessment roll for a
curb and gutter in Cleveland street from
May street to Sheridan street.

Also special assessment roll for a curb
and gutter in Wall street from Center to
Cedar street

Also special assessment roll for a curb
and gutter in Johnson ave. from May
street to Sheridan street.

Also the special assessment roll for a
curb and gutter in Clifford street from
Michigan ave. to Eureka street

Respectfully submitted,

WM. C. HINMAN,
Assessor.

Received and placed on file.

Hon. Mayor and City Council.

Gentlemen:

Agreeable to your order I herewith
submit following assessment rolls, estimate

JOHN S. BENNETT,
Assessor.

Received and placed on file.

To the Honorable Mayor and City Coun-
cil,
Gentlemen:

I hereby submit to your honorable body
the special assessment rolls for the fol-
lowing:

Curb and gutter in Washtenaw street
from Pine street to Butler street.

Curb and gutter in Middle street from
St. Joseph street to Main street.

Curb and gutter in Main street from
Middle street to West street.

Respectfully submitted,

HAROLD H. CAMPBELL

Received and placed on file.

To the Mayor and City Council, Lansing,
Michigan,
Gentlemen:

I herewith submit my opinion in rela-

tion to the matters that have been brought before this council relating to the paving of streets on which the street railway company operates, and especially that portion of the street over which the railway track runs.

For our guidance in this matter we must look to the franchise which was granted the street railway company, and under which it is now operating, the same being Ordinance No. 50 of Ordinances of the City of Lansing. Section 2 of the said ordinance provides in part as follows: "When any street traversed by said street railway shall be paved or repaved, the said Lansing City Electric Railway Company, its successors or assigns, shall pay the expense of paving between the rails and for a width of eighteen inches on each side of its tracks within the time as is given for the payment of special assessments for such paving in the Mayor's warrant attached to the special assessment roll."

Nowhere in this ordinance does it make any provision for the street railway company to pave or re-pave between its tracks or any portion of the street. The paving and repaving is entirely a matter for the city, but the railway company must pay for the pavement between its tracks and for eighteen inches each side of the same.

Section 3 of the said ordinance provided "Shall keep the surface of the street inside the rails in good order and repair and as far outside of the rails as the pavement of the surface of the street is disturbed by laying or repairing said tracks." This would indicate that the street railway company should keep in repair at all times the pavement within its tracks and on each side thereof after the same has been paved or repaved. In this regard, should they neglect to keep it in proper repair, there can be no doubt that the city might repair the same and assess it against the railway company. As to the original construction of the tracks over the streets, I do not feel that the city has any authority to dictate to the railway company as to either foundation or bed for said tracks, as that is a matter that the railway company should regulate itself, as it operates its own cars over the same. But when it comes to a question of pavement, it is entirely a different matter.

The question was asked: "If the bed between the tracks of the railway company was not proper for a foundation for a pavement, what steps should be taken in that matter?"

In answering this, I will say that the city is not to look upon the street railway company's works as being any part of the street, especially as to its foundation. It is the duty of the city to see that the foundation is properly made for its pavement, regardless of whether there be any street railway over the same or not. That is, if the track was filled with loose stone, such as would make it improper on which to build pavement, they should lay the proper foundation and if the ties of the railway company under its tracks were so laid that they would be liable to give way and cause damage to the pavement, it should correct that evil,

to the end that when the pavement was finished it would be complete and properly finished.

Very respectfully,

D. G. F. WARNER,

City Attorney.

Received and placed on file.

By Ald. Britten—

Resolved by the City Council of the City of Lansing:

Whereas, due to the World's War and its resulting economic causes, prices of all commodities were subjected to an abnormal advance; and

Whereas, the cessation of actual hostilities occurred more than twenty-two months ago, and there now exist no economic reasons for the rise of war prices; and

Whereas, manufacturers, wholesalers and retailers throughout a large portion

of the country have actually entered into a readjustment and price-reducing, and particularly in some of the cities of Michigan, to the end that business of all kinds may become stable and normal. No good reason can be given why conditions and prices should not faster return to normal, if each community and the business interests thereof would abate the evil tendency of profiteering. This is evidenced by the fact that there is today millions of bales of last year's cotton crop in the warehouses, with an over-crop the present year. Our present year's wool clip and a greater part of last year's in the warehouses; with one of the largest crops of sugar ever known coming onto the market, and an over-production of many of the other materials, and a crop of food stuffs not known before for many years. As an example of the cut in prices in many parts of the country, we cite the cut in automobiles, lumber, cotton, wools and food stuffs generally, and especially a very material price reduction made by the large retail mail order houses of Chicago.

And Whereas, the local consumers (except it be in the cut in automobiles) have not reaped any material benefit of a cut in war prices, which is deemed due to the fact that the local dealers have not entered into the spirit of the times.

It is undoubtedly a fact that dealers will necessarily lose to some extent in the readjustment on goods that were purchased at the peak of the market; but this loss is counter-balanced many times by the profits made by the same dealers upon the stock of goods on a rising war market.

And Whereas, because of a failure of the local dealers to co-operate in the undertaking to lower prices business is impaired, the progress of the city retarded, its citizens unlawfully called upon to contribute to an unrighteous greed, and the city gains an unenviable reputation.

Therefore, be it resolved, that the Mayor appoint a committee of six, consisting of three aldermen and three members of the Chamber of Commerce, to investigate the cause and reason for the continuance of the high prices in this city, and if possible bring about a readjustment of conditions as they now exist, and that they report their doings and progress to this council within two weeks.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

Mayor appointed as such committee, Ald. Britten, Avery, and Burgess—M. R. Carrier, William Brogan and A. B. Robertson.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

Whereas, the contract for constructing and building the two rest houses at the

city hall has been let for a great length of time; and

Whereas, progress on said work has been in the past very slow and unsatisfactory; and

Whereas, it is the judgment of this council that the said contractor has taken an unreasonable and unnecessary amount of time to complete said work, and that the condition of the work at the present time is such that if the work could be expedited said rest houses could be opened and ready for use within a very short time;

Therefore, be it resolved, that the committee on public buildings be instructed to notify the contractor and architect to proceed immediately and complete said work within a period of two weeks from the date hereof, and that should the work not be completed at such time, the contractors bond will be deemed forfeited and the building committee is hereby directed to procure the necessary labor and materials on the open market and to finish and complete said rest house as soon as possible thereafter and to charge the extra cost of such work, if any, to the balance which may be due said contractor.

By Ald. Howe—

That the resolution be laid on the table for one week.

Lost by the following vote:

Yeas—Ald. Avery, Burgess, Doughty, Dymond, Howe, Redfern, Trager.—7.

Nays—Ald. Britten, Clapham, Eddy, Fowler, Klock, Leonard, Main, McClellan, Sanders.—9.

Original motion now being before the council Ald. Avery offered as a substitute motion.

That in case said contractors fail to complete rest houses within two weeks that Ald. Britten be directed to superintend the completion of the work in accordance with his resolution.

Lost by the following vote:

Yeas—Ald. Avery, Doughty, Dymond, Howe.—4.

Nays—Ald. Britten, Burgess, Clapham, Eddy, Fowler, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager.—12.

Original motion now being before the council it was

Adopted by the following vote:

CONSTRUCTION OF SEWERS AND DRAINS, I.

By Alderman Leonard.

It is the opinion of the City Council of the City of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Porter street extended from East line of M. C. R. R. to Larch street, as petitioned for, is desirable, therefore, be it Resolved:

That the City Engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this Council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, McClellan, Redfern, Sanders, Trager—15.
Nays—None.

SIDEWALK RESOLUTION

By Alderman Klock.

Resolved by the City Council of the City of Lansing: That it is a necessary public improvement and it is hereby determined that the sidewalk in front of south 2 rods of west 4 rods of lot 18, block 18, on the north side of Monroe street, owned by A. E. Shadduck, shall be repaired or rebuilt, and that the owner of said above described lands be and he is hereby required

to build the same and in accordance with the specifications on file in the office of the City Engineers on or before the 21 day of November, 1920.

That the Superintendent of Public Works is authorized and directed to proceed to construct such artificial stone walk in front of the above described premises after the expiration of said date, upon the failure of the owner or owners of the parcel herein described to construct the same as hereby required; and that the expense of constructing the same shall be paid out of the contingent fund, and the city assessors are hereby directed to assess the expenses of constructing the same against said described land as provided by section five of Ordinance No. 23, of the Revised Ordinances of the City of Lansing, and Chapter 17 of the city charter.

The City Clerk is directed to give due notice hereof by publication of a notice of this resolution for three successive days as provided by said Ordinance No. 23.

To the honorable mayor and city council:
Gentlemen:

Agreeable to your resolution of August 23, 1920, the city board of health met and referred the matter of the disposition of material and the remodeling of the old building on grounds of the proposed isolation hospital on East Michigan avenue, to the hospital committee of the board who report as follows:

"The chairman of the hospital committee reported that the attached plans for remodeling building on the hospital grounds were considered and as the esti-

mated cost was \$5500, this committee recommended that the remodeling not be done at this time. And further that the material now lying on the hospital grounds on East Michigan avenue had not been sold and that the committee would recommend that no action be taken looking toward disposition of this material until some definite program had been decided upon.

"That the present detention hospital on Grand avenue and Shiawassee street be put in repair for the coming year and that an earnest effort be made to carry out the wishes of the people in the construction of an up-to-date detention hospital."

The board concurred in this recommendation and further recommend that a hospital be constructed on this site within the bond issue at the earliest possible date.

Respectfully submitted,

City Board of Health.

Jason E. Nichols, Pres.

Referred to committee on health.

The Honorable, the City Council, Lansing, Michigan.

Gentlemen:

A resolution adopted by your honorable body on September 13, 1920, reads as follows:

"Resolved by the city council of the city of Lansing:

"Whereas, it appears that the Lansing Fuel & Gas Co. is not supplying to consumers gas of a quality or standard equal to the quality or standard as established to be furnished to consumers by Michigan Public Utilities Commission, now therefore be it resolved,

That it be the order of this council that the Lansing Fuel & Gas Company be and they hereby are directed to immediately furnish gas for use of consumers, of a quality and standard, as established by Michigan Public Utilities Commission, resolved further, that the city clerk be directed to send copy of this resolution to Michigan Public Utilities Commission.

"Adopted by the following vote:

"Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Leonard, Main, McClellan, Sanders, Trager—14.

"Nays—None."

This commission has caused to be made a very thorough study of the gas service being rendered by the Lansing Fuel & Gas Company to the gas consumers in Lansing. This study was made by the commission's engineering staff during the period from September 20, 1920, to October 6, 1920.

The quality of gas service rendered is primarily controlled by the pressure at which the gas is delivered to the customer's burner and the calorific value of the gas at that point. Service quality is reflected in the mind of the consumer of gas, practically entirely by the adequacy or inadequacy of these two elements.

To determine the pressure at which gas is delivered to the consumer's burner, engineers have made sixteen (16) pressure tests, each of twenty-four (24) hours' duration in every section of the

city. A tabulation showing the locations at which tests were made and the results of such tests follows:

Pressure in Inches of Water.

Location	Max.	Min.	Av.
1015 S. Washington. (1)	7.7	5.0	6.2
1810 Linval (2)	7.5	2.8	5.7
818 S. Chestnut..... (3)	8.3	6.0	u.9
724 N. Walnut..... (4)	8.2	4.6	6.5
1125 Seymour (5)	8.0	5.0	6.4
613 W. Willow..... (6)	7.9	3.5	5.9
116 Horton (7)	3.5	2.8	3.5
1917 Jerome (8)	9.4	3.5	5.8
212 Fairview (9)	6.0	3.5	4.9
421 Wall (10)	7.4	3.7	5.7
*1125 Seymour (11)	7.8	4.6	6.2
1407 Cent (12)	8.2	2.9	6.2
109 Custer (13)	3.4	2.5	2.9
906 Eureka (14)	8.0	2.4	5.7
206 S. Larch (15)	7.0	2.5	5.1
701 W. Washtenaw. (16)	6.8	3.4	5.1

*Duplicate of No. 6.

Tests numbers 7, 8, 9 and 13 were made on high pressure services with house governors attached. The remainder were made on ordinary pressure services.

The limits between which pressure may vary and still render proper service are a minimum of two inches and a maximum of eight inches. With but four exceptions all tests reflect adequate pressure. Test No. 8 indicates a faulty house governor, in that it did not close properly when the use of gas ceased. In general, the pressure survey tends to show that there is ample pressure throughout the entire system.

Periodic tests of the heating quality of the gas have been made by our engineers and in every instance the gas has been found to be well above the commission's usual specifications.

Yours very truly,

SHERMAN T. HANDY,

Commissioner.

Referred to committee on gas matters.

Received and placed on file.

To the honorable mayor and city council
of the city of Lansing,
Gentlemen:

I submit herewith plans for a bridge
to be constructed at Main st. over the
Michigan Central Railroad, by the railroad
company. The bridge is to be con-
structed of heavy timber with steel string-
ers and wood block or asphalt paving.

The roadway is 24 feet wide and two
sidewalks each five feet in width are
provided.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

By Ald. Doughty—

That the plans be approved.

Carried.

REPORT OF COMMITTEE.

The committee on supplies to whom was
referred the resolution of Ald. Avery re-
lative to purchasing tires and tubes in
wholesale lots from the Racine Tire &
Rubber Co., begs leave to report as
follows: We recommend that the resolu-
tion be adopted.

H. S. FOWLER,

G. R. EDDY,

A. E. DYMOND,

Committee on Supplies.

Received and placed on file.

The committee on streets to whom was
referred the remonstrance of J. L. Norris
and 13 others against the paving and
grading of Walnut st., from Isaac st. to
Robert st., begs leave to report as fol-
lows:

This street was ordered paved after a
petition had been filed, which petition
contained the names of the majority of
property owners on the street. Bonds
were voted to construct the pavement.

The street if not graded will be left in
a dangerous condition, because it is about
five feet higher at the south end of Wal-
nut st. than Robert st. at the intersec-
tion of the two streets.

We therefore recommend that the work
of grading and paving this street be pro-
ceeded with.

Respectfully,

W. T. BRITTEN,

F. W. REDFERN,

O. C. HOWE,

By Ald. Britten—

That the report of the committee be
adopted.

Carried.

The committee on ordinances to whom
was referred the proposed amendment to
sec. 6 of the so called "Traffic Ordinance"
begs leave to report as follows:

We recommend that the ordinance be
passed.

JOHN McCLELLAN,

A. E. DYMOND,

O. C. HOWE,

Committee on Ordinances.

Received and placed on file.

referred the petition to gravel and build-
ing necessary crosswalks on Eaton Road
from Strathmore Road to Greenlawn ave-
nue, Greenlawn avenue from Eaton Road
to Wayburn Road, and Wayburn Road

from Greenlawn avenue to Strathmore
road begs leave to report as follows:
We recommend that the petition be
granted.

W. T. BRITTEN,

F. W. REDFERN,

O. C. HOWE,

Committee on Streets.

Received and placed on file.

The committee on streets to whom was
referred the petition to grade Weldon ave-
nue from Edward street to Mt. Hope ave-
nue and Edward street from Weldon ave-
nue to Moores Road begs leave to report as
follows: We recommend that the petition
be granted.

By Ald. Britten—

That the report of the committee be
adopted.

Carried.

The committee on gas matters to whom
was referred the communication of the
Lansing Fuel & Gas Co., relative to gas
mains in Teel avenue begs leave to report
as follows: We recommend that whereas
this extension will take 1,150 ft. of 4 in.
cast iron pipe at a cost of \$1,495 and only
six consumers signed up on this extension,
we recommend same be granted providing
the said petitioners accept the agreement
of the Lansing Fuel & Gas Co's communi-
cation of October 9 at October 11th session.

A. H. LEONARD,

H. S. FOWLER,

A. H. DOUGHTY,

Committee on Gas Matters.

By Ald. Leonard—

That the report of the committee be
adopted.

Carried.

The committee on public lighting to
whom was referred the petition for an
electric light on W. Lenawee street be-
tween S. Logan and S. Butler begs leave
to report as follows:

Upon investigation we find there are
lights on both the corner of Logan and
Butler and we feel there are other places
a light would be of more service, we recom-
mend the petition be not granted.

A. E. DYMOND,

E. D. KLOCK,

H. S. FOWLER.

By Ald. Dymond—

That the report of the committee be
adopted.

Carried.

The committee on streets to whom was
referred the petition to grade and gravel
Francis avenue from Michigan avenue to

Elizabeth street-begs leave to report as follows:

We recommend the petition be granted.

F. W. REDFERN,
O. C. HOWE,

Committee.

Received and placed on file.

The committee to whom was referred the extension of water mains in Elmhurst addition begs leave to report as follows:

Whereas, The Electric Light and Water Board has certain rules by which they place their mains and in cases where there is not enough taps to warrant them a reasonable return they will not place such mains unless the property owners finance such extensions and be reimbursed as per agreement, we recommend if the property owners are willing to finance such improvements that the mains be extended as soon as possible.

A. E. DYMOND,
A. H. DOUGHTY,
OSMOND C. HOWE.

By Ald. Dymond—

That report of committee be adopted. Carried.

The committee on sidewalks to whom was referred the matter of constructing new sidewalk in front of property at 101 N. Cedar street, owned by M. Frappier, begs leave to report as follows:

The sidewalk in question was an old tar walk about six inches below grade,

with some bad and dangerous cracks in it. Three aldermen and the superintendent of public works examined this walk and decided it should be replaced with a new one. This committee is of the opinion that no injustice has been done.

G. R. EDDY,
E. D. KLOCK,
S. S. MAIN.

By Ald. Eddy—

That report of the committee be adopted. Carried.

CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, Notice to taxpayers and per-

sons interested in the construction of 150 feet of sewer in Hayford ave., from sewer north of Kalamazoo st. in the Toll Gate sewer and drain district of the city of Lansing, having been duly given as required by the charter of said city, and the said city council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration, it is hereby determined by said city council that such sewer is a necessary public improvement; and it is determined by such city council to construct the same as originally set forth in a resolution adopted by such city council on the 13th day of Sept. A. D. 1920, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the city engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the city clerk, and it is further resolved, That the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said city council, for the construction of said sewer passed upon the 13th day of Sept. A. D. 1920, excepting from said described districts all public streets and alleys.

That the estimated expense of such improvement is \$120 of which one-sixth or \$20 shall be paid from the general sewer fund and the remainder or \$100, shall be defrayed by special assessment, upon all taxable lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the owners and occupants of the houses and lands within said district in proportion to the advantage which shall accrue from the construction of such sewer.

That the city assessors be and hereby are instructed to make an assessment in accordance with the terms of the above resolution, and report the same to this council at the next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

SIDEWALK RESOLUTION.

By Ald. Eddy—

Resolved by the city council of the city of Lansing:

That it is a necessary public improvement and it is hereby determined that a new artificial stone sidewalk, six feet wide shall be built in front of lot 277, Foster Farm Addition on the east side of Foster ave., owned by Paul A. Lane.

Also in front of lot 278, Foster Farm Addition on the east side of Foster ave., owned by C. J. Amies.

Also in front of lot 279, Foster Farm Addition on the east side of Foster ave., owned by R. Shively.

Also in front of lot 280 Foster Farm Addition on the east side of Foster ave., owned by O. V. Reeves estate.

Also in front of lot 281, Foster Farm Addition, on the east side of Foster ave., owned by J. Doane.

Also in front of lot 282, Foster Farm Addition on the east side of Foster ave., owned by R. A. Hartman.

Also in front of lot 283 Foster Farm Addition, on the east side of Foster ave., owned by J. W. Bailey company.

Also in front of lot 284, Foster Farm Addition on the east side of Foster ave., owned by Wilson Smith and that the owners of said above described lands be and are hereby required to build the same and in accordance with the specifications on file in the office of the city engineer on or before the 27th day of Nov. 1920.

That the superintendent of Public Works is authorized and directed to proceed to construct such artificial stone walk in front of the above described premises after the expiration of said date, upon the failure of the owner or owners of the parcels herein described to construct the same as hereby required; and that the expense of constructing the same shall be paid out of the contingent fund, and the city assessors are hereby directed to assess the expenses of constructing the same against said described land as provided by section five of Ordinance No. 23, of the Revised Ordinances of the city of Lansing, and chapter 17 of the city charter.

The city clerk is directed to give due notice hereof by publication of a notice of this resolution, for three successive days as provided by said ordinance No. 23.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

ORDINANCES.

By Ald. Fowler—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The mayor called Ald. Fowler to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance entitled "An ordinance to amend section 6 of an ordinance entitled 'An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriages, motors and vehicles propelled or driven by motive power or otherwise on the streets of the city of Lansing,'" and would recommend that the same be passed.

Council then resumed regular session. By Ald. Fowler—

That rule No. 23 be suspended and the amendment to sec. 6 of the so called "Traffic ordinance" be now read a third time.

Adopted by the following vote.

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

The ordinance under consideration was then read a third time as follows:

An ordinance to amend Section 6 of an Ordinance entitled: "An Ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriages, motor and vehicles propelled or driven by motive power or otherwise on the streets of the city of Lansing," as passed by the city council on August 25th, 1920.

The city of Lansing ordains:

Section 1. Section 6 of an ordinance passed by the city council August 25th, 1920, entitled, "An ordinance to regulate traffic and the use of carts, wagons, drays, coaches, omnibuses, bicycles, motorcycles, automobiles and every description of carriages, motors and vehicles propelled or driven by motive power or otherwise on the streets of the city of Lansing," is hereby amended to read as follows:

Section 6. All vehicles shall, except as hereinafter provided, be parked parallel to and within two feet of the curb, provided that on streets which are not equipped with a curb such vehicles shall park parallel to and within two feet of the gutter line. Provided further, that all vehicles shall be parked parallel on but one side of the following streets, viz, on Ottawa street west between Washington avenue and Walnut street on the north side of Ottawa street; on Allegan street west between Capitol avenue and Walnut street on the south side of Allegan street; on Washington avenue south from the Grand Trunk railway to Baker street on the west side of Washington avenue; on Baker street from Washington avenue to Cedar street on the south side of Baker street; on Isaac street from Chestnut street to Logan street on the north side of Isaac street; on Logan street south from Isaac street to the Grand Trunk railway tracks on the west side of Logan street, on Capitol avenue south from Kalamazoo street to Lenawee street on the east side of Capitol avenue; on Townsend street from Kalamazoo street to Lenawee street on the west side of Townsend street. Provided further, that no vehicles shall be parked in the north half of the block on Washington avenue between Shiawassee street and Genesee street. Provided further, that on Washington avenue from Lenawee street to the middle of the block between Shiawassee street and Genesee street and on Michigan avenue from Capitol avenue to the M. C. R. R. tracks all vehicles shall be parked at an angle of 45 degrees, and shall not be parked on said last named avenues within such district and also on Allegan street from Capitol avenue to Grand avenue and on Ottawa street from Capitol avenue to Grand avenue, for a longer period than two hours between the hours of 8:00 a. m. and 8:00 p. m. Provided further, that on Turner street from Franklin avenue to Clinton street and on Washington avenue north from a point 66 feet south of Franklin avenue, and north to Willow street, all vehicles shall be parked at an angle of 45 degrees. No vehicle shall be parked for a distance of thirty feet in front of the entrance of hotels and theaters, provided that the chief of police causes suitable "No Parking" signs to be placed in

front of said theater and hotel entrances. No vehicle shall double park on any street. No vehicle shall stop on any crosswalk. No vehicle shall stop with its left side of the curb. No vehicle shall park within fifteen feet of any fire hydrant. Every vehicle, when left standing on any street, if not in the immediate presence or control of the driver or operator, shall, if propelled by horse the said horse shall be hitched, and if a motor vehicle shall have its engine or other propelling mechanism or motive power stopped or not running.

By Ald. Fowler—

That the rules be suspended and the amendment to the so called "Traffic Ordinance" just read a third time be now passed.

Adopted by the following vote:

Yeas — Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

Honorable Mayor and City Council,
City of Lansing, Michigan.
Gentlemen:

We have noted in the council proceedings of October 18th, your intention to proceed with the construction of a segmental block sewer from Pennsylvania avenue to the Red Cedar river crossing through city property under control of our board.

At the regular meeting of this board October 25th, a resolution was unanimously adopted instructing the writer to enter written protest on behalf of the board against this kind of construction. It is the belief of the board that the only positively safe method of construction through this ground for the proper protection of the city's water supply is to build this sewer of cast iron hub and spigot pipe with leaded joints.

Yours respectfully,

BOARD OF WATER AND ELECTRIC
LIGHT COMMISSIONERS,

Oscar E. Bulkeley,
Acting Supt.

Referred to the committee on sewers and city engineer.

REPORTS OF CITY OFFICERS.

REPORT OF COMMITTEE.

The committee on streets to whom was referred the petition for curb and gutter on Genesee street, from Dorrance Place to Leshar Place, begs leave to report as follows:

We recommend that the petition be granted.

W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE,

Committee on streets.

Received and placed on file.

The committee on streets to whom was referred the petition to grade and gravel Middle street, from Isaac street south to the railroad, begs leave to report as follows:

We recommend that the petition be granted.

W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE,

Committee on Streets.

Received and placed on file.

The committee on streets to whom was referred the petition for curb and gutter in Rumsey avenue, from Vine street north one block, begs leave to report as follows:

We recommend that the petition be granted.

W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE,

Committee on Streets.

Received and placed on file.

The committee on bridges to whom was referred the petition from residents adjacent to Pere Marquette bridge across Cedar river, and relative to the flow of

stream at that point, begs leave to report as follows:

We have made careful and thorough examination of conditions at this point, and find that the old wooden piers of a previous railroad trestle were not removed but cut off about three feet above river bed. The dredging to remove sand and to deepen channel at this time, would in the opinion of your committee be of no practical benefit until the city shall own and control the dam at North Lansing. We would therefore recommend that the Pere Marquette Railroad be requested to remove the remains of piling now obstructing flow of stream.

A. H. DOUGHTY,
ELMER CLAPHAM,
W. E. TRAGER,

Committee on Bridges.

Received and placed on file.

The committee on public buildings to whom was referred the communication of the city engineer on June 21st, regarding additional room necessary for the engineer's office, begs leave to report as follows:

We recommend that the room now used by the police department for a detention room for female prisoners be turned over to the engineer's department with the exception of the room in the northeast corner. The room in the northeast corner is to be used for a private office for the health officer.

Plans are on file in the city engineer's office showing the details of the proposed changes and we recommend that the changes in the partitions and doorways be made as shown on said plans. We recommend further that the police department be given permission to use the room used for the women's toilet in the city hall as a detention room for women prisoners as soon as the comfort stations are completed.

We recommend that the city engineer be authorized to order what material he may deem necessary to make these changes so they can be made as quickly as possible after the rooms become available.

The estimated cost of the contemplated changes is \$1500. We recommend that the expense of doing this work be charged to the contingent fund to be replaced with an item in the 1921 budget.

Respectfully submitted,

E. S. AVERY,
G. R. EDDY,
ELMER CLAPHAM.

Received and placed on file.

The special committee to whom was referred the investigation of the Industrial School property, relative to purchasing same for the city's use, report as follows:

Your committee have endeavored to go into this matter in a careful way, trying to satisfy ourselves that same would be of value to the city in future years. There is a demand for more hospitals, both general and contagious.

Three of the members of this committee were chosen for the reason of their understanding of the city's needs, as well as to whether or not the present buildings could be used to good advantage

and at a saving to the city. We called in on this investigation the state sanitary engineer, Edward Rich, and also Dr. Deacon of that department, to get their judgment as to the sanitary conditions of the buildings and surroundings.

The main building, we find could be remodeled into a splendid general hospital at an estimated cost of approximately \$55,000. This would accommodate 350 beds. In this building could be a children's ward and also a maternity ward.

The building 300 feet to the east of the general office building now known as the Industrial building, could be remodeled into a splendid contagious hospital. It is large enough to accommodate 250 to 300 patients. The remodeling of this building would cost approximately \$35,000, fireproof floors.

The buildings now used as cottages and class rooms could all be used for homes for nurses and attendants. There could also be located the Associated Charities offices, the health center, the social center and any other of the societies that have to do with the health and social conditions of the city.

There are suitable buildings to be used for storage of cars belonging to the department that would be located there. And a competent man could be kept to keep these cars in proper condition. We have secured the options on two descriptions of the property owned by the state which is attached to this report. One of which is all of that tract of ground lying south of Franklin avenue and east of Pennsylvania avenue, consisting of 167 acres. And also parcel of land lying east of Pennsylvania avenue, taking in all buildings and the ground to about the distance of 200 feet east of same, consisting of 40 acres. The price named is the first option, comprising the 167 acres is priced at \$1,135,000. The second option, comprising all buildings, is \$500,000.

It is almost impossible for your committee to estimate the value of the location and surroundings of the property, located nearly in the center of the city, on one of the main boulevards.

We therefore recommend that a resolution be passed appointing a special committee and the city attorney to proceed with plans placing the question before the people of the city of Lansing to be voted on at the next general or special election.

We therefore recommend the adoption of this report.

F. W. REDFERN,
O. C. HOWE,

OPENING OF BIDS

The following bids were received for grading Welden and Edward streets.

Bid of Farrell Bros.\$2,200.00

Bid of Gohr Bros.\$1,620.00

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the bid of Gohr Bros. for the grading of Welden and Edward streets for the sum of \$1,620.00 being the best and lowest bid, that same be and hereby is accepted, and be it further resolved that the mayor and city clerk be directed to execute a contract with the said Gohr Bros. in behalf of the city of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of city clerk in accordance with section 92 of city charter.

REPORT OF CITY OFFICERS.

To the Honorable Mayor and City Council of the City of Lansing,

Gentlemen:

The city planning commission at a meet-

ing held Friday afternoon, October 29, 1920, unanimously passed the following resolution.

By Mr. Bement—

"Resolved by the city planning commission of the city of Lansing that the bridge about to be built by the Michigan Central Railroad over their tracks at Main street be ordered built three feet higher than the plans now call for in order to avoid expensive changes later, when general track elevation is started by all the railroads in the city.

Resolved further that a copy of this resolution be transmitted to the city council with the recommendation that the grade of E. Main street from Hosmer street to Beech street be established so as to provide for raising the bridge over the Michigan Central Railroad track three feet.

Resolved further, that this commission concurs in the recommendation contained in the preliminary report of the city planner on the transportation problem in this city in which he recommend the elevation of the railroads and the depression of the streets in order to eliminate grade crossings.

A copy of said preliminary report is attached hereto.

Respectfully submitted,

O. E. ECKERT, Secretary.

Received and placed on file.

To the Honorable Mayor and City Council
In accordance with section 148 of city charter, I am herewith submitting report of uncollected taxes:

Total amount of roll\$1,026,865.29
Amount collected to date ... 978,905.07

Amount uncollected\$ 47,960.22

Respectfully submitted,

FRIEDA A. SCHNEIDER, City Treasurer.

Received and placed on file.

I submit herewith a letter from the state sanitary engineer approving the plan of sewers in the district north of Potter Park and making a recommendation which has been complied with by changing the plan of the outlet.

Respectfully submitted,

O. E. ECKERT, City Engineer.

Received and placed on file.

October 15, 1920.

Mr. Otto E. Eckert,
City Engineer,
Lansing, Michigan.
Dear Sir:

I have examined the proposed plans for a system of sewers in the district north of Potter Park and south of the Pere Marquette Railroad. These plans have been approved.

The system provides for an outlet from a point in Pennsylvania ave. about 200 feet south of Walsh street to the Cedar river. This plan shows that the outlet sewer will at no point be within 100 feet of the municipal wells of the city of Lansing now built. I am of the opinion that with a sewer at this distance no serious danger to the public water supply would be created, but from the fact that the use of compressed air will create a heavier draft on the wells than has heretofore been the case it is possible that there would be a chance for the ground water lying near the surface to

flow down along the casing and gain access to the well. For this reason it seems to me that it would be advisable for additional safety to lay this segment block with a 6-inch concrete jacket across the property of the water department.

The safety of the water supply is further protected by the maintenance of liquid chlorine treatment at the pumping station. It is possible that the water from these wells at times would be of such a quality as to not require chlorination, but on account of the proximity of the wells to the Cedar river it is highly improbable that this can be depended upon and it would seem necessary that facilities for chlorination should always be maintained at this station and used at all times except when it may be conclusively shown that it is temporarily not necessary.

Very truly yours,

EDWARD D. RICH,
State Sanitary Engineer.

REPORT OF COMMITTEE.

The committee on public buildings, to whom was referred the communication of A. C. Laycock, relative to compensation for extra work and overseeing work of redecorating of city hall building, begs leave to report as follows:

They find that said Laycock has devoted considerable extra time to the work and has been obliged to forego his usual vacation on account thereof and we recommend that he be allowed the sum of one hundred dollars (\$100.00) as extra compensation.

E. S. AVERY,

G. R. EDDY,

ELMER CLAPHAM,

By Ald. Avery—

That report of committee be adopted.
Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

The committee on ordinances, to whom was referred the ordinance amending Sec. 48 of ordinance regulating the manner of making assessments for sewers and drains and defining sewer and drain districts, begs leave to report as follows: We recommend that the ordinance be passed.

JOHN MCCLELLAN,

A. E. DYMOND,

O. C. HOWE,

Committee on Ordinances.

Received and placed on file.

The committee on bonds and contracts to whom was referred the application for dance hall license at Maccabee hall, 312½ N. Washington ave. begs leave to report as follows:

We recommend the licence be granted.

L. B. SANDERS,

E. D. KLOCK,

E. S. AVERY.

Committee.

By Ald. Sanders—

That the report of the committee be adopted.

Carried.

The committee on sewers to whom was referred the resolution of the board of water and electric light commissioners begs leave to report as follows:

Your committee had a joint meeting with the board of water and electric light commissioners on Friday, October 28, 1920. The board retired from the meeting after a thorough discussion regarding the building of the sewerage system north of Potter Park. On their return to the meeting they reported that a motion to reconsider their resolution regarding the construction of these sewers failed to carry and that therefore their position was the same as communicated to the city council on October 25, 1920.

Your committee submits herewith the correspondence between the city engineer and the board. It will be noted that the plans for the sewer were prepared in accordance with "2" in the communication from the board dated.

Inasmuch as this plan is approved by the state sanitary engineer and recommended by the city engineer and by the city consulting engineer on sewerage, Colonel W. C. Hoad, we recommend that the work proceed as formerly ordered by this council.

Respectfully submitted,

A. H. LEONARD,
H. S. FOWLER,
E. C. CLAPHAM,

Received and placed on file.

BONDS APPROVED.

The junk dealer bond of Ewald Rach as principal with G. C. Kopietz and Frank Preuss as sureties, was approved.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

MOTIONS, RESOLUTIONS AND

NOTICES.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That sewer and drain resolution No. 4, ratifying and confirming the assessment roll for a sewer in Mt. Hope ave. from Donora street sewer to east 385 feet, also a sewer in Mt. Hope ave. from Lyons ave. sewer to west 235 feet, be and is hereby rescinded.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending October 30, 1920 was received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

I hereby petition to be allowed to connect with the sewer in East St. Joseph street in front of lot 16, block 4, Manufacturers Addition in as much as the sewer in the alley in the rear of this property is inadequate.

HORACE S. RECTOR.

Referred to the committee on sewers.

To the honorable mayor and city council: Gentlemen:

At a regular meeting of the cemetery and park board, Nov. 5, 1920, I was instructed to communicate to you a request from the board that you cause, the telephone poles on N. Pennsylvania avenue to be removed.

Very respectfully;

J. A. PARSONS, City Clerk.

Referred to the committee on streets.

To the mayor and city council, Lansing, Michigan:

Gentlemen:

In re: Matter of Frank Brisblin paying tax for Grand avenue.

This matter was referred to me some time ago for an opinion, and I gave an oral opinion the week following, but owing to the fact that the same appears to be

unsettled as yet, I take this opportunity of presenting to you a written opinion.

It appears that the paving tax on this street that was assessed to Frank Brisbin is eighteen feet or thereabouts more frontage than was paved in front of this property. The charter of the city of Lansing, section 250, provides: "In case of grading, graveling, paving, or other street improvements, shall be according to foot frontage, and shall make out an assessment roll in which shall be entered the names of persons and descriptions of property assessed."

It is very clear that no greater assessment could be levied upon Brisbin, or any other resident in front of whose premises pavement had been made, than their actual foot frontage. This proposition may work a hardship in some instances to the individual and in other instances to the city, but as long as it states that, we will conform thereto. It appears that in front of the Brisbin property there was eighteen feet of old pavement that had been built some years ago, which was included in the measurement and the tax levied against his property. This assessment is illegal and void to the extent of that part of the pavement on which the last assessment was made. It has been talked that the old pavement had never been paid for. That would make no difference, as it could not be assessed under the present scale for building pavements as it is of different quality and built at a time when material and labor was much cheaper, and I will further state, had it not been paid for, the city will have to stand the loss, for if they have slept upon their rights for a period of over six years and permitted the statute of limitations to run against it, they would be the one at fault and have to bear the same.

I advise that the amount assessed against Mr. Brisbin, over and above his actual frontage that was built during this last pavement, be remitted, and that this council, by resolution, instruct the city treasurer to receive the amount of tax upon said Brisbin property, and that the same be in accordance with the legal assessment, and that the amount that has been assessed against this eighteen feet be re-assessed against the assessment district, or if said council in its wisdom deems the matter of too small importance, it may be paid from the general fund.

Very respectfully,

D. G. F. WARNER.

Received and placed on file.

To the honorable mayor and city council of the city of Lansing:
Gentlemen:

I herewith present you with plans and estimate of cost for a sewer in Washington avenue, from Willow street to Franklin avenue.

Estimated cost	\$670.20
City one-sixth	111.70

To be assessed\$558.50

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Received and placed on file.

The following resolution was taken from the table:

By Alds. Howe and Redfern—

Whereas the special committee to whom

was referred the investigation of the purchase for the city's use of the State Industrial School property have reported relative to the same at this session, stating that the buildings on such property could be remodeled to provide for the general and contagious hospital needs, as well as the needs of the organizations working for and in behalf of health and social conditions of the city; and

Whereas said committee in their report state that they have secured options on two descriptions of property, one for \$500,000 which covers that portion of the Industrial School property taking in all buildings thereon, and an option on a 167 acre tract at \$1,135,000; and

Whereas said committee recommends that a special committee and the city attorney be appointed to proceed with plans placing the question before the people to be voted on at the next general or spring election;

Therefore, be it resolved, that a special committee and the city attorney be appointed to investigate conditions, to formulate plans, to provide for publicity and public hearings on the question, so that this council may be advised in this matter by citizens generally and to draw and prepare all necessary resolutions for the placing of the question of the purchase of this property before the electors of the city of Lansing, to be voted upon at the earliest possible time, either at the general spring election in 1921, or at such later date as this council may deem advisable.

By Ald. Redfern—

That the resolution be laid on the table for one week.

By Ald. Fowler, Burgess and Trager—

Resolved by the city council of the city of Lansing:

That, whereas the city market is not in use for market purposes during all hours of the day, and

Whereas, due to parking congestion on the business streets it has become extremely difficult for farmers who have entered the city for business purposes to find a suitable place to park their vehicles, and,

Whereas, the city market was constructed for the purpose of bringing farm produce directly to the consumer and to induce farmers to come to the city to do business, therefore be it

Resolved, that the market committee be authorized to extend the privilege of parking to farmers and others under such rules and regulations as they may deem best.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.
Nays—None.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas, there was an apparent error in the assessment roll for paving tax on the property of Frank Brisbin on Grand

avenue, in this that the said Frank Brisbin was assessed for 18 feet more frontage than was actually paved;

Therefore be it resolved, that the city treasurer be and is hereby instructed to accept payment of the tax from Frank Brisbin in the amount he should have actually been taxed, which amount is the amount now on the assessment roll, less the tax for eighteen feet.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

By Ald. Leonard:

That the council accept the invitation of the committee on Armistice Day and to meet in a body to take part in the parade next Thursday.

Carried.

By Ald. McClellan—

Whereas, the city council did, by res-

olution duly adopted on September 27, 1920, declare that it is deemed necessary for the use and benefit of the public to open a street in block four (4) of the A. F. Cowles subdivision, in the city of Lansing, across lots six (6), seven (7), eight (8) and nine (9) of said block four (4) between Cowles street and Logan street in said city.

Whereas, in said resolution it was deemed to be necessary for such purpose to appropriate therefor and take, without the consent of the owners thereof, certain private property, which was particularly described in said resolution as follows; to-wit,

"The south thirty seven and six tenths (37.6) feet in width of lots six (6) and nine (9) and the north two and ninety-four hundredths (2.94) feet of lots seven (7) and eight (8) of block four (4) of the A. F. Cowles subdivision in the city of Lansing, county of Ingham and state of Michigan."

And whereas, said city council did in said resolution direct the city clerk to cause notice of said public improvement and the pendency of said resolution to be given to all persons interested therein, that the city council would meet at the time and place mentioned in said resolution for the purpose of hearing objections, if any, to the proposed improvement to the taking of the property in said resolution described, for the purpose designated and to every other matter and thing in said resolution contained, which said notice was duly given by said city clerk.

And whereas, the persons interested in said resolution have been given an opportunity as aforesaid to be heard by this council and no one appearing in opposition to said improvement;

Therefore be it resolved, by said city council of the city of Lansing, that it is a public necessity and it is hereby determined by said city council that it is necessary for the use and benefit of the public to open a street in block four (4) of the A. F. Cowles subdivision, in the city of Lansing, across lots six (6), seven (7), eight (8) and nine (9), of said block four (4) between Cowles street and Logan street, in said city, as herein more fully described.

Resolved further, and this council does hereby determine that it is necessary for such improvement to appropriate therefor, and to take without the consent of the owners thereof, private property; to-wit, the following described parcels of real estate and any and all right, title and interest of any and every person therein and to the following described lands; to-wit,

"The south thirty-seven and six tenths (37.6) feet in width of lots six (6) and nine (9) and the north two and ninety-four hundredths (2.94) feet of lots seven (7) and eight (8) of block four (4) of A. F. Cowles subdivision, in the city of Lansing, county of Ingham and state of Michigan."

Resolved further, that the assessment district, as set forth in said resolution of September 27, 1920, be and the same is hereby ratified and confirmed.

Resolved further, that the city attorney be and is hereby directed to insti-

tute the necessary proceedings in a court of competent jurisdiction to condemn and take such private property for the purpose aforesaid.

(The question being on the passage of the resolution, the mayor announced that under section 92 of the charter of of city of Lansing, the resolution will remain on file with the city clerk at least one week.)

By Ald. Britten—

CONSTRUCTION OF SEWERS AND DRAINS, No II.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That it is the intention of said council to construct 440 feet of sewer in Washington avenue from Willow street to Franklin avenue in the 10th and 22nd sewer and drain district, and that the plat and diagram thereof made and returned by the city engineer be received and placed on file in the office of the city engineer where the same may be found for examination;

Further that the city council meet at the city council rooms on Monday, the 15th day of November, 1920, at 7:30 p. m. to consider any suggestions and objections that may be made by parties interested with respect to said sewer, and that the city clerk publish a notice thereof in accordance with section 275 of chapter 18 of the charter. The premises deemed to be especially benefitted by this improvement are lots 1, to 7, inclusive, block 31, lot 3 to 8, inclusive, block 32, lots 4 to 9, inclusive, block 33, lots 1 to 6, inclusive and lot 12, block 34, lots 1 to 6, inclusive, block 41 and lots 8 to 13, inclusive, block 42, excepting from said described district all public streets and alleys and lands not benefitted by this improvement.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.
Nays—None.

ORDINANCES.

By Ald. Britten—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The mayor called Ald. Doughty to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance amending section 1 of a ordinance to preserve the peace and good order of the city of Lansing, and would recommend that the same be passed.

Council then resumed regular session.

By Ald. Britten—

That council rule No. 23 be suspended and that the ordinance amending section 1 of an ordinance to preserve the peace and good order of the city of Lansing, be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.
Nays—None.

The ordinance was then read a third time as follows:

AN ORDINANCE to amend section one of an ordinance entitled, "An Ordinance to preserve the peace and good order of the city of Lansing," being ordinance number ninety-three of the 1918 compilation of Ordinances of the City of Lansing.

The City of Lansing ordains:

Section 1. Section one of an ordinance entitled "An ordinance to preserve the peace and good order of the City of Lansing," being ordinance number 93 of the 1918 compilation of the ordinances of the

City of Lansing, is hereby amended to read as follows:

Section 1. All able-bodied persons, who, not having visible means of support, are found loitering or rambling about, or lodging or loitering in sheds or barns, or in the open air and not giving a good account of themselves; all vagrants, gamblers, street beggars, common drunkards, and all persons who shall make or assist in making any disorderly noise or improper diversion constituting a breach of the peace within said city; all persons who shall collect in bodies or crowds in said city for unlawful purposes; all common prostitutes, all-keepers of bawdy houses, houses of ill-fame, assignation houses, or houses or places for the resort of prostitutes within said city; all persons whether male or female, who shall lodge or remain in any house of ill-fame in said city, or who shall visit the same, and there associate or consort with any prostitute; all persons who shall directly or indirectly solicit any person or persons in said city to visit any house of ill-fame; all persons who shall designedly make any open and indiscreet or obscene exposure of his or her person, or the person of another, or shall be guilty of gross lewdness and lascivious behavior; all fortune tellers and clairvoyants and persons pretending to tell fortunes for hire, gain, reward or profit, all persons who, for the most part support themselves by gaming or gambling; all persons who keep in any private or public place any gaming table, wheel of fortune, cards, dice box, machine, instrument or device, for the purpose of gaming and all persons who go about with such table, wheel of fortune, cards, dice, box, machine, instrument or device, exhibiting tricks or gaming therewith; all persons who shall be drunk or intoxicated in any assembly of people or any street, lane, alley, highway, park, railroad track, or on any railroad or street car, shall be deemed disorderly persons.

By Ald. Britten—

That the ordinance entitled "An ordinance to amend section one of an ordinance entitled 'An ordinance to preserve the peace and good order of the city of Lansing'" be now passed.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.
Nays—None.

By Ald. Leonard—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The mayor called Ald. Doughty to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance entitled "An ordinance to amend section 48 of an ordinance entitled, "An ordinance regulating the manner of making assessments for the construction of sewers and drains and defining the sewer and drain

districts," revised and passed May 16, 1913, as amended May 17, 1915, as amended July 12, 1915, as amended May 15, 1916, as amended March 3, 1919, as amended July 7, 1919, and would recommend that the same be passed.

Council then resumed regular session.

By Ald. Leonard—

That council rule No. 23 be suspended and the ordinance amending the ordinance relative to sewer and drains be now read a third time.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

The ordinance under consideration was then read a third time as follows:

An ordinance to amend section 48 of an ordinance entitled "An ordinance regulating the manner of making assessments for the construction of sewers and drains and defining the sewer and drain districts," revised and passed May 16, 1913, as amended May 17, 1915, as amended July 12, 1915, as amended May 15, 1916, as amended March 3, 1919, as amended July 7, 1919.

The city of Lansing ordains:

Section 1. That section 48 of an ordinance entitled, "An ordinance regulating the manner of making assessments for the construction of sewers and drains and defining the sewer and drain districts," revised and passed May 16, 1913, as amended May 17, 1915, as amended July 12, 1915, as amended May 15, 1916, as amended March 3, 1919, as amended July 7, 1919, be amended to read as follows:

City Clerk's Office, Nov. 8, 1920.
JUDSON A. PARSONS,
City Clerk.

est bid, that same be and hereby is accepted, and be it further resolved that the mayor and city clerk be directed to execute a contract with the said Gohr Bros. Contracting company in behalf of the city of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of city clerk in accordance with section 92 of city charter.

The following bid was received for sewer in Porter street extended from M. C. R. R. to Larch street.

Bid of John Bray, \$2,450.00.

By Ald. Leonard—

That the clerk be directed to re-advertise for bids to be received on Nov. 22, 1920.

Carried.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending Nov. 13, 1920 was received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

I herewith present you with estimate of cost for graveling Bartlett street from North Genesee Street Drive to Saginaw street.

Estimated cost \$625.00.

All to be assessed.

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

I herewith report that I have filed with the city comptroller an itemized list of the artificial stone intersections, approaches and alley walk built and repaired during the past season, showing the amount which has already been charged to the ward funds, and the amount to be transferred from the various funds to the credit of the sidewalk fund, as follows:

First ward	\$124.69
Second ward	209.09
Third ward	30.96

By Ald. McClellan—

Whereas, the city council did, by resolution duly adopted on September 27, 1920, declare that it is deemed necessary for the use and benefit of the public to open a street in block four (4) of the A. F. Cowles subdivision, in the city of Lansing, across lots six (6), seven (7), eight (8) and nine (9) of said block four (4) between Cowles street and Logan street in said city.

Whereas, in said resolution it was deemed to be necessary for such purpose to appropriate therefor and take, without the consent of the owners thereof, certain private property, which was particularly described in said resolution as follows; to-wit,

"The south thirty seven and six tenths (37.6) feet in width of lots six (6) and nine (9) and the north two and ninety-four hundredths (2.94) feet of lots seven (7) and eight (8) of block four (4) of the A. F. Cowles subdivision in the city of Lansing, county of Ingham and state of Michigan."

And whereas, said city council did in said resolution direct the city clerk to cause notice of said public improvement and the pendency of said resolution to be given to all persons interested therein, that the city council would meet at the time and place mentioned in said resolution for the purpose of hearing objections, if any, to the proposed improvement to the taking of the property in said resolution described, for the purpose designated and to every other matter and thing in said resolution contained, which said notice was duly given by said city clerk.

And whereas, the persons interested in said resolution have been given an opportunity as aforesaid to be heard by this council and no one appearing in opposition to said improvement;

Therefore be it resolved, by said city council of the city of Lansing, that it is a public necessity and it is hereby determined by said city council that it is necessary for the use and benefit of the public to open a street in block four (4) of the A. F. Cowles subdivision, in the city of Lansing, across lots six (6), seven (7), eight (8) and nine (9), of said block four (4) between Cowles street and Logan street, in said city, as herein more fully described.

Resolved further, and this council does

hereby determine that it is necessary for such improvement to appropriate therefor, and to take without the consent of the owners thereof, private property; to-wit, the following described parcels of real estate and any and all right, title and interest of any and every person therein and to the following described lands; to-wit,

"The south thirty-seven and six tenths (37.6) feet in width of lots six (6) and nine (9) and the north two and ninety-four hundredths (2.94) feet of lots seven (7) and eight (8) of block four (4) of A. F. Cowles subdivision, in the city of Lansing, county of Ingham and state of Michigan."

Resolved further, that the assessment district, as set forth in said resolution of September 27, 1920, be and the same is hereby ratified and confirmed.

Resolved further, that the city attorney be and is hereby directed to institute the necessary proceedings in a court of competent jurisdiction to condemn and take such private property for the purpose aforesaid.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas the city council did on the 11th day of October, 1920, pass a resolution determining it to be a public necessity to purchase or obtain by condemnation proceedings a portion of lot 68 of Highland Park addition to said city, the same being

a strip of land eighteen feet in width across the entire length of said lot and off the north side thereof for the purpose of repairing and straightening North street at a point near the alley about half way between High street and New York avenue; and

Whereas it has since been ascertained that said strip of land may be obtained by purchase for the sum of \$600.00;

Therefore, be it resolved, that the city clerk be authorized and he is hereby ordered to draw an order on the city treasurer for the sum of \$500, said order being payable to Jennie D. Parker, or order, the owner of said property, and said order to be delivered to her upon her execution and delivery of a warranty deed of the above described strip of land said deed, the title to the property and tax history to be approved by the city attorney.

Be it further resolved that the city assessor be requested to provide a description of an assessment district, to be incorporated in the proper resolution, to be introduced at the next regular session of this council, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Eritten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Nays—None.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas the city council did on the 8th day of November, 1920, pass a resolution instructing the city treasurer to accept payment of a tax from Frank Brisbin in the amount he should have actually been taxed, and whereas through error, said resolution stated that he should pay the amount of tax now on the assessment roll, less the tax for 18 feet, and whereas, when in truth and in fact the said Frank Brisbin should pay for but 18 feet of frontage, the same being the amount of pavement actually constructed on Grand avenue south of Washtenaw street;

Therefore be it resolved, that the city treasurer be and is hereby instructed to accept payment of the tax from the said Frank Brisbin in the amount he should have been actually taxed, which amount is the amount now on the assessment roll, less the tax for 48 feet, and the said resolution of November 8th, 1920, is hereby modified and corrected as above set forth.

Adopted by the following vote:

Yeas—Ald. Avery, Eritten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Nays—None.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, the city of Lansing did enter into an agreement in writing on the 4th day of February, 1920, with the American By-Product & Chemical Co. for the sanitary disposal of the garbage of the city;

And whereas, by the terms and conditions of said agreement the said American By-Product & Chemical Co. that not

later than July 1, 1920, they would have a suitable garbage disposal plant of sufficient size, and capacity to dispose of all the garbage collected in said city during the term of said agreement, which was ten years, and that the same should be conducted in such a manner as not to become a public nuisance or private nuisance in any manner or any time, and further agreed to engage in the business of disposing of said garbage in a sanitary manner;

That said company have failed to comply with the terms of said agreement and have violated and broken said agreement by failing to comply each and every of the foregoing terms and conditions and have permitted to accumulate a large quantity of garbage, which is in the open, being a pile about 40 feet by 50 feet and six feet deep, that the same as it now is, is both a public and a private nuisance, unsanitary and a menace to good health;

Therefore be it resolved, that the said company be granted 30 days in which to remedy the evils complained of and to comply with their agreement in all things and should they fail so to do then said agreement, be forfeited and terminated; and that the clerk of the city of Lansing cause a copy of this resolution to be served upon said company.

PUBLIC IMPROVEMENT II.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted June 1, 1920, for graveling Bartlett street,

from North Genesee Street Drive to Saginaw street, are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Bartlett street within the north line of North Genesee Street Drive and the south line of Saginaw street and extending back from said Bartlett street a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$625.00.

That all of said estimated expense, to wit, the sum of \$625.00, shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Eritten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Referred to committee on ordinances.

A communication was received from Michigan Coin Lock Co. in regard to placing coin locks for pay toilets in comfort stations.

On motion of Ald. Leonard the communication was laid on the table.

OPENING OF BIDS.

The following bids were received for constructing a sewer in the extension of Porter st. from the M. C. R. R. to Larch st.

Bid of John Bray\$2,100.00

By Ald. Lenoard, Fowler and Clapham:

Resolved by the city council of the city of Lansing:

That the bid of John Bray for the construction of a sewer in the extension of Porter st. from the M. C. R. R. to Larch st., be rejected and city engineer be authorized to have work done by day labor.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and

measures for the week ending Nov. 20, 1920, was received and placed on file.
To the Honorable the Mayor and City Council, Lansing, Michigan:
Gentlemen—

Whereas, the city council did on the 15th day of November, 1920, direct the purchase from one Jennie D. Parker of a certain description of property for the purpose of straightening and repairing North st. at a point near the alley about half way between High st. and New York ave., and by said resolution the city attorney was directed to approve the title and tax history to said property. Through a clerical error lot 68 of Highland Park Addition was mentioned in said resolution as the lot which was desired, when in truth and in fact the resolution should have read lot 29 of block one of Handy Home Addition. This error arose by reason of the fact that the blue print map and letter of the city engineer referred to Highland Park subdivision, a lot from which subdivision was originally planned to purchase for this purpose. It was later deemed advisable to abandon the original plan and to purchase a portion of a lot lying diagonally across the street, and through an error, as above stated, the figures 68 from said blue print were taken instead of 29, which was the correct lot number.

A resolution correcting this error has been prepared and will be introduced at this session of the council.

I have examined the title and tax history, however, to lot 29, block 1, of Handy Home Addition, and find the title to said property to be in Jennie D. Parker, and that from the tax history that said lot is free and clear from any tax liens. I therefore recommend that the corrected resolution be passed as introduced at this session, so that the deal for this property may be closed.

Respectfully,

ALLAN R. BLACK,
Assistant City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council:

Gentlemen—

I submit herewith for your approval, city treasurer's surety bonds in the sum of \$604,800.00, covering the amount of state and county tax plus 10% as required by law.

Respectfully,

F. H. PRESLEY,

City Comptroller.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:
Gentlemen—

I herewith submit report of the cost of grading Fairview ave. from Elizabeth st. to Harton st.:

Labor	\$577.57
Printing	7.10

\$584.67

Respectfully submitted,

A. WINEGAR,

Superintendent of Public Works.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:
Gentlemen—

I herewith present you with plans and estimate of cost for grading Weldon ave. from Mt. Hope ave. to Edward st. and Edward st. from Weldon ave. to Moores st.:

Estimate of cost	\$1,905.00
Sixth Ward Highway	200.00

To be assessed \$1,705.00

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.

REPORT OF COMMITTEE.

The committee on public health to whom was referred the motion of Ald. Howe to rescind a resolution of this council directing the board of health to procure plans for constructing a detention hospital, begs leave to report as follows:

Your committee met with the board of health and the matter of constructing a detention hospital was thoroughly discussed. It was the opinion of the 15 prominent physicians in attendance at the meeting that the hospital should be constructed at once, also expressed themselves as opposed to the purchase of old buildings for hospital purposes. We therefore recommend that the resolution of Nov. 8th should stand, and that the motion of Ald. Howe to rescind the said resolution should not be passed.

W. E. TRAGER,
A. H. LEONARD.

Committee on Health.

By Ald. Trager—

That the report of the committee be adopted.

Carried.

The committee on public buildings to whom was referred the resolution of Ald. Fowler relative to cost of connecting the city heating system with the city hall building, begs leave to report as follows:

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas the city council did on the 11th day of October, 1920, pass a resolution determining it to be a public necessity to purchase or obtain by condemnation proceedings a portion of lot 68 of Highland Park Addition to said city, for the purpose of repairing and straightening North st. at a point near the alley about half way between High st. and New York ave.; and

Whereas on November 16, 1920, the said council did pass a resolution directing the city clerk to draw an order on the city treasurer for the sum of \$500, said order being payable to Jennie D. Parker, the owner of said property which was to be used for the above mentioned purpose; and

Whereas through a clerical error said property was erroneously referred to in both of said resolutions as lot 68 of Highland Park subdivision, when in truth and in fact lot 29 of block one of Handy Home addition to the said city of Lansing was the property meant and wished for said purpose; and

Whereas the city attorney has at this meeting filed an opinion approving the title and tax history of lot 29, block one of Handy Home addition as being in Jennie D. Parker;

Therefore, be it resolved, that it is determined to be and is a public necessity that said North st. should be repaired and straightened at a point about half way between High st. and New York avenue by purchase of the north eighteen feet off from lot 29, block 1, of Handy Home addition to the said city of Lansing from the said Jennie D. Parker; and

Be it further resolved, that the city clerk be authorized, and he is hereby ordered to draw an order on the city treasurer for a sum of \$500, said order being payable to Jennie D. Parker, the owner of said property, the said order to be delivered upon her executing and delivering a warranty deed of the above described strip of land, said deed to be approved by the city attorney.

Be it further resolved, that the resolutions heretofore passed on the 11th day of October, 1920, and the 15th day of November, 1920, containing the erroneous descriptions be and the same are hereby rescinded.

Be it further resolved, that the city assessor be requested to provide a description of an assessment district to be incorporated in the proper resolution, to be introduced at the next regular session of this council, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe,

Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

Whereas the various city departments and public utility companies are now engaged in perfecting all underground work preparatory to paving Michigan ave. east and work is seriously handicapped by traffic thereon, now, therefore, as a measure to safeguard public, be it resolved, that Michigan ave., from east line of Hosmer street to west line of Clemens ave., be closed to traffic and city engineer be and he hereby is directed to place sufficient barriers in suitable locations to keep above portion of Michigan ave. closed until such time as it shall be open to traffic by order of this council.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

By Ald. Redfern—

Resolved by the city council of the city of Lansing:

That the superintendent of public works cause North street to be graded and graveled from High street to New York ave. and report back to this council the actual cost for assessment.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

SPECIAL ASSESSMENT ROLL TO ACTUAL COST.

By Ald. Redfern—

Resolved by the city council of the city of Lansing:

That the special assessment roll for grading Fairview ave., Elizabeth street to Harton street be returned to the city assessors for correction to actual cost, as reported by the superintendent of public works in a communication this day, which shall then be returned to this council at its next regular meeting.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

PUBLIC IMPROVEMENT I.

By Ald. Redfern—

Resolved by the city council of the city of Lansing:

That it is a public necessity, and it is hereby determined to grade and gravel North street from High street to New York ave.

That the city engineer be and hereby is directed to estimate the kind and quality of material to be used therefor, and to estimate in detail the probable cost and expense of such work and of the materials to be used therein, and make

a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the city council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

PUBLIC IMPROVEMENT II.

By Ald. Redfern—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted October 18th, 1920 for grading Weldon ave., from Mt. Hope ave. to Edwards st. and Edwards st., from Weldon ave. to Moores st. are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Weldon ave. within the north line of Mt. Hope ave. and the south line of Edward st. and extending back from said Weldon ave. a distance of 165 feet from each side of said street.

Also fronting on or adjoining said portion of said Edward st. within the west line of Weldon ave. and the east line of Moores st. and extending back from said Edward st. a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$1,905.00.

That the expense of such improvement in public street and alley intersections is \$200, which shall be paid by the city out of the sixth ward highway fund.

That all of the remainder of said estimated expense, to wit, the sum of \$1705.00 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

MOTIONS, RESOLUTIONS AND NOTICES

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That the Michigan United Railway Co. be requested to maintain and operate a comfort station at each end of their road in the city of Lansing for their employees use.

Referred to the committee on street railway.

By Ald. Avery—

Whereas the Michigan United Railway company did execute and deliver to the city of Lansing its certain bond for the sum of \$10,000 with the Fidelity and Deposit company of Maryland as surety thereon, on the 15th day of July, 1919, conditioned upon said Michigan United Railways company making certain definite extensions of their system, viz, double tracking their lines from the old to the new city limits on Michigan avenue and extending a double track line to Olds Motor Works, and laying the necessary tracks off Baker street to relieve the congestion morning and evening at Reo Motor Car company's plant; and

Whereas it appears to this city council that all of said improvements have been completed by the said Michigan United Railways company;

Now, therefore, resolved that the Michigan United Railways company as principal and the Fidelity and Deposit company of Maryland as surety, be released and discharged from further liability upon said bond.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Doughty, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—15.

Nays—None.

PROPOSAL

To the honorable mayor and city council of the city of Lansing:

I hereby propose to furnish all the material and do all the work of constructing sewer in Porter st. extended from sewer in Larch st. to west line of M. C. R. R. tracks in the city of Lansing (according to plans and specifications on file in the office of the city engineer for the sum of fourteen hundred dollars \$1,400),

And I hereby agree to enter into a contract within (5) days after the award is confirmed by the city council, and to complete the work on or before the date named in the specifications, and I further agree to complete the work within 30 working days, and for each and every

working day in excess of 30 working days required by me to complete said work I do hereby agree to the deduction of a reasonable amount paid by the city of Lansing for necessary inspection from any money due me in default of any of the conditions to be performed on my part, the deposit (or certified check) made by me herewith, shall at the option of the city of Lansing, be declared absolutely forfeited to the city of Lansing, but otherwise the said sum (or check) shall be returnable to me at the execution of the contract.

Dated at Lansing, Mich., the 29th day of November, 1920.

JOHN BRAY.

By Ald. Fowler—

That the same be referred to committee on sewers.

REPORT OF CITY OFFICERS.

To the Honorable Mayor and City Council:
Gentlemen:

Agreeable to your order I hereby submit the following special assessment rolls, estimated cost:

Paving Pine st. from St. Joseph st. to Isaac st. and constructing a curb and gutter in Lenawee st. from Butler st. to Logan st.

Respectfully submitted,
HAROLD H. CAMPBELL,
Assessor.

Received and placed on file.

Hon. Mayor and City Council, City:
Gentlemen:

As we have removed Marshall Truax, a leper, from a tract of land situated near Grayling, Michigan, and have a small building, furnished, which is of no use to us, I am asking what disposition your honorable body wishes made of said building and contents.

Respectfully submitted,
JAMES A. HUMPHREY,
Health Officer.

Referred to committee on city affairs.

Hon. Mayor and City Council, City:

Gentlemen:

On the occasion of my recent visit to Washington, D. C., I sought and obtained an interview with the Surgeon General, United States Public Health Service, in regard to the disposition of Marshall Truax, Lansing leper, and gained the following information.

The United States Government is negotiating for the purchase of the Louisiana Leper Colony in fact all but the final papers, which are being held up by some slight flaw in the Louisiana title to the property, are prepared.

This colony can take care of one hundred patients and at the present time have ninety-two, so until the necessary additions are made the large majority of the three hundred uncared for lepers must wait. However, the Surgeon General saw our need and made arrangements with the Louisiana authorities to take our case at once upon payment of \$5.00 per day for his care until the government finally takes over the institution when all expenses will stop. This will not be over two or three weeks I am assured and by having him there we avoid all possibility of falling to make him one of the eight to be admitted.

I have gained the necessary permission under certain restrictions, from the United State Public Health Service and also from various State Health Officers through whose state we pass for the transportation of said case, which must be at our expense.

Respectfully submitted,
JAMES A. HUMPHREY,
Health Officer.

By Ald Leonard—

That the communication be received and placed on file and the Health officer be directed to transfer Marshall Truax to destination.

Carried.

REPORTS OF COMMITTEES.

Nays—None.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, our boys responded to the call of their country in the time of dire need, and fought bravely for democracy, and by their conduct showed to the world that our country was all it is represented to be, and more; and

Whereas, more than two years have elapsed since hostilities ceased and our boys have returned to their homes and taken up the walks of private life; and

Whereas, the city of Lansing gained an enviable reputation during war times, a reputation which was heralded not only across our continent, but across the great waters to foreign countries, for its hustle and energy in the support of all war measures; and

Whereas, as yet we have done nothing to signify our appreciation and respect for the boys who so bravely served their country and responded to the call of the flag;

Therefore, be it resolved, that the mayor appoint a committee of five to take some action and means whereby something may be started and done to show our appreciation to these conquering heroes.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

That the mayor appoint a committee of three members of this body to draft suitable resolutions commending the work of the Lansing football team, also to make arrangements for a complimentary banquet for said team.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

Mayor appointed as such committee Ald. Leonard, Burgess and Doughty.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

That the superintendent of public works be instructed to proceed with the preliminary work necessary to enable the public departments of the city to obtain gravel from the pit in the property purchased for park and gravel pit purposes and known as the Bancroft park property and to charge the cost, if any, to the contingent fund.

By Ald. Britten—

That the resolution lie on the table for one week.

Carried.

PETITIONS AND COMMUNICATIONS

Frank A. Stolte applied for building permit to construct passage-way between Masonic Temple and adjoining building on the south.

On motion of Ald. Clapham, the permit was granted.

A communication was received from Congressman—P. H. Kelley acknowledging receipt of resolution of this council relative to bonus for service men.

Received and placed on file.

A communication was received from the Young Womens' Christian Association asking that the property recently purchased by them, described as S. 88 feet of W. 70 feet of lots 7 and 8, block 117, be exempt from taxation and that the December tax now assessed against this property be canceled.

Referred to committee on ways and means.

Howard Newsom, 1838 Sterling ave., filed a claim for \$5.25 cost repairing car, claimed to have been damaged by driving into water ditch on Dec. 19, 1920.

Referred to committee on city affairs and city attorney.

A communication was received from teacher of community civics of the high school, stating that five students from the class would attend the meetings of the

city council to report to their class methods pursued.

On motion of Ald. Howe, the courtesy of the floor was granted to any of the boys who may attend.

The Bond Temp orchestra applied for license to conduct a public dance hall at the Oddfellow hall, corner Capitol ave. and Kalamazoo street.

Referred to committee on bonds and contracts.

A petition was received signed by 15 taxpayers to gravel Clark street from Sheridan street to Saginaw street.

Referred to committee on streets.

REPORTS OF CITY OFFICERS

The report of the city treasurer for the month of November, 1920 was received and referred to the committee on auditing.

The report of the sealer of weights and measures for the week ending Dec. 18, 1920 was received and placed on file.

To the honorable mayor and members of the council,

Lansing, Michigan.

Gentlemen:

Sometime ago the matter was referral to me in relation to Daleford ave. and State st. I have taken some pains to investigate the matter and find the following conditions to exist.

On January 24th, 1916, the city council received from the board of control of the School for the Blind a petition to vacate a portion of Rogers street lying south of Warner street and also a portion of Maple street lying west of a point 50 feet west of the intersection of the west line of Moores subdivision with said Maple street. The said petition offered to grant and convey to the city a strip of land 30 feet in width, beginning 20 rods east of the center line of Logan st. in said city, and thence running east to the west line of Moores subdivision, adjoining a 20 foot alley on the north side of Englewood

Park addition, for the purpose of widening said alley and making a public street thereof, to be known as Daleford ave. The petition was represented and agreed to get authority from the state legislature to convey these lands to the city for said purpose, viz, the strip of land 50 feet in width, beginning at the south line of Maple street, thence running south along the east line of said street to the line of Englewood Park addition, and thence running north along the west line of said land to Warner street, for the purpose of extending Princeton ave., from Englewood Park to Warner street and further, that they will authorize the city to take immediate possession for the purpose of said street extension.

February 7th, 1916, the committee reported that the board should be granted the right to close Rogers street. The committee recommended that the street should be vacated. March 6th, 1919 a copy of the resolution of the board of control of the School for the Blind was received and referred to the committee on street, as of the meeting of February 27th, 1916, said resolution being practically the same as the proposal in their petition of March 13, 1916.

March 13th, 1916, the city passed a resolution accepting property offered for said purpose, and impliedly authorized the vacation of Rogers and Maple streets. This appeared to be all the record made of or concerning the said street, or any part thereof, and it will be observed that the same is still incomplete, for in order that the full rights to the property pass to the city, that is the property turned over or undertaken to be turned over, by the School for the Blind, would necessitate an act of the legislature or the state board of auditors, at least, and it is very doubtful if the undertaking that was made to vacate Rogers and Maple streets, coupled as it is with another resolution, is legal or sufficient.

Respectfully yours,

D. G. F. WARNER,
City Attorney.

Received and placed on file.

To the honorable mayor and city council of the city of Lansing:
Gentlemen:

In remodeling the police rooms on the second floor of the city hall for the health and engineering departments, it will be necessary to move the gas testing apparatus.

The Michigan Public Utilities Commission has investigated the service rendered by the gas company and no tests have been made by the city since the Public Utilities commission has had control of the situation.

I respectfully ask for instructions regarding this gas testing apparatus.

Respectfully submitted,

O. E. ECKERT, City Engineer.

By Ald. Howe—

That the communication be referred to the committee on public buildings and city attorney.

Carried.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

Complying with your instructions I

have investigated the possibilities for gravel at the south end of Bancroft park.

Five holes were put down at points shown on the attached sketch. No. 1 hole showed 10 feet of clay and then water and sand. No. 2 hole showed five feet of clay, then 18 inches of sand and gravel, then five feet of clay. No. 3 hole showed 12 feet of clay. No. 4 and 5 holes showed eight feet of clay. With such a heavy covering of clay it would not pay to attempt to develop a gravel pit at the south end of the park.

Respectfully submitted,

O. E. ECKERT, City Engineer.

Received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

The civic committee of the Lansing Engineer's club respectfully submits the attached information that it collected from interested citizens of Lansing, regarding the proposed new building code.

Respectfully,

A. N. BATEMAN.

O. E. ECKERT.

GEORGE J. THOMAS.

Referred to committee on ordinances.

Hon. Mayor and City Council:

Gentlemen:

Pursuant to your resolution of December 13th the Board of Health at a recent meeting referred the matter of providing more room for contagious diseases for the coming winter to the hospital committee who reported as follows:

Investigations as to the cost of portable buildings found it not advisable to purchase a building of this sort for this purpose because of the cost of light, heat and water. But would ask the city council to authorize the Board of Health to rent a suitable dwelling at a cost not to exceed \$50 per month and provide the necessary equipment and attendants.

Respectfully submitted,

GEO. O. FULLER,

Chairman Hospital Committee.

By Ald. Doughty—

That the recommendations of the hospital committee be concurred in.

Carried.

REPORT OF COMMITTEE.

The committee on bonds and contracts, to whom was referred the application for pool room license by A. W. Randall, begs leave to report as follows:

We recommend that the license be not granted.

L. E. SANDERS,

E. D. KLOCK,

E. S. AVERY,

Committee on Bonds and Contracts.

By Ald. Sanders—

That the report of the committee be adopted.

Carried.

The committee on ordinances, to whom was referred the ordinance introduced by Ald. Doughty relative to amending the ordinance dividing the city into election districts, begs leave to report as follows:

We submit herewith a substitute ordinance which provides for additional elec

tion districts in several wards of the city of Lansing, and recommend that the substitute ordinance be passed.

JOHN McCLELLAN.
O. C. HOWE.
A. E. DYMOND.
Committee on Ordinances.

Received and placed on file.

The committee on streets to whom was referred the petition to gravel Jerome street, begs leave to report as follows:

We recommend that two hundred and fifty dollars be transferred from the contingent fund to seventh ward highway fund to help keep in repair Jerome street.

O. C. HOWE,
W. T. BRITTEN,
Committee on Streets.

By Ald. Britten—

That the report of the committee be adopted.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Eddy, Howe, Main, McClellan, Sanders, Trager—11.

Nays—Ald. Dymond, Fowler, Klock, Leonard—4.

The committee on streets to whom was referred the petition to pave Allen street from Michigan avenue to Marcus street, begs leave to report as follows:

We recommend that the petition be returned for more signatures.

W. T. BRITTEN,
O. C. HOWE,
Committee on Streets.

By Ald. Britten—

That the report of the committee be adopted.

Carried.

The committee on fire department to whom was referred the application of Peter I. Ponto for building permit, begs leave to report as follows:

We recommend that the application be granted.

ELMER CLAPHAM,
A. H. DOUGHTY,
O. C. HOWE,
Committee on Fire Dept.

By Ald. Clapham—

That the report of the committee be adopted and the city clerk authorized to issue the permit.

Carried.

The committee to whom was referred the matter of investigation of the high cost of living, begs leave to report as follows:

In comparison of the average prices for the necessities of life in the public eating places in other cities of the state with the average prices of the same commodities in the public eating places in Lansing; and in noting the great number of people out of employment or working a less number of hours of the day, and noting the wages of men having been materially reduced, and feeling confident that the high cost of the necessities of life along all lines is rapidly making conditions unbearable to the citizens of Lansing, and to avoid the necessity of a boycott as recommended in other

cities of the state, we recommend the following:

1. That the prices of foods as offered in the public eating places be materially reduced.

2. That the public be invited to meet with the different business men at such a time and place that may be suggested at a later date to discuss the present prices for the necessities of life.

3. Upon investigation of prices of materials of all nature, your committee finds that the average prices in Lansing are abnormally high and that they have not decreased in proportion to the cost of production, and in proportion to the prices as offered the producer. We therefore recommend that a material decrease in the prices of all commodities along all lines be made speedily and in reasonable time.

Respectfully submitted,

W. T. BRITTEN,
E. S. AVERY,
C. H. BURGESS,
Committee.

By Ald. Britten—

That the report of the committee be adopted.

Carried.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, on the 15th day of November, last, this council adopted a resolution to the effect that the American Bi-Product and Chemical company was not complying with the conditions of the contract heretofore made and entered into by and between said company and the city of Lansing and by the terms of said resolution the said American Bi-Product and Chemical company had thirty days in which to remedy the evils complained of in said resolution, and to comply with the terms and conditions of the said contract, and that upon the failure of said company so to do within said time, that said contract and the agreement be forfeited and terminated; and

Whereas, more than thirty days have elapsed since said resolution was adopted, and since notice of the same was served upon the American Bi-Product and Chemical company, and the said company has failed to remedy the evil existing and so complained of, and have failed in many ways to perform the said contract, not only in the matters complained of in said resolution, but by their failure to pay the city the amount due it;

Therefore, be it resolved, that the contract and agreement referred to in said resolution, and herein referred to, between the said American Bi-Product and Chemical company, be and the same is hereby forfeited, and terminated, and all contract relations between the said city and said company referred to in said contract be at an end.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Sanders, Trager—15.
Nays—None.

By Ald. Dymond—

Resolved by the city council of the city of Lansing:

That the city clerk be and is hereby requested to notify the Michigan Railway company to stop their conductors from changing the cash register from the rear of the car until they have reached the

end of the run, it being dangerous as well as very annoying to the public.

Nays—Ald. Burgess, Doughty.—2.

By Ald. Main—

Resolved by the city council of the city of Lansing:

Whereas, the Lansing Ministerial Association has directed one of its members to be in attendance at the regular sessions of the city council.

And whereas, the council has officially recognized such action of the Association by inviting such member to a seat inside of the council hall, and to participate in the discussions of this body:

Therefore, be it resolved, That said member of the Ministerial Association be designated the Council Chaplain, and at the opening of the council sessions immediately following the salutation of the United States flag, that the body remain standing with bowed heads while the Chaplain offers a brief invocation.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Sanders, Trager—15.
Nays—None.

By Ald. Fowler:

Resolved by the city council of the city of Lansing:

Whereas the city of Lansing did on the 22nd day of November, 1920, authorize the purchase of certain property on North street, between High street and New York avenue, for the purpose of straightening said street; and

Whereas, the same is now deemed to the city, and that by reason and on account of the same there is a surplus of land on the north side of said street that is not necessary or needed for highway and street purposes, which strip of land not needed, as aforesaid, is described as "A strip of land 34 feet in width abutting on the south side of lots 18, 19 and 20 of block 1, of Ballard's addition to the city of Lansing, and extending from the alley westward to High street."

Therefore, be it resolved, that said strip of land be, and the same is hereby vacated as to street purposes, and the north line of North street between New York avenue and High street be one continuous straight line, except as broken by the alley.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Sanders, Trager—15.
Nays—None.

By Ald. Fowler—

Resolved by the city council of the city of Lansing:

Whereas, a special committee was appointed by this council to investigate and determine the matters in relation to the sale and distribution of government food supplies, and to especially investigate

to the funds that were received by those in charge of the same; and

Whereas, said committee made its report to this council on September 20th, 1920, and by the terms and conditions of said report the committee found that said moneys had been collected by said committee and retained by them, and that others working in connection therewith also received and retained money from the said fund. That said committee recommended that all the money referred to, and received by the said committee and others employed in connection therewith be returned to the city treasurer; and

Whereas said report did not undertake to define the legal status in relation to the obligation of said parties to make the return to the city treasurer, but left it in a condition that people might assume that it was either a moral obligation or a legal obligation, and as the same now stands it appears as though this council was neglecting its duty to leave it in the condition in which it is; and

Whereas the money referred to has not been refunded, or any part thereof, to the city treasurer, and no further action taken in regard to the said report;

Therefore, be it resolved, that the city attorney be and is hereby instructed to commence proceedings against the parties referred to in said resolution, and undertake to collect the amount so retained by them.

By Ald. Howe—

That in this resolution the name of Ald. Redfern be omitted as to collection to be made by the city attorney.

Amendment lost by the following vote:

Yeas—Ald. Avery, Burgess, Howe, Main, Sanders.—5.

Nays—Ald. Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Klock, Leonard, Trager.—9.

The original motion now being before the council it was adopted by the following vote:

Yeas—Ald. Britten, Clapham, Doughty, Fowler, Howe, Klock, Leonard, Trager.—8.

Nays—Ald. Avery, Burgess, Dymond, Eddy, Main, Sanders.—6.

ORDINANCES.

By Ald. Doughty—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The mayor called Ald. Leonard to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that they had considered the substitute ordinance recommended by the committee on ordinances relative to dividing the various wards of the city into voting precincts and providing for a board of election commissioners and would recommend that the ordinance be passed.

Council then resumed regular session.

By Ald. Doughty—

That rule No. 23 be suspended and the proposed amendment to the ordinance providing for the division of the various wards into voting precincts and for the appointment of a board of election commissioners be now read a third time:

REPORT OF CITY OFFICERS.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

The F. B. McKibbin Co. have filed a bond in the sum of \$500 for the completion of the grading of streets in their plat South Gardens No. 2, and request that the plat be approved.

Respectfully,

O. E. ECKERT,
City Engineer.

Referred to committee on streets.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

As there are nearly \$4,000 remaining in the truck fund of the department of public works, I am asking permission from your honorable body to buy a new truck for the hauling of clinders and other work of the department, as the expense is so great of keeping up the old one that we are now using.

Respectfully,

A. WINEGAR,
Supt. of Public Works.

Referred to the committee on ways and means.

The honorable mayor and city council,
Lansing, Mich.

Gentlemen:

Referring to resolution passed by the council at the session of December 20th, directing the city attorney to commence proceedings against three aldermen and the writer to recover money paid to us from the proceeds of the Government Food sales, would say, that regardless of the outcome of the first suit instituted, I will deposit with the city treasurer to the credit of the contingent fund, the amount paid me—\$50.

I do not care to contest this suit for the reason that it was given me by the committee without any request or suggestion from me, and I took it without any thought that it was illegal, but that it was pay for extra hours of service.

Upon the payment of this \$50 to me I gave my deputy, Mr. J. E. Pratt, \$25, for the reason that he was obliged to put in many extra hours in the comptroller's office during the time that I was attending to matters in connection with the sale.

Respectfully,

F. H. PRESLEY,
City Comptroller.

Received and placed on file.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Official Proceedings, Monday, January 10, 1921.

City Council Rooms,
Lansing, January 10, 1921.

The city council met in regular session and was called to order by Mayor B. A. Kyes.

Roll call:

Present—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, Redfern, Sanders, Trager—15.

Absent—Ald. McClellan—1.

The record of the previous session was approved as printed.

PETITIONS AND COMMUNICATIONS.

A communication was received from Mrs. Bertha E. Parker, suggesting that a red light be placed on each lamp post at street intersections.

Referred to committee on streets.

A petition was received asking that a street light be installed at the corner of Perkins and Lathrop streets.

Referred to Water and Electric Light Board.

The Union Electric Co. filed a bond and applied for electrician's license, for one-third the yearly fee, inasmuch as less than four months of the fiscal year remain and the license would expire May 1st.

Referred to committee on bonds and contracts.

A communication was received from the Western Union Telegraph Co. relative to increase in rate of 20 per cent for straight messages.

Received and placed on file.

Lane's Orchestra applied for license to conduct a public dance hall at the Maccabee Hall, 317½ N. Washington ave., for the remainder of the fiscal year or a less time.

On motion of Ald. Sanders the clerk was authorized to issue the license.

Ben Hur Lodge applied for license to conduct a public dance hall at Maccabee Hall, 317½ N. Washington avenue for one month.

On motion of Ald. Sanders the clerk was authorized to issue the license.

John N. Lynch applied for license to conduct a public dance hall at Woodman Hall, corner Washington avenue and Shawassee street.

On motion of Ald. Sanders the clerk was authorized to issue the license.

Benjamin Preston applied for license to conduct a public dance hall at Maccabee Hall, 317½ N. Washington avenue, for one month.

On motion of Ald. Sanders the clerk was authorized to issue the license.

A communication was received from R. F. Doyle, petitioning again for the liberty of erecting a small building on south side of Ottawa street at the intersection of Washington avenue.

Received and placed on file.

A communication was received from the J. W. Bailey Co. in regard to four lots which they can arrange to hold for purchase by the city if desired at price of \$10,000.

Referred to committee on ways and means.

A petition was received from a number of property owners to pave Pennsylvania avenue from Kalamazoo street to Main street, to be paid for in five equal annual installments.

Referred to committee on streets.

A claim for damages to his car, amounting to \$1,000, was presented from Geo. Fillingham.

Referred to committee on city affairs and city attorney.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending January 8, 1921, was received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

I respectfully recommend that during the year 1921 the city council plan on doing as much work as possible, in the way of construction of new public improvements.

We would thus be able to give employment to a larger number of men. We are equipped to do more work than we have been doing. The city needs the improvements. The work can be financed so that it will not be a burden to the taxpayer.

Public improvements need not be assessed until after the work is done. Those assessments which have been heretofore collected in five annual installments could be collected in ten annual installments where the property owner prefers it.

There is a demand for sewers in new territory and there are quite a number of places in the older part of the city where sewers are inadequate; where relief sewers will have to be built.

Although a large amount of paving has been done in the last few years, a sufficient number of petitions are on file which will require the building of about twice as much paving as has been done in any one year.

We must begin to replace some of our inadequate bridges. The State Highway Department wants to bring a federal aid road into the city from the north, but finds the Seymour ave. bridge too light for trunk line traffic. This summer the floor system on the Kalamazoo street bridge was completely wrecked. A few days ago one of the floor beams on the Saginaw street bridge failed.

We should be able to do this work this summer more efficiently than ever before.

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Referred to committee on ways and means, committee on streets, committee on sewers and committee on bridges.

Honorable Mayor and City Council, City:
Gentlemen:

Attached hereto you will find a communication from Miss Golden, Supt. of Sparrow Hospital, regarding an ambulance for the transportation of accident and city cases to and from Sparrow Hospital and our Emergency Hospital. The charges for private ambulance is from \$5 to \$7.50 for each call and with the number of cases we now transport it becomes quite a sizable bill. Aside from the financial savings I am of the opinion quite a saving would be had in human life and suffering by being able to supply medical attention at once and early transportation to the hospital.

Respectfully submitted,

JAMES A. HUMPHREY,
Health Officer.

Referred to committee on health.

To the honorable mayor and city council, Lansing, Mich.
Gentlemen:

About a year ago, Mr. Frank Stevens commenced suit against the city for damages he claims to have sustained by reason of the overflowing of a sewer, at which time I was acting as his attorney. The case was pending for some time and by agreement between myself and Mr. Rhoads, then city attorney, it was held open without the city filing a plea. Upon my appointment as city attorney, I signed substitution papers for Messrs: Cummins & Nichols, who now represent Mr. Stevens. They are very anxious to get the case settled or to trial. You understand that it is impossible for me to act in any capacity in the case at the present time. I would, therefore, recommend that the matter be referred to the committee on city affairs for the purpose of settlement, if possible. If no settlement can be made, then I ask the council to appoint an attorney to act for the city in this matter.

Very respectfully,
D. G. F. WARNER,

By Ald. Doughty—

That the recommendation be concurred in and the communication be referred to committee on city affairs.
Carried.

REPORT OF COMMITTEE.

The committee on bonds and contracts, to whom was referred the application and bond of Charles A. Ferguson for license to loan money under the provisions of Act. No. 228 of the Public Acts of the State of Michigan for the year 1915, begs leave to report as follows:

Nays—None.

By Ald. Burgess—

Resolved by the city council of the city of Lansing:

Whereas, the council has heretofore declared it to be a necessity and a necessary public improvement to open and extend East Park Terrace from the north end of said street to May street, and

Whereas, certain lots have been purchased for said purpose and said improvement made, and

Whereas, the taxing district heretofore established, the property within which has been assessed for said improvement is purely inequitable and unjust.

Now therefore, this improvement being the opening of a street and highway in the city which the general public receive a direct benefit from, be it resolved by this council that fifty per cent of the cost of said improvement be paid by the city the same to be charged to the contingent fund and a refund of fifty per cent of the amount paid as assessed be made

to all persons who have paid their taxes assessed for said improvement.

Resolved further, that an order be drawn on the contingent fund in favor of the city treasurer for fifty per cent of the cost of said improvement assessed on all property where the tax has not been paid and the treasurer to collect the balance from the parties heretofore assessed for said improvement.

By Ald. Howe—

That the resolution lie on the table for one week.

Lost by the following vote:

Yeas—Ald. Fowler, Howe—2.

Nays—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Klock, Leonard, Main, Redfern, Sanders, Trager—13.

REPORTS OF CITY OFFICERS.

The report of the city treasurer for the month of Dec., 1920 was received and referred to the committee on auditing.

The report of the sealer of weights and measures for the week ending Jan. 14, 1921, was received and placed on file

Hon. Mayor and City Council,
City,
Gentlemen:

On January 6th, 1921 the first Orthopedic Clinic conducted by the City Health Department was held in the Health Center under the supervision of Dr. E. I. Carr. At this clinic there were eleven applied for treatment. These cases were mostly cases which we had not previously solicited so our listed cases are yet to come as well as probably a great many more which we know nothing of. Because of the long and strenuous treatment required for the correction of Orthopedic defects and the number and time required for

after dressing etc., it will require the entire time of a nurse in order to meet with any appreciable results in these treatments.

As the nurses' time in this department is entirely taken up with the work they are now doing I am asking your permission to employ a nurse at a salary not to exceed \$100 per month for this work and to provide funds from which to pay her.

Respectfully submitted,

J. A. HUMPHREY, M. D.,
Health Officer.

Referred to committee on health.

City Council,
Lansing, Michigan.
Gentlemen:

We wish to advise you that from May 1st 1920 to date, we have installed the following street lamps:

Number of Center Suspension lamps	59
Installed	59
Number of Temporary lamps installed	12
Number of Bracket lamps replaced with center suspension	35

Total 106

This compares with 55 installed during the three year period 1917, 1918 and 1919.

The following boulevard lamps have been installed:

Number of boulevard lamps installed and burning	87
---	----

Number of boulevard lamps installed,
not burning 18

Total 105

The boulevard lighting schedule was delayed on account of failure to receive cable placed on order early last spring. It is impracticable to carry on this construction work during the winter, therefore no additional lamps can be installed before next season.

Yours very truly,
Board of Water & Electric Light Coms.

OSCAR E. BULKELEY,
Superintendent.

Received and placed on file.

By Ald. Leonard, Doughty, Burgess—

Resolved by the city council of the city of Lansing:

Whereas, the football team of the city of Lansing is a body of which we are justly proud because of the courteous, manly, fairminded and sportsmanlike spirit shown on all occasions by said body, and

Whereas, the city council wishes to recognize services rendered by the football team in bringing credit and honor, not only to the Lansing high school, but to the city at large as well, therefore be it

Resolved, that this body express to our football team our keenest appreciation of the sterling qualities and high ideals of the squad, also our best wishes for their future success.

May this sturdy spirit of manly honor continue to bring new laurels and awaken an ever increasing desire to attain to higher ideals and with all these honors won in the game, may there come the inspiration to put the same courageous effort into the greater game of life, thus bring lasting glory to the citizenship of our fair city.

Adopted by the following vote:

Yeas—Ald. Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

By Ald. Howe—

Whereas, according to the terms of the will of the late J. H. Moores, the share of the estate bequeathed to the city of Lansing was to be used in the development and improvement of the parks within five years after Mr. Moores' death. If the bequest was not so used it was to revert to the other two residuary legatees, Mr. Howard Moores and Mr. Herbert Weed, and whereas

The said Mr. Howard Moores and Mr. Herbert Weed have expressed their willingness to waive all their rights under this clause of the will, therefore be it

Resolved, that the city attorney be and he is hereby instructed to prepare and have executed by the other two residuary legatees a document in which they will forever waive any rights to the share of the estate coming to the city of Lansing.

Adopted by the following vote:

Yeas—Ald. Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

By Ald. Howe—

Resolved by the city council of the city of Lansing:

That the full amount of the bequest ultimately received from the estate of J. H. Moores be placed in a separate fund under the control of the city council.

Resolved further that it is the sense of this council that no part of the original bequest be used but that the interest

earned each year be placed to the credit of the park and cemetery board to be used the following year in maintaining the parks donated to the city of Lansing by the late J. H. Moores.

Adopted by the following vote:

Yeas—Ald. Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—14.

Nays—None.

The following resolution was taken from the table:

By Ald. Howe—

Whereas, this council by resolution appointed Edward Verlinden, Clarence E. Bement, Ray Potter, J. Edward Roe and R. H. Scott a committee to advise and work with the Board of Water and Electric Light commissioners in making plans for the light and power needs of the city.

And whereas; said committee made its report to this council on January 29, 1920, which report was unanimously adopted by this body.

Now therefore, be it resolved that we reaffirm and readopt the resolution of January 29, 1920, adopting said committee report.

The mayor and city council:

Dear Sirs. I wish to call your attention to the investigation of police officers being assigned to the collection of dogs. We find one instance, a family who give their name as Rose Manning, a Polish lady, living at 923 Grove street. This lady informed the officer she has a dog which the city paid taxes on last year and she also expects that they are going to do the same this year.

I have taken the matter up with Superintendent Lord who informs me the city pays for her gas, electric light, water and and are now furnishing her with some coal.

Very respectfully,

ALFRED SEYMOUR,
Chief of Police.

Referred to committee on ways and means.

Lansing and the same to be charged to the seventh ward highway fund, in the sum of \$1,000, which amount the treasurer shall credit to the amount of tax assessed to each person assessed in said district for said improvement ratably on the same basis as the same has been assessed. That in case any person has previously paid said tax as assessed, that he be given a credit of the amount so paid that he would be entitled to under this resolution and that an order be drawn in favor of such person reimbursing him in the amount so paid, in excess of the amount which he otherwise would pay as provided in this resolution.

Resolved further that the city treasurer collect the remainder of said tax from the persons so assessed free of any penalty provided same is paid on or before the 28th day of February, 1921.

ORDINANCES.

The following ordinance introduced by Ald. Doughty, was read a first and second time by its title and referred to the committee on ordinances:

An Ordinance providing for the appointment of a city gas inspector, defining his powers, duties, and compensation.

Be it, ordained by the city council of the city of Lansing:

Section 1. That it shall be the duty of the mayor, by and with the consent of the city council, on the first Monday in May of each year, or as soon thereafter as may be, to appoint a city gas inspector, who shall hold his office during the pleasure of the mayor, and if required by the city council of the city of Lansing to furnish a satisfactory bond in such sum and with such sureties as may be approved by the city council, conditioned that he will faithfully comply with the city charter and ordinances, and faithfully discharge his duties as city gas inspector.

Section 2. It shall be the duty of the city gas inspector, under the directions of the Michigan Public Utilities Commission and the city council of the city of Lansing, to inspect the quality and pressure of gas furnished by the Lansing Fuel & Gas Company, its successors and assigns, which inspection shall be made by the said gas inspector in accordance with the requirements of the said Michigan Public Utilities Commission, and make a report of such inspections as may be required by the Michigan Public Utilities Commission and the city council of the city of Lansing.

Section 3. The salary of the said city gas inspector may be made by the city council of the city of Lansing, subject to the approval of the Michigan Public Utilities Commission, and paid by the Lansing Fuel & Gas Company.

Section 4. The city of Lansing shall provide said city gas inspector with a suitable place to work and with proper instruments for testing the quality and pressure of gas.

Section 5. Ordinance No. 65 of the 1918 compilation, and any other ordinance, or parts of ordinances inconsistent herewith are hereby repealed.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Official Proceedings, Monday, January 31, 1921.

City Council Rooms,
Lansing, January 31, 1921.

The city council met in regular session and was called to order by Mayor B. A. Kyes.

Roll call:

Present—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Absent—None.

The record of the previous session was approved as printed.

PETITIONS AND COMMUNICATIONS.

A petition was received asking that Pennsylvania avenue, from Cedar river to Mt. Hope avenue, be graded.

Referred to committee on streets.

A petition was received asking that Kalamazoo street, from old city limits to Hayford avenue, be graded and graveled.

Referred to committee on streets.

A communication was received from Jerome E. Waggoner, mayor of the city of Mason, thanking the city for help given by the Lansing fire department at their schoolhouse fire.

Received and placed on file.

A communication was received from the secretary-treasurer of the Michigan Beekeepers' Association, enclosing copy of resolution passed by the association thanking the mayor and other city officials for the use of the council chamber and other courtesies extended during their recent annual meeting.

Received and placed on file.

Glenn Servis filed a claim for \$3.00 for cost of repairs to tire punctured, said to be caused by driving into a hole in the

STATE OF MICHIGAN.

In Justice Court before Richard Raudabaugh, Justice of the Peace for the City of Lansing in Ingham County.

The People of the State of Michigan ex. rel.

The City of Lansing,

A Municipal Corporation,

vs.

Louis Neller,

Respondent.

Now comes said respondent, Louis Neller, by Brown and Kelley, his attorneys, and moves that the complaint in said cause and the proceedings therein be dismissed and the respondent discharged therefrom, and judgment of acquittal entered.

This motion is based upon the files and records in said cause and upon the following reasons:

First, That the section of the City Charter upon which the complaint, warrant and prosecution in this cause were founded was and is void and of no force and effect.

Second, That upon the facts and evidence presented before said court upon the prior trial and hearing of said cause it conclusively appeared therefrom that said Louis Neller was not guilty of any misdemeanor as charged against him; and further that he was and is not guilty of any crime whatsoever in relation to the transactions involved in said cause.

Fourth, That on or about July 15, 1920,

the matter involved in said cause was tried before said Justice and a jury, resulting in a mis-trial upon a disagreement of the jury, and that since said date no further proceedings have been taken in regard thereto.

That under the facts and the law as they exist in relation to the transactions involved in said cause, any further proceedings in an effort to prosecute the same would result in useless expense to the City of Lansing and the public funds thereof.

BROWN & KELLEY,
Attorneys for Respondent, Louis Neller.

By Ald. Dymond—

Whereas, upon motion made and filed by and in behalf of Louis Neller, a copy of which is hereto attached, the complaint and warrant made and issued against said Louis Neller upon the action of record taken by this council have been dismissed and the prosecution thereon discontinued and said Louis Neller discharged therefrom;

And whereas, it appears from the investigations following the commencement of such prosecution, and whereas it now appears finally and conclusively that said Louis Neller was not guilty of any unlawful conduct as charged against him and that such prosecution was without foundation upon the law and the facts;

Therefore be it Resolved, That the previous action of this council in recommending such prosecution be and the same is hereby rescinded, and the charges of criminal misconduct made against said Neller as the same appear of record are hereby withdrawn and the record in respect thereto expunged.

By Ald. Doughty—

That the resolution be referred to the city attorney.

Carried.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending January 29, 1921, was received and placed on file.

Frieda A. Schneider, Treasurer of the City of Lansing, Michigan.

Dear Madam:

In response to your request for an opinion upon the action of the city council of date January 24th, in relation to their passage of a resolution requesting that no penalties be added upon the collection of taxes until and including February 28th, I submit the following:

Our charter, being Section 147, provides that "If any taxes shall remain uncollected after the 31st day of January each year, the city treasurer shall thereafter collect 4% penalty thereon, and all such penalties so collected shall be credited to the Contingent Fund." This was the clause in the charter which the city council sought to oblate, the reason and cause which prompted them in their action, as everyone knows, being the present financial conditions, brought about by the sudden and unexpected depression in manufacturing lines, and the continuation of the high cost of living and general expenses. In other words, it was more of a humanitarian act than

an act to undertake to overrule the provision of the charter. Clearly, I want it understood that the city council has no authority to legally over-ride any of the acts of the city charter, unless such act is illegal or in contravention of the constitution or statutes of the state of Michigan. I wish, however, to state that the council having taken the action it did would relieve you of any legal responsibility should you comply therewith, as that act of the charter is not a penal act and relates entirely to the funds that go into the city treasury, to-wit, the Contingent Fund.

There is very good reason to believe that the charter act heretofore referred to requiring a 4% penalty is illegal and unwarranted and in support of that I would briefly make mention of some of the laws of our state bearing thereon.

In 1909 the legislature of the state of Michigan passed an act known as the Home Rule Act for Cities. C. L. of 1915, Section 3306, Sub-division B provides that the city charter shall provide "For the levy, collection and return of state, county and school taxes in conformity with the general laws of the state."

Subdivision O of the same act provides, "The subjects of taxation for municipal purposes shall be the same for state, county and school purposes under the general law."

So the question now raised is, is the 4%, which in the charter is called a penalty, in conformity with the general laws of the state? Under the heading of "The Collection of Taxes," as laid down in our statutes, we find the following: (Section 45, being Sec. 4041 C. L.) "All taxes shall be collected by the several township and city treasurers before the 1st day of March in each year." In construing this section of the statute we have to take in the history of the legislation in relation thereto. In the history thereof we find that the original act of 1869 required the collection of taxes and the payment of state and county taxes to the county treasurer on or before the 1st day of February, but provided for extension of time by the board of supervisors, township board or city council. The acts of 1882, 1885 and 1889 contained virtually the same provisions, but prohibited the extensions by the board of supervisors. The act of 1891 resembled the last three acts in its provisions, but said nothing about extensions by the board of supervisors. The present laws, as heretofore stated, fixed March 1st as the limit and dropped all provisions as to the extension of time.

In consideration of the foregoing, I am constrained to the opinion that Section 45 of the tax law last referred to is not only a limitation fixed in which taxes shall be paid, but is a grant to all people of that time in which to pay their taxes. The statutes of the state of Michigan also provide, being Section 44 of the act, for the fees that shall be charged by the treasurers when collected. These fees go to the treasurer in payment for services, he having no other salary. It also provides that if they are not paid within a certain time that the fee for collection shall be raised, but in addition thereto, it requires that the treasurer shall give personal notice to the par-

ties and go to considerable expense in relation thereto, none of which is required by our city treasurer. Our city treasurer is paid a salary, which salary is raised by general taxation and provided for in the budget as made up by the city council, so the taxpayers of the city of Lansing have paid the percentage for collection of taxes by direct taxation, and should an additional fee be placed upon them for the collection of taxes, it would be a clear case of double taxation. The clause in the charter reads that they shall pay 4% penalty; if this would be considered as a penalty in the nature of a punishment, I would have no hesitancy in declaring the same illegal and void, for there is no authority for such a proposition, either in our constitution or statutes. To give it the most liberal construction would be to call it a collection fee, although I am not certain that the courts would be as liberal in the matter. Considering it as a collection fee, it is also very doubtful if the same is authorized by the statute in relation to taxation and the Home Rule Act, for, as heretofore stated, the people have paid for the collection of their taxes by direct taxation, and this is simply an additional burden, and the law gives them until the 1st of March in which to pay their taxes.

It will also be remembered that this 4% penalty is to be paid into the contingent fund of the city, and is to be purely a city matter, one in which our city council would be justified, if they thought a tax had been illegally assessed, in taking the funds therefrom and remitting to the party who had been illegally or unjustly assessed, and by their actions they have simply remitted this amount before the same was paid.

In conclusion I wish to say that the question of the legal status is one on which attorneys might differ, and can only be settled by an opinion of the Supreme Court, but, as heretofore stated, I think that you could safely proceed along the lines indicated by the council, although not being legally bound so to do until the said section of the charter had been passed upon by the court.

Very respectfully,

D. G. F. WARNER,
City Attorney.

Hon. Mayor and City Council.
Gentlemen:

We respectfully request that the mayor call a joint meeting of the City Board of Health with the Health Committee, Ways and Means Committee, and the Salary Committee of the council at an early date, to consider salaries of the Health Department employees and other matters for the coming year.

Respectfully submitted,

JASON E. NICHOLS,
Pres. City Board of Health.

To the Honorable Mayor and City Council.

Gentlemen:

A very serious situation confronts the

city in the matter of garbage disposal.

For some time past the American Ice-Product and Chemical Co. have not been making disposition of garbage delivered to them and it was deemed advisable by the council to forfeit and cancel their contract.

There is not sufficient space on present scavenger grounds to care for enough hogs to clean up garbage, and it is therefore imperative that a farm of 150 or 200 acres be purchased easily accessible to the city, properly equipped and supervised, if the council desires to continue the disposal of garbage by feeding to hogs.

Your committee have several farms under consideration that are ideally located and within reasonable distance from city, and we recommend that contract be entered as speedily as possible for purchase of one of these so that no time may be lost in properly equipping and adapting it to our use.

Respectfully submitted,

G. R. EDDY,
A. H. DOUGHTY,
S. S. MAIN,

Committee on Garbage.

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Official Proceedings, Monday, February 7, 1921.

City Council Rooms.
Lansing, Feb. 7, 1921.

The city council met in regular session and was called to order by Mayor B. A. Kyes.

Roll call: Present—Ald. Avery, Britten, Burgess, Clapham, Doughty, Diamond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Absent—Ald. Trager—1.

The record of the previous session was approved as printed.

PETITIONS AND COMMUNICATIONS

A communication was received protesting against the location of a Piggery on the land known as the "Graham Farm" in Eaton county signed by 38 persons. Several persons residing in the locality of the farm, addressed the council.

Referred to committee on garbage and city attorney.

A claim was received from Alvin Miller and wife for \$14.40 for service and food for infant child of Emma James, between the 24th and 28th days of December, 1920.

Referred to committee on city affairs and city attorney.

Martin Hennessey applied for building permit to remodel front of store at 225 S. Washington ave.

On motion of Ald. Clapham, the permit was granted.

Frank Chan, manager of the Chinese Tea Garden applied for license to conduct a public dance hall at 109-111 S. Washington ave., for the remainder of the fiscal year.

Referred to committee on bonds and contracts.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending Feb. 5, 1921, was received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing, Mich. Gentlemen:

In reference to the property known as the Graham Farm, and described as "the N. E. 1-4 of the N. E. 1-4 of sec. 11 and the W. ½ of the N. W. ¼ of sec. 12, N. R. 43, W.," to purchase which the council introduced a resolution at the last meeting, will say that I have examined the abstract and tax history of the same, and I find perfect title in Don C. Garlock and Watie Garlock, his wife.

I further report that I secured from the owner, for the city, an option on said land, under which the city has until and including Feb. 9th to purchase said property, for the sum of \$15,000, the taxes and liens to be paid by the grantor. In other words, that the title shall be perfect, without any liens or encumbrances of any nature or form whatsoever.

Respectfully yours,

D. G. F. WARNER,
City Attorney.

Received and placed on file.

To the Honorable Mayor and Members of the City Council,
Lansing, Michigan. Gentlemen:

In relation to the petition of Ex-Alderman Louis Neiler, whereby he asks to have certain proceedings of this council, in relation to him, expunged from the records, or repudiated by this council, I make the following report. While I do not consider this a matter or proposition which requires a legal opinion, as it is clearly a matter of judgment on the part of this council in relation to certain matters that exist

and have been before it, however, I will make the following statement in relation to the case against Louis Neller, which has been dismissed, that may assist you in forming your conclusion.

Before entering upon the duties of city attorney, steps had been taken by my predecessor in relation to the investigation of Ormond street. Soon thereafter the council recommended that I commence proceedings against Mr. Neller, under the charter, for violation of the terms thereof, in this, that while he was alderman he entered into a contract with the city of Lansing. It appeared from the evidence that was taken at the trial and before the trial, that Mr. Neller had at one time been connected with the Lansing Realty Company, and that he also took charge of the gravel pit of the Lansing Realty Company, near Ormond street, and had delivered to the city a quantity of gravel to be used for sidewalks and streets. The evidence further disclosed that the work was largely performed by two men by the name of Riley, but under the supervision of Mr. Neller. That on different occasions city orders were turned over to Mr. Neller, and he endorsed the same. In short, the evidence showed that he was very closely connected with all the transactions in question. There was also evidence introduced to show that he and others had requested the council to abstain from collecting the tax on the plat belonging to the Realty Company and that it be paid later. There was also considerable evidence introduced to show that Mr. Neller directed the men to draw gravel from Ormond street, but Mr. Neller introduced in evidence the transfer of all his stock to his brother, which transfer was dated and shown to have been assigned some months before the matter in question. While this certificate of stock was never recorded with the secretary of the company, nor did it have upon it the government stamp as required by law, if it was actually executed it was all that was necessary to transfer his interest in the corporation. He proved, by himself and the party who witnessed it, that it was made at the time of which it bears date, and there was no way by which the same could be contradicted. Therefore, the case as to Mr. Neller would have to fail, as it could not be shown that he had any interest in the corporation whatsoever. The facts, as were known to the public, which appear from the records of the company would justify the council or any person in their conclusion that he was the owner of stock in the corporation and likewise a contractor with the city of Lansing, but, as stated, it fell short when it came to the evidence in that regard.

As to the motives of Mr. Neller, they were not upon trial, and therefore can only be judged by the acts that actually did occur. As to whether or not his conduct was in keeping with the duties of an alderman, it is for this body to decide, and the action it may take as heretofore stated, is not one

on which I can give any legal opinion. Respectfully,

D. G. F. WARNER,
City Attorney.

Received and placed on file.

To the Honorable Mayor and Members of the City Council.

Lansing, Michigan.

Gentlemen:

Sometime ago action was commenced of a criminal nature, under the charter, against Ex-Alderman Neller and Alderman John McClellan. As heretofore reported, the case was tried against Mr. Neller and the jury disagreed, which case has now been dismissed for reasons heretofore given you, and I have since dismissed the case against Alderman McClellan, for the reason that I think it would be impossible to secure a conviction, the reason being substantially as follows:

From all evidence obtainable, there could be no proofs made that Mr. McClellan knew that gravel was being furnished to the city from the Lansing Realty Company's pit, in which he is an interested party, until the very last or conclusion of the drawing of the gravel. In other words, if the corporation in which he was interested did have dealings with the city of Lansing, the officers or members of the corporation could not be made criminally liable for something in which they took no part or knew nothing about, and, as stated, the only evidence adduced disclosed the fact, and Mr. McClellan himself stated, that he knew nothing about it until the matter was practically closed.

I also wish to state, in relation to the charter under which this action was brought, that it is my opinion that a criminal action could not be sustained, as the charter fails to define what interest the party must have in a contract in order to make him criminally liable. A very similar charter was held void by the United States supreme court.

As to the civil matters against the several aldermen and officers for return of the money that was taken at the time of the food sales, I wish to report that Frank Presley and Alderman Redfern have paid up, and the action against the others will be pushed rapidly, as the papers are now prepared and ready for service. That the matter pertaining to the damage to Ormond street is also ready to be prosecuted, and papers will be served upon Mr. Neller and the Lansing Realty Company, to the end that these matters may be all cleaned up.

Very respectfully,

D. G. F. WARNER,
City Attorney

Received and placed on file.

MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Leonard—

Resolved by the city council of the City of Lansing:

That the city clerk be and he is hereby directed to draw an order in favor of A. S. Benton for the sum of \$38.83 to pay an erroneous tax assessed against W. 2 rods of lot 1 and E. 2 rods of lot 12, Block 49, and charge to the fund for uncollected taxes and abatements. (Error made in copying assessment as \$2,700 instead of \$1500.)

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Nays—None.

By Ald. Fowler—

Whereas this council did on the 11th day of October, 1920, determine it to be a public necessity and a necessary public improvement to purchase certain lands lying in Ballard's addition, for the purpose of straightening that portion of North street lying between High street and New York ave.; and

Whereas by subsequent resolutions on November 15th, 1920, and November 22nd, 1920, such property for said pur-

purpose was purchased and the necessary order of the city clerk upon the city treasurer ordered drawn payable to the owner thereof; and

Whereas said property has been used for the above mentioned purpose of straightening North st.;

Now, therefore, resolved by the city council of the city of Lansing, and this council does reaffirm the resolution declaring it a public necessity to straighten North street between high street and New York ave.; and

Resolved further that it be and hereby is determined that the said public improvement will especially benefit that portion of the said city of Lansing described as follows:

"Commencing at northeast corner of High st. and North st., north 73 92-100 ft., east to west line of Highland Park Add., north to the city limits east to the west line of Ohio ave., south to the north line of Oak st., west to the west line of Highland Park Add., north to the south line of lot 29, block 1, of Ballards Add., west to High st., north to beginning," which portion of said city especially benefited (excepting from said described district the land acquired for said public improvement) is hereby declared to be a special assessment district for said public improvement.

Resolved further that the entire cost of said improvement, to-wit the sum of \$797.67 shall be defrayed by special assessment upon all of the lands and premises in that portion of the city of Lansing so benefited by such improvement, which is included within such special assessment district as aforesaid, which sum of \$797.67 shall be assessed upon the owners or occupants of such taxable real estate in proportion, as near as may be, to the special benefits accruing to each parcel or sub-division thereof by reason of such public improvement.

Resolved further that the city assessors are hereby directed to make such assessment upon the owners or occupants of such taxable real estate in said district in the said sum of \$797.62 and that such assessment be in proportion, as near as may be, to the special benefits accruing to each parcel or sub-division thereof, by reason of such public improvement, and that such assessment in all things be made and the amount levied and collected in the same manner as is provided in the city charter for other special assessments.

Resolved further that such special assessment be returned to the city council on the 14th day of February, 1921, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern Sanders—15.

Nays—None.

By Ald. Leonard—

That when we adjourn it be until 7:30 o'clock tomorrow evening.

Carried.

By Ald. Dymond—

Resolved by the city council of the City of Lansing:

That the previous action of this council in recommending criminal prosecution of Mr. Louis Neller be and is hereby rescinded in view of the report and dismissal of the case.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Dymond, Eddy, Howe, Klock, Main, McClellan, Redfern, Sanders—12.
Nays—Ald. Doughty, Fowler, Leonard—3.

PUBLIC IMPROVEMENT 1

By Alderman Britten—

Resolved by the city council of the City of Lansing.

That it is a public necessity, and it is hereby determined to grade and gravel Kalamazoo street from old city limits to Hayford avenue.

That the city engineer be and hereby is directed to estimate the kind and quantity of material to be used therefor, and to estimate in detail the probable cost and expense of such work and of the materials to be used therein, and make a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the city council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.
Nays—None.

ORDINANCES

By Ald. Doughty—

That the ordinance entitled "An Ordinance providing for the appointment of a city gas inspector, defining his powers, duties and compensation," be taken from the table.

Carried.

By Ald. Doughty—

That the council resolve itself into a committee of the whole to consider ordinances.

Carried.

The Mayor called Ald. Redfern to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman, reported that it had considered an ordinance entitled "An ordinance providing for the appointment of a city gas inspector, defining his powers, duties and compensation," and would recommend that the ordinance be passed.

The council then resumed regular session.

PETITIONS AND COMMUNICATIONS

Application for dance hall license was received from August Szepeanek, at 215½ N. Washington ave.

Referred to committee on bonds and contracts.

M. C. Halladay, manager of the Postal Telegraph-Cable company, asked permission to place a rack for bicycles of their messenger boys next to the curbing in front of 115 W. Michigan ave., there being no place next to the building for the rack.

Referred to committee on streets.

John Fackler applied for permit to build a garage in the rear of 501-505 E. Franklin ave.

On motion of Ald. Clapham, the permit was granted.

A petition signed by 12 persons asking that Washington ave., from Franklin ave. to Willow street, and the intersection of Willow street and Washington ave. be paved, was received.

Referred to the committee on streets.

A petition was received asking that a sidewalk be built on the east side of Francis ave., from Saginaw street south to the walk now built.

Referred to the committee on sidewalks.

A communication was received from the Woman's Historical Club saying that they did not wish to vote in school buildings if other places can be secured.

Received and placed on file.

The city clerk reported that an injunction had been filed against the city proceeding with the establishment of a piggery on the proposed site until further notice from the circuit court of Eaton county. Also a bill of complaint.

Referred to the city attorney.

Saul Graff applied for building permit for a building to be constructed on the east side of Washington ave., between Shiawassee street and Genesee street, to cost \$15,000.

On motion of Ald. Clapham, the permit was granted.

A petition signed by 9 persons was received to construct sidewalk on west side of N. Francis street from Saginaw street to Vine street.

Referred to committee on sidewalks.

A petition was received, signed by 27 persons for curb and gutter on Farland street from Franklin avenue to Sheridan street.

Referred to committee on sidewalks.

A communication was received from R. H. Scott and Mrs. Scott in regard to the strip of land they deeded to the city.

Received and placed on file.

A communication was received from seven purchasers of houses and lots in what is known as Saginaw Park addi-

tion in regard to streets having not been graveled and no sidewalks, sewer, gas, water or lights.

On motion of Ald. Britten, the communication was referred to the committee on city affairs and city attorney.

A petition was received signed by seven persons for a street light, at corner of Saginaw street and Francis avenue.

Referred to Electric Light and Water Board.

A communication was received from Caesar Pizzo of 424 N. Logan street enclosing claims of doctors A. F. Burdick and B. M. Davey for medical services rendered to his children, also the claim of M. J. & B. M. Buck.

On motion of Ald. Howe, the matter was referred to the committee on poor.

A communication was received from Lansing Trades and Labor Council, also a copy of a resolution which had been passed by their society in regard to the reduction made by the Lansing Fuel & Gas Co. in wages of its employees and the increase of their rates for gas.

By Ald. Fowler—

That the communication be referred to the public utilities commission.

Ald. Avery moved as a substitute that the same be referred to the committee on gas.

Carried.

REPORTS OF CITY OFFICERS

The report of the city treasurer for the month of January, 1921 was received and referred to the committee on auditing.

The report of the sealer of weights and measures for the week ending February 19, 1921 was received and placed on file.

The Hon. Mayor and City Council,
Lansing, Mich.

Gentlemen:

I respectfully refer the two attached claims of the J. P. Sleight Coal Co. against the E. W. Sparrow hospital for \$500.36 and \$781.54, for the reason that at the present time there is only a balance of \$126.80 in the Sparrow Hospital Fund.

Respectfully,

F. H. PRESLEY,

Comptroller.

Referred to committee on ways and means.

To the City Council of the city of Lansing,

Gentlemen:

The Board of Cemetery and Public Park Commissioners represent that they have been voted \$10,000, which is to be used with \$5,000 donated by J. W. Potter, to construct a rest house at Potter Park. We further represent that

it is deemed advisable by this board to build this rethouse as soon as possible so that the use of it may be had during the coming summer. With this idea in view we have asked for bids for the construction of this building, the lowest one of which was \$18,000.

Inasmuch as we do not want to begin this project until funds sufficient to complete the same and also as we do not wish to prejudice the standing of our board before your honorable body, we are coming to you with this statement of the situation at the present time. If the city council in its wisdom sees fit to vote the additional amount necessary, the work would be proceeded with at once.

It would be fair to state that in the event the council grants our request, new bids would be called for, which, with lowering prices for material, etc., might result in our getting a more advantageous bid, thus lessening the amount necessary over and above the \$15,000 already voted to us.

Asking for your advice and counsel in this matter, we are

Respectfully,

Board of Cemetery and Public Park Commissioners.

C. F. FOXSON,

President.

Received and placed on file.

Hon. Mayor and City Council,
Gentlemen:

Whereas the plans and specifications for the proposed Isolation hospital are prepared and bids being received for its construction, we respectfully petition your honorable body to provide a sewer to the site on E. Michigan ave.

GEO. O. FULLER,

Chairman Hospital Committee, Board of Health.

Referred to the committee on sewers.

Hon. Mayor and City Council,
Gentlemen:

Whereas the plans and specifications for the proposed Isolation Hospital are prepared and bids being received for its construction, we respectfully petition your honorable body to direct the Electric Light and Water Board to extend their water mains to the proposed site on E. Michigan avenue at once, in order that construction will not be delayed.

Respectfully submitted,

GEO. O. FULLER,

Chairman Hospital Committee, Board of Health.

Referred to Electric Light and Water Board.

REPORTS OF COMMITTEES.

The committee on streets and committee on bridges to whom was referred the deed offered by R H Scott and Gertrude Scott for a piece of land to be used for extension of Elm street and approach to the bridge to be built at Elm street, begs leave to report as follows:

We recommend that the deed be accepted.

W. T. BRITTEN,
F. W. REDFERN,
O. C. HOWE,
Committee on streets.
ALFRED H. DOUGHTY,
ELMER CLAPHAM,
Committee on bridges.

By Ald. Britten—

That the report of the committees be adopted.

Carried.

The committee on streets to whom was referred the petition that Mosier street be cleaned and made passable as a public thoroughfare, begs leave to report as follows: We recommend that the abutting property owners be notified by the chief of police to remove all tile, brick, ashes and other debris placed there by them within the confines of said street within one week from date of service of notice, and if not removed within that time, the Superintendent of Public Works be instructed to cause said street to be cleaned up. The cost of same to be charged to the abutting property owners.

W. T. BRITTEN,
F. M. REDFERN,
O. C. HOWE,
Committee on Streets.

By Ald. Britten—

That the report of the committee be adopted.

Carried.

The committee on Bridges and Streets to whom was referred the matter of accepting certain land to be used for street purposes as an approach to the proposed Elm Street bridge, begs leave to report as follows:

We recommend that the deed to the land be recorded by the City Attorney and that the land be accepted in compliance with the owners wishes, viz., that the City maintain an eight foot passage way for pedestrians under the proposed fill of the west approach to the fill, and that the owners be put to no expense or damage in connection with the development of the land deeded in so far as it is within the power of the City to prevent.

Respectfully submitted,

ALFRED H. DOUGHTY,
ELMER CLAPHAM,
Committee on Bridges.
W. T. BRITTEN,
F. M. REDFERN,
O. C. HOWE,
Committee on Streets.

By Ald. Doughty—

That report of the Committee be adopted.

Carried.

The committee on Sidewalks to whom was referred the petition for sidewalk on west side of Shepard street from Kalamazoo street to three blocks south begs leave to report as follows:

We recommend that the petition be granted.

G. R. EDDY,
E. D. KLOCK,
S. S. MAIN,
Committee on Sidewalks.

By Ald. Eddy—

That report of the committee be adopted.

Carried.

The committee on Bonds and Contracts to whom was referred the application of Geo. H. Terrell for dance hall license, begs leave to report as follows:

We recommend that the license be granted.

L. L. SANDERS,
E. D. KLOCK,
E. S. AVERY,

Committee on Bonds and Contracts.

By Ald. Sanders—

That the report of the committee be adopted.

Carried.

The committee on Sewers to whom was referred the petition of five tax payers to construct a sewer in Glenn street begs leave to report as follows:

We recommend that the sewer be constructed.

Respectfully submitted,

A. H. LEONARD,
H. S. FOWLER,
ELMER CLAPHAM,
Committee on Sewers.

By Ald. Leonard—

That report of committee be adopted.

Carried.

The City Attorney and City Assessors to whom was referred the resolution of Ald. Klock relative to remitting \$35.24 for an excessive assessment on Lot 305, Capital Heights Add., begs leave to report as follows: We recommend that the resolution be adopted.

D. G. F. WARNER,
City Attorney.
WM. C. HINMAN,
City Assessors.

Received and placed on file.

The committee on Sewers to whom was referred the communication of the City Engineer, Council Proceedings on January 10th, 1921, begs leave to report as follows:

Sewers are now being constructed in the territory north of Potter Park, between the P. M. Railroad and the Grand Trunk Railroad and plans have been prepared so that bids may be received early this spring for the construction of sewers south of Mt. Hope avenue and west of the New York Central railroad. The money for this work is now available.

No provisions have as yet been made for providing sewers for the west one-half mile of the city. A real estate firm developing a considerable section of this territory was recently given permission to temporarily empty their sewers into the Weinman Creek Sewer. Territory in the western part of the city is rapidly building up and provision should be made for sewers in that territory. The Engineer's study of the sewer situation in the city has progressed sufficiently so that we know that the sewer situation will have to be relieved by constructing a trunk line sewer on Ottawa street or very near to it from the river to Butler or Logan

street in order to give relief from inadequate sewers in the central part of the city. There are a number of other places where present sewers are inadequate to take care of storm water, notably in the vicinity of the new state building, on Logan street, from Washtenaw to Ottawa street, on Capitol avenue from Kilborn street to Willow street and in the territory between the Industrial School property and Michigan avenue.

We recommend, therefore, that bonds in the sum of \$200,000 be voted for constructing sewers in the City of Lansing and let these bonds be submitted at the coming April election.

Respectfully submitted,

A. H. LEONARD,
H. S. FOWLER,
ELMER CLAPHAM,
Sewer Committee.

By Ald. Leonard—

That report of the committee be adopted.
Carried.

The committee on Streets to whom was referred the communication of the City Engineer, Council Proceedings of January 10th, 1921 begs leave to report as follows:

Money is now available for paving the following streets, Michigan avenue from the Michigan Central railroad to Old City Limits and the south side of Michigan avenue from the Old to the New City Limits, Center street from Saginaw street to Beaver street, Grand avenue from Shiawassee street to Saginaw street and Walnut street from Isaac street to Robert street.

Petitions are on file for five miles of additional paving. It will be impossible to pave all of the streets asked for during the coming season. We recommend that bonds in the sum of \$300,000 be voted for paving the following list of streets and such other streets as the Council may determine, Viz:

Michigan avenue, from the Old to the New City Limits.

Pennsylvania avenue, from Sheridan street to Franklin avenue.

Pennsylvania avenue from Kalamazoo street to Main street, and from Main street to the Cedar river, should a sufficient petition be filed for same.

Prospect street, from Holmes street to Clifford street.

Eureka street, from Holmes to Clifford street.

Virginia street, from Eureka street to Prospect street.

Rosamond street, from Eureka street to Prospect street.

Bancroft Court from Butler street, east.

Walnut street from Washtenaw street to Main street.

Larch street, from Sheridan street to Franklin avenue.

Larch street, from Shiawassee street to Saginaw street.

Moore's River Drive, from Logan street to west city limits.

And such other streets as the council may determine.

In recommending the paving of Prospect street, Eureka street, Virginia

street and Rosamond street, we do so with the understanding that no work of paving shall be done on these streets until the city is reimbursed for the opening of Prospect street in this vicinity. It should be called to the attention of the council that in the event the city is called upon to finance some of the work between the street railway tracks on Michigan avenue and on Center street the money voted for these improvements will be insufficient to complete all of them. Therefore some of the money included in the proposed \$300,000 bond issue may have to be used for paving between the rails of the Street Railway company.

Respectfully submitted,

W. T. BRITTEN,
F. M. REDFERN,
O. C. HOWE,
Committee on Streets.

By Ald. Britten—

That the report of the committee be adopted.
Carried.

The committee on Bridges to whom was referred the communication of the City Engineer on Council proceedings, January 10th, 1921, begs leave to report as follows:

We have carefully investigated the bridge requirements of the City of Lansing and find that the city has seven bridges that are inadequate for present day loads and from which the city may expect trouble at any time. They are the Logan street bridge, the River street bridge, Kalamazoo street bridge, south Pennsylvania street bridge, Seymour street bridge, Saginaw street bridge and Shiawassee street bridge. One or two of these bridges should be replaced every year until all of them have been replaced with permanent structures. We have given all of the bridges careful consideration and recommend that the Shiawassee street bridge and the South Pennsylvania avenue bridge be rebuilt this year and that bonds be issued for this work.

Of all the bridges enumerated the Logan street bridge is probably least subjected to heavy loading.

There is a question whether it will ever be advisable to build a bridge at River street. It would seem more advisable to build a bridge across the Grand River at St. Joseph street and thus not only cross the river but also separate the grade at the New York Central railroad tracks.

The past summer demonstrated what may be expected on these bridges when the Kalamazoo street bridge was put out of commission for over a month by having the entire floor system wrecked by one heavily loaded truck. This bridge causes a dangerous angle in the roadway. The structure is very old, having seen service at Michigan avenue before it was placed at Kalamazoo street and having once been swept by floods from its present foundation to the foot of the bridge at Michigan avenue and then replaced in its present location. This bridge should be replaced in the not far distant future.

The State Highway department is planning on bringing in a Federal Aid Improved road on North street and Seymour street. This will mean that the Seymour street bridge will be subjected to heavy trunk line traffic and the present structure at this point has been declared unsafe by the City Engineer and by the engineers of the State Highway department. Should trouble develop at this bridge a short temporary detour could be used by going to Turner street.

The Saginaw street bridge is subjected to heavy traffic and serves a large number of manufacturing and commercial enterprises and should be replaced by a permanent structure before very long. The heaviest loads, however, prefer to use the Shiawassee street bridge on account of the steep grade on the west side of the river at Saginaw street.

The Shiawassee street is generally conceded as one of the city's most important bridges and your committee recommends that this bridge be replaced by a permanent concrete structure. The bridge was constructed in 1873 and is unsafe for the present day traffic.

The bridge across the Cedar river at south Pennsylvania avenue is an old wooden trestle that is not strong enough to meet the present day demands. The wooden piling is rotting away at the water line, the floor system is weak so that the bridge is not only in danger of being damaged by heavy traffic but in its present condition is in danger of being swept away by spring floods. To properly repair the bridge it would be necessary to take up the floor system and re-drive a large number of the piles. We recommend that this bridge be replaced with a permanent concrete structure. Its proximity to Potter Park makes it one of the City's most important bridges for pleasure vehicles.

We recommend, therefore, that an item of \$300,000 be voted on at the spring election for the purpose of constructing new bridges at Shiawassee street and Pennsylvania avenue. These bonds to be issued for thirty years just requiring an item of \$10,000 per year to pay them off.

Respectfully submitted,

A. H. DOUGHTY,
ELMER CLAPHAM;
Bridge Committee.

By Ald. Doughty—

That report of the committee be adopted.

Carried.

The committee on Ways and Means to whom was referred the communication of the City Engineer, Council Proceedings January 10th, 1921, begs leave to report as follows:

We recommend that the Council concur in the recommendations of the street, Sewer and Bridge committees and that the question of submitting bonds in the following amounts be submitted to the electors at the April election, Namely:

Paving, \$300,000.

Sewers, \$200,000.

Bridges, \$300,000.

And that the City Attorney be directed to prepare the proper resolutions for submitting these issues.

On the basis of the city's paying about forty per cent of the costs of pavement, one-sixth of the cost of sewers and the entire cost of the bridges, it will be necessary for the first five years to provide items in the budget amounting to \$40,666 for the City's proportion of the proposed improvements and after that time \$10,000 per year to pay off the bridge fund.

Taking into account the City's need for additional pavement, sewers and bridges and the present labor and market conditions we believe that it is an opportune time for the city to undertake a fair amount of public work.

Respectfully submitted,

W. T. BRITTEN,
JOHN MCCLELLAN,
Committee on Ways and Means.

Resolved by the city council of the City of Lansing:

Whereas the city of Lansing has lately purchased a farm located and lying west of the said city of Lansing, known as the Graham farm, for the purpose of establishing thereon a system of garbage disposal, by the feeding of said garbage to pigs; and

Whereas certain residents in the vicinity of said farm have become worried that the establishing of said piggery would operate as a detriment to their property rights, and that the same would be operated in such a manner as to become a nuisance, and have caused an injunction to be issued forbidding the said city of Lansing to conduct said farm or to place the said pigs thereon and to feed them the garbage from the said city of Lansing; and,

Whereas it is the intent of the city to operate said farm in a manner which will not render the same objectionable to said residents, nor to any other reasonable person; and,

Whereas it is the intention to operate the said farm in a clean and sanitary manner and to use in the conduct of the same all and every model appliance and method which may be used to conduct the said farm in the cleanest and most sanitary manner possible;

Therefore, be it resolved, that the city officers charged with the operation or conduct of said farm shall at all times keep the above named intent of the city in mind, and that they shall investigate and use every possible sanitary device for the better keeping and operation of the said piggery; and

Be it further resolved, that the said officials shall at all times work in conjunction with the State Board of Health, and especially the Department of the Sanitary Engineer, and that they shall adopt and abide by all recommendations which may be offered by said department or board in the conduct of said farm, and shall do nothing in the conduct of said farm which shall be deemed by the said state authorities to be conducive to an unsanitary and improper conduct of the same.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending Feb. 26, 1921 was received and placed on file.

To the City Council

Gentlemen:

In view of the fact that so many men are out of employment and the city is called upon to spend large sums of money to help those who are in need, it is my opinion steps should be taken by each department of our city government to do what they can to relieve the situation.

Men are coming in my office every day who have been out of work ranging in periods from three to five months, men who have families to support and have never asked aid of the city before and would not under any circumstances could they get employment, men that have worked hard and after paying rent and making payments on homes have managed to lay by a portion of their earnings to carry them through a period that we are passing through at the present time; but being out of employment so long those savings have become

depleted and they have been forced to apply to the city for aid.

If employment could be furnished those people by the city even through a portion of the expense to the amount that is being paid to them by the poor department be charged up to that department the city would be getting something in return for the money being paid and those being helped would look at it in a different light instead of feeling that they were being supported by charity they would feel they were giving something in return for the benefit they receive.

We should not under any circumstances allow our citizens to go hungry or suffer with the cold or allow their children to be kept from going to school while passing through these conditions but do everything in our power to relieve the situation.

I would earnestly ask that every department take this matter into consideration that some action may be taken and immediate results obtained.

Respectfully,

B. A. KYES,
Mayor.

Received and placed on file.

Honorable Mayor and City Council:

Agreeable to the resolution passed in the council Feb. 21, 1921, relative to cleaning up Mosler street, and by the assistance of the city engineer we have made a survey of this property and find that the railroad track which runs north and south is not in the street, but occupied by 12 feet of ground which was turned over to the railroad company by Young Brothers & Daley. The property owners abutting this street have been notified to see that same is cleared up within one week from date.

Respectfully submitted,

ALFRED SEYMOUR,
Chief of Police.

Received and placed on file.

Hon. Mayor and City Council,
Gentlemen:

Upon opening and examining bids submitted by the different contractors for the construction, heating and plumbing, and electrical wiring for the proposed isolation hospital, we recommend that the following bids be accepted:

General construction — Ray S. Angstrom, \$37,098.00.

Heating and plumbing—Edward Gibbons, \$12,800.00.

Electrical wiring — North Side Electrical Shop, \$948.00.

This leaves a balance of \$34,756.83 for furnishing and beautifying the grounds and other incidental expenses.

Respectfully submitted,

GEO. O. FULLER,
Chairman hospital committee,
Board of Health.

By Ald. Leonard—

Whereas the owner of the Francis apartments, which were recently destroyed by fire, is now applying for a building permit to repair the damage done by said fire and to again place the building in shape for occupancy; and

Whereas, the question of the extent of the damage done by said fire is a vital one, in that, should it be determined that said building has been more than half destroyed it will be necessary to enforce the provisions of the State Housing Code in the remodeling of said apartments; and

Whereas the city building inspector who issues said permits wishes to be authoritatively advised by a competent construction engineer as to whether such apartments have been more than half destroyed;

Therefore, be it resolved, that the said building inspector be authorized to order an estimate of the relative amount of damage by fire to the Francis apartments from the H. G. Christman company or others at a cost of not to exceed \$50.00, and that upon the completion of said estimate and approval of the same by the said building inspector, the city clerk is hereby authorized to draw his warrant upon the city treasurer in favor of the H. G. Christman company, or others, in a sum equal to \$50.00, and to charge the same to the contingent fund.

By Ald. Howe—

That the resolution be referred to a committee of 3 with Ald. Britten as chairman, to confer with the owners of the apartments to decide on the matter.

Lost by the following vote:

By Ald. Dymond—

Resolved by the city council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement for the safety and needs of the inhabitants of the city of Lansing that a new electric light and power plant, be built and equipped, in addition to the plants now owned by the city, so as to supply the necessary electric energy for lighting, power and domestic purposes in said city: there being great additional need for electric energy for both public and commercial uses in said city beyond the capacity of the present plants to supply; and this council being advised, by the board of water and electric light commissioners, of the city of Lansing, that the sum of \$3,825,000.00 is needed to build and equip said plant, this council determines that the said sum of \$3,825,000.00 is needed to build and equip said plant.

Resolved further, that the building and equipping of said electric light and power plant be made under the direction and supervision of the board of water and electric light commissioners of the city of Lansing, and that the question of borrowing the sum of \$3,825,000.00 upon the faith and credit of the city of Lansing, and the issuance of the bonds of said city for the purpose of defraying the cost of building and equipping said plant be submitted to a vote of the qualified electors of the city of Lansing at the election to be held in

the city of Lansing, on the 4th day of April, 1921.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "City of Lansing, Lighting and Power Bonds," and shall be issued and sold by the city of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public utilities; said bonds to be issued in such denominations, to be dated at such time or times, as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the city council shall, by resolution, prescribe; said bonds to bear interest at rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution may prescribe; both principal and interest to be payable at the office of the city treasurer of the city of Lansing, or at such other places as the council, by resolution, shall prescribe.

Resolved further, That the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the City of Lansing in the sum of \$3,825,000.00 for the purpose of building and equipping an electric light and power plant in the city of Lansing as prescribed in a certain resolution of the city council passed on the 28th day of February, 1921, be issued?

Yes ()

No ()

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No," as he or she shall desire to vote.

Resolved further, That the vote cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan and that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the city clerk be and he hereby is directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the city of Lansing, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders—15.

Nays—None.

By Ald. Doughty—

Resolved by the city council of the City of Lansing:

Whereas the committee on bridges

did on the 21st day of February report to this council that the Shiawassee street bridge across Grand river was unsafe for present day traffic, and that it recommended that the same be replaced by a permanent concrete structure; and

Whereas said committee did also report that the wooden bridge across the Cedar river on S. Pennsylvania avenue was weak and in a dangerous condition, and said committee further recommended that the bridge be also replaced by a permanent concrete structure;

Therefore be it Resolved by the city council of the city of Lansing, that it is hereby determined to be a public necessity and a necessary public improvement for the safety and needs of the inhabitants of the city of Lansing that a new bridge be constructed across the Grand river on Shiawassee street east, within said city, and that a new bridge be constructed across the Cedar river on south Pennsylvania avenue; and this council being advised by the bridge committee that the sum of \$300,000 is needed to build said bridges; this council therefore determines that the said sum of \$300,000 is needed to build said bridges.

Resolved further That the building of said bridges be made under the direction and supervision of the city council of the city of Lansing by and through its proper officers; and that the question of borrowing the sum of \$300,000 upon the faith and credit of the city of Lansing and the issuance of the bonds of said city for the purpose of defraying the cost of building said bridges be submitted to a vote of the qualified electors of the city of Lansing at the general bi-ennial spring election to be held in the city of Lansing on the 4th day of April, 1921.

Resolved further, That said bonds, authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "City of Lansing Bridge Bonds", and shall be issued and sold by the city of Lansing in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public improvements; said bonds to be issued in such denominations, to be dated at such time or times, as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the city council shall, by resolution, prescribe; said bonds to bear interest at rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other places as the council, by resolution, may prescribe.

Resolved further, That the city clerk be and is hereby directed to prepare printed ballots substantially in a manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the city of Lansing,

in the sum of \$300,000, for the purpose of building bridges across the Cedar river on South Pennsylvania, and across the Grand river on East Shiawassee street in said city, as prescribed in a certain resolution of the city council, passed on the 28th day of February, 1921; be issued?

Yes ()

No ()

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No," as he or she shall desire to vote.

Resolved further, That the votes cast upon such proposed bond issue shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots of a general municipal election, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan and that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the city clerk be and he hereby is directed to give notice of such election at which said proposed bond issue is to be submitted to the electors of the city of Lansing, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

By Ald. Howe—

That all reference to building of bridge over Cedar river at Pennsylvania avenue be stricken out and the amount of city of Lansing bridge bonds shall be in the sum of \$230,000.00.

By Ald. Britten—

Resolved by the city council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary improvement and need in the city of Lansing that the paving of streets in said city be extended, and that a considerable amount of the present paving needs repairing, viz. Michigan avenue from the old to the new city limits; Pennsylvania avenue from Sheridan street to Franklin avenue; Pennsylvania avenue, from Kalamazoo to Main street; Prospect street from Holmes street to Clifford street; Eureka street from Holmes street to Clifford street; Virginia street from Eureka street to Prospect street; Rosamond street from Eureka street to Prospect street; Bancroft court from Butler street east; Walnut street from Washtenaw street to Main street; Larch

street from Sheridan street to Franklin avenue; Larch street from Shiawassee street to Saginaw street; Moores River Drive from Logan street to the west city limits; Pine street from Allegan street to Saginaw street, and such other streets as petitions are filed for or may be hereafter filed for, and as the city council may deem necessary, and the council having been heretofore advised by the committee on streets of the city of Lansing that the sum of \$300,000 is needed for said purpose for said public improvement.

Resolved further, That the paving of such streets and the repaving of such pavement should be made under and by the direction of the city council of the city of Lansing, by and through its proper officers, and that the question of borrowing the sum of \$300,000 upon the faith and credit of the city of Lansing, and the issuance of bonds of the said city of Lansing for the purpose of defraying the necessary expenses thereof, be submitted to a vote of the qualified electors of the city of Lansing at the general spring election to be held in said city on the 4th day of April, 1921.

Resolved further, That said bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "Paving Bonds" and shall be issued and sold by the city of Lansing in accordance with the city charter relative to the issuance and sale of bonds for public improvements; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council, and to become due and payable, not exceeding thirty years from the date of issue, at such time or times as the city council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council, by resolution, shall prescribe.

Resolved further, That the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$300,000 for the purpose of extending the pavement of streets and repaving the streets of the said city of Lansing, viz. By Ald. Leonard—

Resolved by the city council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement and need in the city of Lansing, Michigan, that the sewerage in said city be extended and that a considerable amount of the present sewerage needs repairing; and the council having been heretofore advised by the committee on sewers of the city of Lansing that the sum of \$200,000 is needed for said purpose for said public improvement.

Resolved further, That the extension of said sewerage and the repairing of such sewerage as may be needed should be made under and by direction of the city council of the city of Lansing, by and through its proper officers, and that the question of borrowing the sum of \$200,000 upon the faith and credit of the city of Lansing and the issuance of the bonds of the city of Lansing for the purpose of defraying the necessary expenses thereof be submitted to a vote of the qualified electors of the city of Lansing, Michigan, at the general spring election to be held in said city on the 4th day of April, 1921.

Resolved further, That said bonds, if authorized by a three-fifths vote of the

qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, be designated "Sewerage Bonds", and shall be issued and sold by the city of Lansing in accordance with the city charter relative to the issuance and sale of bonds for public improvement; said bonds to be issued in such denominations, to be dated at such time or times as shall be prescribed by the city council, and to become due and payable, not exceeding 30 years from the date of issue, at such time or times as the city council, by resolution, shall prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually, as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places as the council, by resolution, may prescribe.

Resolved further, That the city clerk be and he hereby is directed to prepare printed ballots substantially in manner and form as follows:

OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$200,000 for the purpose of extending the sewerage and repairing the present sewerage of the said city of Lansing, as prescribed in a certain resolution of the city council, dated the 28th day of February, 1921, be issued?

Yes ()

No ()

Resolved further, That each elector voting upon such question shall indicate his or her vote by placing a cross in the square opposite the word "Yes" or "No", as he or she shall desire to vote.

Resolved further, That the votes cast upon such question shall be counted, returned and canvassed in like manner as prescribed for the counting, returning and canvassing of ballots, of a general municipal election, as prescribed in the charter of the city of Lansing and the laws of the state of Michigan; that the polls be open at seven o'clock in the morning and remain open until eight o'clock in the evening of said day.

Resolved further, That the city clerk be and he hereby is directed to give notice of such election at which such proposed bond issue is to be submitted to the electors of the city of Lansing as prescribed in the charter of the city of Lansing and the laws of the state of Michigan.

By Ald. Leonard—

Resolved by the city council of the City of Lansing:

That it is hereby determined to be a public necessity and a necessary public improvement, for the protection and

safety of the inhabitants of the city of Lansing that a fire station be constructed by the city in the Fourth Ward, for said purpose, also, that a suitable building be constructed to house the fire alarm system of the city in conformity to an order issued by the National Board of Fire Underwriters, and that this council having been heretofore advised by the board of police and fire commissioners, that the sum of \$125,000 is needed for the purpose of constructing the aforesaid buildings and equipping the said fire station.

Resolved further, That the construction of the aforesaid buildings and the equipping of the said fire station be made under the direction and supervision of the board of police and fire commissioners of the city of Lansing; that the question of borrowing the sum of \$125,000 on the faith and credit of the city of Lansing, and the issuance of bonds of the said city for the purpose of defraying the necessary expense for the construction of the aforesaid buildings and the equipping of the said fire station, be submitted to a vote of the qualified electors of the city of Lansing, at the general spring election to be held in the city of Lansing on the 4th day of April, 1921.

Resolved further, That such bonds, if authorized by a three-fifths vote of the qualified electors of said city voting thereon, as required under the laws of the state of Michigan and the charter of the city of Lansing, shall be designated "Fire Station and Equipment Bonds" and shall be issued and sold by the city of Lansing, in accordance with the provisions of the city charter relative to the issuance and sale of bonds for public improvements; said bonds to be issued in such denominations and to be dated at such time or times as shall be prescribed by the city council, and become due and payable, not exceeding thirty years, from the date of issue at such time or times as the city council shall, by resolution prescribe; said bonds to bear interest at a rate not to exceed five per cent per annum, payable annually or semi-annually as the council, by resolution, shall prescribe; both principal and interest may be payable at the office of the city treasurer of the city of Lansing, or at such other place or places, as, the council, by resolution shall prescribe.

OFFICIAL BALLOT.

Shall bonds of the city of Lansing in the sum of \$125,000 for the purpose of constructing a fire station in the fourth ward and a building suitable to house the fire alarm system, and equipment for the aforesaid fire station, as prescribed in a certain resolution of the city council, dated the 28th day of February, 1921, be issued?

CHARTER AMENDMENTS.

By Ald. McClellan—

Resolved by the city council of the city of Lansing:

That this council by a three-fifths vote of the members-elect propose that section 143 of chapter 8 and section 340 of chapter 21 of the charter of the city of Lansing be amended so that said section 143, chap. 8, shall read as follows:

"Section 143. For the purpose of paving, construction of sewers, public buildings, bridges and public improvements of any kind the city council may borrow, on the credit of the city, such sum or sums of money as it may deem necessary, not exceeding such limitations as now or may hereafter be fixed by law, for a term not exceeding thirty years, at a rate of interest not exceeding five per centum (5%) per annum, and may issue the bonds of the city

therefor, said bonds to be signed by the mayor and countersigned by the city clerk and be in such form and denominations as the city council shall direct. Said bonds may be sold and disposed of under the direction of the city council for the sum not less than their par value, unless the same shall be sold to the highest bidder, as prescribed in chapter 12 of this charter pertaining to the sale of bonds. The avails and proceeds thereof shall be applied to the use for which said bonds were issued and for no other purpose. Provided, however, that no bonds, except bonds for emergency purposes as authorized in clause b, section 4, of Act 279 of the Public Acts of 1909, shall be issued by the city council, unless the amount of such bond issue shall first be determined and approved by a three-fifths vote of the qualified electors voting thereon at an election, either general or special, to be held at such time, place and manner as provided in this charter for holding municipal elections. All premiums received from the sale of bonds shall be credited to the contingent fund of the city."

And that section 340 of chapter 21 be amended so that the same shall read as follows:

"Section 340. To acquire, construct, own, operate, repair or maintain any such public utilities as authorized in this chapter, the city may borrow money upon the credit of the city and issue its bonds therefor in such amounts as now or may hereafter be permitted by law. The city may also issue its mortgage bonds therefor on the property of the utility beyond the general limit of its bonded indebtedness. All of said bonds shall be signed by the mayor and countersigned by the city clerk, and be in such form and denominations as the city council shall direct, and to draw interest at a rate not exceeding five per cent per annum, payable annually or semi-annually, as the council shall prescribe, and may be sold or disposed of under the direction of the city council for a sum not less than their par value, unless the same shall be sold to the highest bidder, as prescribed in chapter twelve of this charter pertaining to the sale of bonds. The avails and proceeds shall be applied to the use for which said bonds were issued and for no other purpose. Provided, however, that no such bonds shall be issued unless the amount of such bond issue shall have first been determined and approved by a three-fifths vote of the qualified electors of said city voting thereon at an election, either general or special, to be held at such time, place and manner as provided in this charter for holding municipal elections, and the proposition of the amount of such bond issue may be submitted to the people for their approval at the same time that the proposition to acquire, purchase or construct any such public utility is submitted, as prescribed in sections three hundred thirty-eight and three hundred thirty-nine of this charter."

Resolved further, That the foregoing amendment to the city charter be submitted to the qualified electors of the said city at the city election to be held

in the city of Lansing on Monday, the 4th day of April, 1921.

Resolved further, that such amendment when submitted shall be printed upon a ballot which shall be prepared in substance in the following manner:

OFFICIAL BALLOT.

To amend Section 148, Chapter 8, and Section 340 of Chapter 21 of the city charter relative to the borrowing of money and the issuance of bonds therefor so that the same shall read as follows:

"Section 148. For the purpose of paving, construction of sewers, public building, bridges and public improvements of any kind the city council may borrow, on the credit of the city, such sum or sums of money as it may deem necessary not exceeding such limitations as now or may hereafter be fixed by law, for a term not exceeding thirty years, at a rate of interest not exceeding five per centum (5%) per annum, and may issue the bonds of the city therefor, said bonds to be signed by the mayor and countersigned by the city clerk and be in such form and denominations as the city council shall direct. Said bonds may be sold and disposed of under the direction of the city council for a sum not less than their par value, unless the same shall be sold to the highest bidder, as prescribed in chapter 12 of this charter pertaining to the sale of bonds. The avails and proceeds thereof shall be applied to the use for which said bonds were issued and for no other purpose. Provided, however, that no bonds, except bonds for emergency purposes as authorized in clause b, section 4, of Act 279 of the Public Acts of 1909, shall be issued by the city council, unless the amount of such bond issue shall first be determined and approved by a three-fifths vote of the qualified electors voting thereon at an election, either general or special, to be held at such time, place and manner as provided in this charter for holding municipal elections. All premiums received from the sale of bonds shall be credited to the contingent fund of the city."

"Section 340. To acquire, construct, own, operate, repair or maintain any such public utilities as authorized in this chapter, the city may borrow money upon the credit of the city and issue its bonds therefor in such amounts as now or may hereafter be permitted by law. The city may also issue its mortgage bonds therefor on the property of the utility beyond the general limit of its bonded indebtedness. All of said bonds shall be signed by the mayor and countersigned by the city clerk, and be in such form and denominations as the city council shall direct, and to draw interest at a rate not exceeding five per cent per annum, payable annually or semi-annually, as the council shall prescribe, and may be sold or disposed of under the direction of the city council for a sum not less than their par value, unless the same shall be sold to the highest bidder, as prescribed in chapter twelve of this charter pertaining to the sale of bonds. The avails and proceeds shall be applied to the use for which said bonds were issued

and for no other purpose. Provided, however, that no such bonds shall be issued unless the amount of such bond issue shall have first been determined and approved by a three-fifths vote of the qualified electors of said city voting thereon at an election, either general or special, to be held at such time, place and manner as provided in this charter for holding municipal elections, and the proposition of the amount of such bond issue may be submitted to the people for their approval at the same time that the proposition to acquire, purchase or construct any such public utility is submitted, as prescribed in sections three hundred thirty-eight and three hundred thirty-nine of this chapter."

PROCEEDINGS

OF THE

CITY COUNCIL

OFFICIAL

Regular Meeting, Monday, March 7, 1921.

City Council Rooms.
Lansing, March 7, 1921.

The city council met in regular session and was called to order by Mayor B. A. Kyes.

Roll call:

Present — Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders.—15.

Absent.—Ald. Trager.

The record of the previous session was approved as printed.

PETITIONS AND COMMUNICATIONS.

A petition was received asking that Kalamazoo street from Capitol avenue to Butler street be paved.

Referred to committee on streets.

Barnet Karnes applied for license to conduct a junk yard in the rear of the N. E. corner of Dorrance Place and Shiawassee street, beginning May 1, 1921, upon giving a proper bond as required by city ordinance.

Referred to the committee on bonds and contracts.

G. E. Cramer applied for permit to move a house from Lot 14, block 4 of J. M. French's Div. to Holmes Sub. 1, 2, and 3.

Referred to committee on streets and City Forester.

U. S. Salvage Co., applied for permit to remodel front of store at 206 E. Mich. Ave.

On motion of Ald. Clapham the permit was granted.

A petition was received for graveling Neller street from North street to Ferris street.

Referred to committee on streets.

A petition was received asking that E. Michigan ave., from the old city limits to the new city limits be paved. Referred to committee on streets.

A communication was received from Ald. Trager who is spending a vacation in Florida.

Received and placed on file.

A petition for a sewer in Hyland street, from Comfort street, to Hapeman avenue and in Hapeman avenue from Hyland street to Warner street.

Referred to the committee on sewers.

To the Honorable Council
of the City of Lansing
Gentlemen:

Referring to our Oldsdale Subdivision, we being the owners thereof, we wish to assure you that we will put in the improvements such as water, sewer and sidewalks as advertised by our sales agents, Leinbach-Humphrey & Torrey, as soon as conditions will allow us to do so.

Very truly yours,
LANSING DEVELOPMENT CO.
By Ray W. Torrey,
Sec.-Treas.

By Ald. Britten—

That the communication be received and placed on file and printed.
Carried.

To the city council of the City of Lansing:

The building committee of the board of cemetery and public park commissioners beg leave to submit that they have received three bids for the erection of a rest house at Potter Park, as follows:

H. G. Christman Co.....	\$19,147.00
Addition for tile roof.....	2,308.00
	\$21,455.00

Ray Angstman Co.	\$20,162.00
Addition for tile roof.....	2,200.00
	<hr/>
	\$22,362.00
Gratton Bros.	\$21,600.00
Addition for tile roof.....	2,160.00
	<hr/>
	\$23,760.00

The tile roof is to be of green glazed Spanish Imperial tile.

To these bids should be added the fee of the architect which is 5% of the original bid, no fee being charged on the cost of the tile roof in case it is decided to use that type of construction for the building.

Therefore, your committee recommends that the contract be awarded to the Christman Company at the sum of \$21,455.00 which includes the tile roof.

Respectfully submitted,
A. G. BISHOP,

Chairman building committee.
Received and placed on file.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending March 5, 1921, was received and placed on file.

To the Honorable Mayor and city council of the City of Lansing, Gentlemen:

I submit herewith plans and an estimate of cost for a passageway under the filling, in the approach to the proposed Elm street bridge. Estimated cost \$5,000.

Respectfully submitted,
O. E. ECKERT,
City Engineer.

By Ald. Doughty—

That the plans be approved and adopted and the city engineer be authorized to advertise for bids.

Carried.

To the Honorable Mayor and City Council,
Gentlemen:—

It would be advantageous for the city to own a mimeograph for the purpose of getting out circular letters, bulletins, budgets, minutes of board meetings, etc.

I have secured prices on the various machines for doing this work and I believe that the best machine for our use is an Edison-Dick mimeograph which sells for \$150 net. A cut of this machine is hereto attached.

I have taken the matter up with the mayor and it would be agreeable to him to have the machine placed in his office. The stencils would be cut in the various offices, placed in the mimeograph and the mayor's clerk could run off the number of copies desired.

At a low estimate, this machine will save double its cost the first year in printing bills alone, besides giving prompt service.

I would recommend that an Edison-Dick mimeograph No. 78 hand driven be purchased at an early date and that

the cost of same be charged to the contingent fund.

Respectfully yours,
F. H. PRESLEY,
Comptroller.

Received and placed on file.

REPORT OF COMMITTEES.

The committee on bonds and contracts to whom was referred the application of Chas. Glosser for dance hall license, begs leave to report as follows: We recommend that the license be granted.

L. E. SANDERS,
E. D. KLOCK,
E. S. AVERY,

By Ald. Sanders—
That the report of the committee be adopted.

Carried.

The committee on ways and means to whom was referred the communication of the J. W. Bailey Company in regard to the price on four lots at the corner of South and Cedar streets begs leave to report as follows:

We recommend that the lots be purchased.

Respectfully submitted,

W. T. BRITTEN,
JOHN McCLELLAN,

Committee on ways and means.
Received and placed on file.

The committee on poor to whom was referred the communication relative to bills of Cassar Pizzo for doctor and undertaker bills, begs leave to report as follows:

That the same be not allowed.

A. H. LEONARD,

Hon. mayor and city council of the city of Lansing, Mich.:

Gentlemen:

I herewith submit to your honorable body the special assessment roll for straightening North street from High street to New York avenue.

Respectfully submitted,

WM. C. HINMAN,
Assessor.

Received and placed on file.

To The Mayor and City Council,
Gentlemen:

On February 28th, your honorable body, by resolution authorized the Building inspector to obtain an esti-

mate of the relative amount of damage by fire to the Francis apartments on S. Washington ave., at a cost not to exceed \$50.00.

I would respectfully report that after diligent search I am unable to locate a competent person or persons who will undertake the job for the amount named.

I await your further instructions,

Very truly,

CHAS. FOX,
Building Inspector.

By Ald. Doughty—

That the communication be re-referred to the committee on ways and means.

Ald. Main to whom was referred the resolution of Ald. Britten relative to adopting central Eastern time for the city of Lansing on April 1st, begs leave to report as follows:

That I have made a canvass of the factories and from the larger factories have reports that there is an overwhelming majority opposed to a change of time. For example the Reo Motor Car Co. took a check of the factory by the foremen and report that there were 1,052 favoring the resolution while there were 2,575 voted against the changing of the clock with 700 absent and about that number indifferent. The Olds Motor Works report about 75% of the factory opposed to the earlier change.

The Lansing street railways employes through its president reports only one vote favoring the resolution. Very many citizens have called by phone while others have written me protesting a change of time. I therefore recommend that the resolution be not passed.

MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Howe—

Resolved by the city council of the city of Lansing:

That the committee on ordinances present the building code for final passage one week from tonight.

Adopted by the following vote.

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders.—15.

Nays—None.

By Ald Doughty—

Resolved by the city council of the city of Lansing:

Whereas, a bill now before the legislature, if passed will permit the issuance of bonds of the City of Lansing in and amount equal to 10% of the assessed valuation thereof or about twelve million dollars to which amount or any part thereof can be used to acquire, own, purchase extend, construct or operate a public utility.

And whereas all bonds heretofore or hereafter to be issued for such purposes have been and will be, a direct obligation upon the assessable property in the city and whereas it is the opinion of this council that bond issues upon faith and credit of the city of Lansing for purposes enumerated above, viz—acquiring, owning, purchasing, extending construction or operating of public utilities be confined to present limit of 2% of assessed valuation. Therefore be it resolved that this council protest against the increase in limit of bonded indebtedness from 2 to 10% as provided in this proposed law, being house bill No. 174 File No. 72.

By Ald. Avery—

That the resolution lie on the table for one week.

Carried.

The following resolution was taken from the table.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending March 19, 1921, was received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen:

The rebuilding and moving of the city's asphalt plant has been delayed until the matter of purchasing additional land at the site on Cedar and South streets was decided, because that affected the layout of the plant.

Everything is now in readiness to rebuild and move the plant.

Attached hereto is an agreement with the Grand Trunk Railway Company for installing a necessary slide track.

It will be necessary to purchase a new and larger, sand dryer, additional asphalt kettles and other equipment for handling material which will cost not less than \$23,000. Of this amount about \$5,000 is available in the 1920 budget. Last May \$25,000 was cut from the fund providing for the asphalt plant with the understanding that the money would be provided this spring.

The new plant will effect a saving of about \$150 per day while in operation.

The old plant will be made use of so far as possible. It has a salvage value of about \$15,000 or \$3,000 more than was paid for it in 1916.

On account of the large program ahead of us this summer and the lateness of the season this matter should receive your immediate attention.

Respectfully submitted,
O. E. ECKERT,

City Engineer.

Referred to committee on streets and committee on ways and means.

To the Honorable Mayor and city council,

Gentlemen:

I herewith return to you for further consideration an ordinance providing for a building code for the city of Lansing, fixing penalties for its violations. This ordinance has for some time past been unofficially considered by me at the request of the mayor and a number of the aldermen, and at your last meeting the same was ordered returned to the council from the committee on ordinances for final passage. The ordinance as it now stands in unchanged from its form as

presented to you some time ago in committee of the whole, at which time it was read in full. I have made the following necessary changes in the ordinance and recommend that your honorable body concur in such changes, should you determine to pass the ordinance.

Section 3. A description of the fire limits, such limits being the same as now provided in the present code, was attached. This description was left blank in the ordinance as read.

In section 5, sub-division 6, the word "perjury" was changed to "violation of this ordinance." This was absolutely necessary, as there is no power in the city council to define the crime of perjury.

In sub-division 11 of the same section the minimum amount of ordinary repairs which might be done without a permit was increased from \$25.00 to \$100, as it seemed to me extremely ill-advised that a permit should be obtained for every minor repair to a dwelling or other building exceeding \$25.00.

In Section 249 a slight change was made relative to the emergency courts for emergency exit purposes on theaters. This amendment was taken largely from the suggestion of the architect to whom this portion of the ordinance had previously been referred.

In Section 337, paragraph 2, the salary of the clerk of the board of examiners is left blank. This blank should be filled in with the amount of the salary, or disposed of in some other manner.

In Section 341, paragraphs 4, 5 and 6 the provisions relative to court proceedings were entirely eliminated, as it is entirely outside the authority of this council to prescribe the manner in which a court of record, or any other court shall proceed in the enforcement of law, except such power be expressly granted to it by legislative enactment.

Section 342, paragraphs 3 to 9. These paragraphs are also struck out in their entirety, as they related to the filing of a lis Pendens and the resulting lien upon real estate to be established thereby, which also is entirely without power of this council to pass laws or regulations in relation thereto.

Paragraph 3 of the above section attempted to state that no bond should be required from the city or from the building superintendent as a condition to the granting of an injunction or order by the court, and was struck out for the same reason.

In addition to the above corrections serial numbers of the sections have been changed where necessary to make all sections come in consecutive order and due to the elimination and additions of some sections it has been necessary also to change and correct the cross references found in the various sections.

Even with the above corrections there still remain a few questionable provisions of this ordinance, largely those wherein the council has exceeded its power in prescribing the manner of enforcement. However, the corrections above mentioned eliminate the glaring features of this kind, and perhaps the

remaining portions of the ordinance, which I will admit are not many, may be cleared up by future amendatory legislation by the council.

Very truly yours,

ALLAN R. BLACK,
Assistant City Attorney.

To the Honorable Mayor and City Council,
Lansing, Michigan.
Gentlemen:

On February 28th, 1921, your board of water and electric light commissioners requested your honorable body to take the necessary steps to provide by bonding the sum of \$3,825,000 for the purpose of building and equipping a new electric light and power plant, the proposition to be submitted at the regular election April 4, 1921.

Inasmuch as the proposed bill which was introduced in the state legislature on behalf of the board making legal this amount of bonds, has not as yet passed the legislature, it will be necessary to postpone the date of voting upon this issue. We would therefore, request you to withdraw this proposition.

Yours very truly,

Board of Water & Electric Light Commissioners,

OTTO ZIEGLER,

President.

Received and placed on file.

The following resolution was taken from the table:

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

Whereas, a bill now before the legislature, if passed will permit the issuance of bonds of the City of Lansing in an amount equal to 10% of the assessed valuation thereof or about twelve million dollars to which amount or any part thereof can be used to acquire, own, purchase, extend, construct or operate a public utility.

And whereas all bonds heretofore or hereafter to be issued for such purposes have been and will be, a direct obligation upon the assessable property in the city and whereas, it is the opinion of this council that bond issues upon faith and credit of the city of Lansing for purposes enumerated above, viz—acquiring, owning, purchasing, extending construction or operating of public utilities be confined to present limit of 2% of assessed valuation. Therefore be it resolved that this council protest against the increase in limit of bonded indebtedness from 2 to 10% as provided in this proposed law, being house bill No. 174 File No. 72.

Lost by the following vote:

Yeas—Ald. Britten, Burgess, Clapham, Doughty, Fowler, Leonard.—6.

Nays—Ald. Avery, Dymond, Eddy, Howe, Klock, McClellan, Redfern, Sanders.—8.

By Ald. Howe—

Whereas, Three-fifths of the qualified electors of the city of Lansing on August 31, 1920 authorized the city council to sell paving and sewerage bonds in the sum of \$350,000, and

Whereas, funds will be needed within the next 60 days to construct sewers and pavements, in accordance with certain resolutions adopted by the council on July 29, 1920,

Now, therefore, be it resolved by this council that the city clerk be, and he is hereby directed to give notice of the sale of the bonds of the city of Lansing by publishing the same in the State Journal, and that the notice so given shall be in the following form:

SALE OF CITY BONDS

Notice is hereby given that bonds of the city of Lansing, in the following amounts are now for sale to the public:

Sewerage bonds	\$100,000.00
Paving bonds	\$250,000.00

The said bonds will be placed in the hands of the city treasurer for delivery not later than June 1st and the denominations of same will be as follows: \$100, \$500 and \$1,000.

Said bonds may be purchased by applying to the city treasurer therefor, between 8:00 a. m. and 4:00 p. m. from March 23, 1921 to April 22, 1921 inclu-

sive. Said bonds shall bear 5% interest, payable semi-annually. All persons desiring to purchase any of said bonds shall apply therefor in writing, stating the amount and denomination of the bonds they desire to buy, for which they agree to pay not less than par, and accrued interest, if any, and shall deposit with the city treasurer cash or a certified check for 2% of the amount of bonds bid for.

JUDESON A. PARSONS,

City Clerk.

That said publication shall run for nine publications, commencing March 22, March 26th, March 29th, April 2nd, April 5th, April 9th, April 12th, April 16th, and April 19th, 1921.

To the honorable mayor and city council:
Relative to the resolution of the council last Monday evening in regard to the little shack on the east end of the Michigan ave. bridge.

I wish to state that the same is being rented to the Hurry-up Delivery Dray Co. for an office, they paying seven dollars per month for the same to a man by the name of Harry Herndon.

Mr. Herndon states to me that he is paying taxes on the same as well as six feet west of the shanty.

Respectfully submitted,

ALFRED SEYMOUR.
Chief of Police.

Referred to the committee on streets.

Honorable mayor and city council, Lansing, Michigan.

Gentlemen—In regard to the communication from the North Side Commercial club, referred to me at the adjourned meeting of March 24, will say that I heartily concur in such recommendation and would recommend that your honorable body authorize the purchase of four additional life buoys, two to be placed on the North Lansing dam and two to be placed on the Platt dam, as at the latter place it is quite popular for bathing during the summer months.

Respectfully submitted,

ALFRED SEYMOUR.
Chief of Police.

By Ald. Britten—

That we concur in the recommendation of the chief of police and he be

authorized to purchase same and, the cost to be charged to the contingent fund.

Adopted by the following vote.

Yeas—Ald. Avery, Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders.—14.

Nays—None.

To the honorable mayor and city council:

Gentlemen—At the present time there is \$24,000 insurance on the city hall and \$6,000 on contents and is costing the city \$391.50 for a period of three years.

I would suggest that you authorize an appraisal made by any competent building contractor and then place both city hall and contents under a 90 per cent co-insurance clause.

Assuming that the value of the building is \$125,000, we can carry \$112,500 insurance with a 90 per cent co-insurance clause at a cost of \$793.12 for three years and estimating the value of contents at \$15,000 we can carry \$13,500 on same basis at a cost of \$231.00 for three years or an annual premium on both building and contents of \$341.37.

The policies now in force may be surrendered and the unearned premium paid to the city providing you decide to place insurance as outlined above. The new policies would be dated May 1, 1921 and we would be able to determine each year the necessary amount to include in budget under head of "insurance."

Respectfully,

F. H. PRESLEY.

City Comptroller.

Received and placed on file.

Honorable mayor and city council, Lansing, Michigan:

Gentlemen—We wish to advise you that the improvements to present power stations recommended sometime ago by the Citizens Advisory Committee appointed by you to confer with the board, have now been completed. Besides the addition to boiler plant at Ottawa street station, a new duplicate drive for the condenser of the 5000 KW turbine has also been installed and is now in operation. While these improvements have not added to the installed generating capacity of our stations, they do insure much more continuous and satisfactory service.

Yours very truly,

BOARD OF WATER & EL. LT.

COMMISSIONERS.

OSCAR E. FULKELEY.

Superintendent.

The committee on resolutions on gift of Durant Park; begs leave to report as follows:

Whereas, the honorable William C. Durant has seen fit in the goodness of his heart to donate to the city of Lansing, without any restrictions whatsoever, what is known as the Cowles block on N. Washington ave., after having fitted it up in a most acceptable manner, for a park.

Therefore be it resolved: By the city council of the city of Lansing, acting in behalf of every citizen of the municipality, not only of today but for generations to come, that we acknowledge our keen appreciation of his generosity in bestowing a gift, rich, not alone in its natural beauty, but also in its material wealth, to the people for their beneficence for all time. May the broad maples and the towering elms make for a better and cruder humanity and inculcate a love for peace and prosperity, and a hatred for strife and littleness in the every day things of life. May all these benefits accrue and redound to the magnanimity of Mr. Durant in thus providing wisely for the uplifting of mankind.

Resolved, further, that an engrossed copy of this resolution be forwarded to Mr. Durant.

The committee on gas matters, to whom was referred the several petitions asking for the annulling of the 45c monthly service charge which the Lansing Fuel & Gas Co. was authorized to collect in recent order of Public Utilities commission, begs leave to report as follows:

This committee has held several meetings, one in the council room, with a committee from the Trades and Labor Council and members of the Public Utilities commission.

The members of Trade and Labor Council were well satisfied with the explanation given by the Utilities commissioners as to monthly service charge and expressed the hope that the order and opinion of Public Utilities commission would be made public in some form or other by action of the council.

We find it has been the custom and practice of Lansing Fuel & Gas Co., and is a common one among gas and water utilities to charge cost of laying service stub from street main to property line of consumer to general operating expenses, and in a city like Lansing, where there are so many of these new connections each year, it makes operating cost very high and reacts in rates paid by consumers. The Public Utilities commission found that Lansing Fuel & Gas Co. had approximately \$550,000.00 invested in such stub services and it was increasing on account of new stubs being put in at the rate of \$67,500.00 per year, or aggregating an interest charge amounting to \$50,000.00 per year, which was being spread in rates paid by all consumers. Now if any consumer, being served was away for any period of time or did not consume sufficient gas through his stub service connection, to actually pay not only cost of gas consumed but interest charge as well, on investment made to install his individual stub service. It is apparent that the loss so sustained was distributed and paid by the adverse users of gas and was an unjust and unfair practice and it was to correct this that this monthly service charge was authorized.

The rate of 12 1/2c per 100 ft. as fixed by the Public Utilities commission is based on costs of raw materials, coal, fuel oil, labor, depreciation, bond retirement, income from by-products, etc. Their contracts for coal and oil placed over a year ago expire April 1st and, it is the purpose of the Public Utilities commission from time to time to reduce the rate in proportion to lessened cost. The order and opinion of the Public Utilities commission is very explanatory and covers their finding in detail and among other things provides the manner in which the city or any citizen may obtain prompt relief from any portion of their order objected to.

We are confident that the Lansing Fuel & Gas Co. will welcome any action

on part of city to secure removal of this monthly service charge as they, themselves, do not favor it and protested against its authorization.

This committee would call the council's attention to the following resolution:

By Ald. Doughty—

Resolved by the city council of the city of Lansing:

That the recent order of, and opinion of the Michigan Public Utilities Commission in the matter of gas rates be published in pamphlet form and the clerk be and he is hereby directed to secure prices on cost of 1,000 copies.

Lost by the following vote.

Yeas — Ald. Britten, Clapham, Doughty, Eddy, Fowler, Leonard.—8.

Nays—Ald. Avery, Dymond, Howe, Klock, Main, McClellan, Redfern, Sanders.—8.

And we would still recommend that this opinion and order of the Public Utilities commission be printed either in official council proceedings or in pamphlet form as we cannot find any good reason for not informing the public fully on a matter in which they are so vitally interested.

Further, your committee does not find that any protests whatever filed either with this council or the Electric Light and Water Board protesting against an exactly similar charge of 65c per month, existed last June for water service.

Upon investigating this petition your committee interviewed more than 200 of the signers thereof and found that not one of them had ever read the order of the Public Utilities commission and we also found that 73 of the signers of this petition are not consumers of gas. We further found, the petition contained names of six dead persons, two of whom had been dead more than four years. Your committee is inclined to believe that a deliberate attempt has been made by misinformed persons who have neither seen nor read the Utilities commission's order to again drag the gas question into local politics at this time at the behest of a few disgruntled politicians. We therefore recommend that no action be taken by this council at this time and that the regulation of rates and service of local gas plant be left entirely in the hands of the Public Utilities commission which is composed of conscientious public officials, who, together with their corps of competent engineers, each an expert in his own line, devote their entire time entirely divorced from local political situations, seeing to it that utility corporations, such as the Lansing Fuel & Gas Co., render the public adequate and efficient service at just and reasonable rates.

The following resolution was taken from the table.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

Whereas the state of Michigan, by Act No. 152 of the session laws of 1911, enacted that the board of control of the Michigan School for Blind were authorized and permitted to deed to the city of Lansing the following real estate, viz. "Beginning 20 rods east of Logan street, thence running east to the west line of Moores sub-division, parallel to and adjoining a 20 foot alley of Englewood Park addition, being a part of the north-east $\frac{1}{4}$ of the southeast $\frac{1}{4}$ of section 8, township 4 north range 2 west" for the purpose of widening an alley of said city and thereby creating out of said alley a public street 50 feet in width; and

Whereas by virtue of Act No. 82 of the Session Laws of 1917 the board of control of the Michigan School for the Blind were authorized to deed to the city of Lansing, for highway purposes, the following described property: "A parcel of land 30 feet wide extending from Warner street to Englewood Park sub-division off the west side of the land belonging to the said street, also a parcel of land 30 feet wide extending from a point 18 rods east of the east line of Logan street to the west line of said Moores sub-division off the south side of the lands so belonging to said street, and also a parcel of land 50 feet wide extending from the said Englewood Park sub-division to the south line of Maple street off the east side of the lands so belonging to the said street, the said lands being situated in the northeast $\frac{1}{4}$ of the southeast $\frac{1}{4}$ of section 8, township 4 north range 2 west. That the consideration of the same was the vacating and discontinuing for street purposes that portion of Rogers street lying south of the south line of Warner street, and that portion of Maple street lying west of a point 50 feet west of the intersection of the west line of Moores sub-division with said Maple street; and

Whereas the said city has performed its part in vacating and discontinuing that part and portion of the street aforesaid;

Therefore, be it resolved, that the said Board of Control of the Michigan School for Blind be and are hereby requested to execute and deliver deeds to the city of Lansing of the aforesaid pieces and parcels of land to be used for street purposes.

Be it further resolved that the city clerk be and is hereby requested to serve notice on the said board of this resolution.

Resolved by the city council of the city of Lansing:

That, whereas, this council did heretofore, to wit on the 29th day of July, 1920, by resolution duly adopted, declare and determine that for better sanitation, public convenience and general drain-

age purposes, it is a necessary public improvement to extend the sewerage and repair the present sewerage of the city of Lansing, and this council being advised by the city engineer that the city of Lansing will incur an estimated indebtedness of \$100,000 in the construction of said sewers and the repairing of the present sewerage in the city of Lansing; and

Whereas this council heretofore, to wit on the 31st day of August, 1920, did submit the question of said sewers and the repairing of the present sewerage, as aforesaid, and the issuance of the bonds of the city of Lansing in the amount of \$100,000 for the purpose of defraying the expense of the construction of said sewers and the repairing of the present sewerage, to a vote of the qualified electors of the city of Lansing; and

Whereas the qualified electors of said city, by a three-fifth vote of those voting thereon, at a special election held in said city on the 31st day of August, 1920, determined and approved the issuance of the bonds of said city in the sum of \$100,000 for the purpose of constructing said sewers and repairing the present sewerage, and that said bonds should be issued as proposed in said resolution.

Now, therefore, be it resolved by this council, that the bonds of the city of Lansing, to be designated "City of Lansing Sewerage Bonds" in the sum of \$100,000, for the purpose of defraying the expense of the construction of said sewers and repairing the present sewerage of the city, be issued by said city; that such bonds shall be in denominations of \$100.00, \$500.00, and \$1,000.00, and be dated June 1st, 1921, and be due and payable as follows: \$20,000 on June 1st of each year from 1922 to 1926, inclusive. Said bonds shall bear interest at the rate of 5% per annum, payable semi-annually, on the 1st day of December and the 1st day of June, in each year beginning the 1st day of December, 1921, until all of said bonds are fully paid, both interest and principal payable at the

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending April 2, 1921, was received and placed on file.

Honorable mayor and city council of the city of Lansing.

Gentlemen—I herewith submit to your honorable body the supplementary special assessment roll for grading Ferris st. from Larch st to Neller st. as corrected to actual cost.

Respectfully submitted,

WM. C. HINMAN,
Assessor.

Received and placed on file.

To the honorable mayor and city council of the city of Lansing:

Gentlemen—I herewith present you with plans and estimate of cost for a sewer in Glenn st., from 43 feet east of Linwood st to west end of street.

Length	305 feet.
Estimated cost	\$373.50
City's 1-6	62.25

To be assessed.....\$311.25
Also sewer in Orchard st. from 132 feet east of Pennsylvania ave. to east end of Orchard st.

Length	781 feet.
Estimated cost	\$916.20
City's 1-6	152.70

To be assessed.....\$763.50

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.

To the honorable mayor and city council:

Gentlemen—In re: Prospect street. I have carefully investigated this matter and determined in relation thereto as follows:

According to the information I have been able to obtain, I have found that a special assessment was duly and legally ordered by the council, to be made by the city assessors to pay the expense of public improvement on Prospect st., as provided by section 250 of the charter, which assessment roll was made by the city assessors and read to the city council. I further found that the notice to the interested parties was given, as required by law, and the roll reviewed by the council, as provided by sections 251 and 252. Section 252 further provides that the council may ratify and amend the said assessment list in whole or in part. This being directed and a special committee appointed by this council to look over such matter, and having prepared certain figures in relation thereto, as a proposed amendment to the assessment roll, it will be proper for this council to amend the assessment roll according to the figures so prepared, if they determine the same correct. I further found that it is the duty of this council to prepare this roll for the mayor's signature, by amending it so that it conforms to the opinion and judgment of the council, or accept it as it is, to the end that the city may be reimbursed for the moneys it has paid out. Section

253 provides that "Every corrected assessment so ratified and confirmed by the city council, as aforesaid, shall be final and conclusive." Until the same is ratified by this council and approved, all the matters are in abeyance, but as soon as approved by the council the Mayor shall affix his warrant and direct the city treasurer to collect the same.

Respectfully,
D. G. F. WARNER,
City Attorney.

By Ald. Leonard—

That we accept, adopt and confirm the roll presented by city assessors Oct. 13, 1919, on the opening of Prospect st.

To the honorable mayor and city council:

I desire hereby to call the attention of your honorable body to section 70 of our city charter relative to appointment of special auditor and pray that action may be taken in accordance with same.

FRIEDA A. SCHNEIDER,
City Treasurer.

By Ald. Leonard—

That the request be granted.

Carried.

To the honorable the mayor and city council:

Gentlemen—We are in receipt of a communication from the League of Michigan Municipalities, requesting that we write them immediately as to the opinion of the city legislative body on two bills which have been introduced in the State Legislature, viz the Defoe bill, House bill No. 278, and the Osborn bill, Senate bill No. 129, which bills propose amendments to the Michigan Public Utilities commission act, by giving over to said commission the entire supervision of public utilities. The said League of Michigan Municipalities have adopted a resolution opposing such legislation, and asking for concurring action on the part of other city legislative bodies, on the grounds that such legislation tends to take from municipalities all powers of contract or regulation as applied to public utilities and are in derogation of the Home Rule provisions of the constitution.

To enable us to answer the above communication, we respectfully ask, if your honorable body so desires, that some action be taken, either for or against this legislation, at this meeting of the council.

Very truly yours,
ALLAN R. BLACK,
Assistant City Attorney.

Received and placed on file.

Honorable mayor and city council:

Gentlemen— We wish to advise that a map showing all boulevard and street lighting has been prepared by us and filed in your City Engineer's office. This map is accurate and complete to the very best of our knowledge and it is our intention to revise and keep it up to date regularly.

Yours very truly,
BOARD OF WATER AND EL. LT.
COMMISSIONERS.

OSCAR E. BULKELEY, Supt.

To the Honorable Mayor and City Council:
Gentlemen:

Complying with your request of recent date, I submit herewith an estimate on the value of the city hall.

I find that the dimensions of the building are 150 feet by 96 feet less court which is 38 feet by 42 feet and that it contains 781,044 cubic feet, and after conferring with Mr. Bowd and ascertaining what the State Building cost per cubic foot, we arrived at a cost of the city hall at 45c per cubic foot, which would make my appraisal amount to \$351,469.80.

Respectfully submitted,
GEO. HAGAMIER,

Received and placed on file.

To the Honorable Mayor and City Council:
Gentlemen:

Referring to the appraisal of \$351,469.80 on city hall, made by Mr. Hagamier and report to the council on this date I submit herewith the following recommendations:

First, that the council take as a basis the reproduction value—\$350,000 and deduct therefrom 20% for depreciation or \$70,200, leaving sound value today of \$280,800.00.

Second, that the council take out insurance on this amount with a 70% co-insurance clause giving us protection up to \$197,000.00, for the reason that in event of fire, we would, in all probability, save at least 30% of the building's value.

Third, that the council place an amount in the 1921-22 budget to take care of the premium for three years and, then each succeeding year it will only be necessary to include one-third the cost of the premium, by cancelling all policies, taking rebate and re-writing them each year for 3-year terms, thereby distributing the expense equally each year.

The cost of insurance as outlined above will be \$1,812.40 for three years, or \$604.13 per year.

Regarding insurance on contents would advise that we place \$20,000 on same with an 80% co-insurance clause which will cost \$327.25 for three years or \$109.08 per year and take care of the cost in the budget in the same manner as the insurance on the building.

If you authorize this insurance on contents, I propose to set up from our general inventories, separate inventories showing value of ledgers, books of record and add to this value the cost of

compiling new records, together with adding machines, typewriters, calculating machines, office furniture, etc.; take sworn statements from the heads of the various departments as to the accuracy of their respective inventories, place them in the vault, so that in the event of fire, we may produce documents to show our loss and which insurance companies will accept as a basis for settlement.

Respectfully submitted,
F. H. PRESLEY,
Comptroller.

Received and placed on file.

By Ald Fowler—

Whereas, owing to the conditions that exist, as a result of the late war, during the present period of readjustment, our factories have not been operating and are not yet operating to their full capacity, and that by reason of the same a large number of people are idle and out of employment and as a result thereof the city is called upon to assist financially a great number of people, whom they would not have to assist if conditions were normal; and

Whereas, it is known to all people that factories and business interests in the city of Lansing are employing a number of people who are not residents or taxpayers of the city of Lansing, which has a tendency to work a hardship upon the working people of the city of Lansing and to the taxpayers

Therefore, be it resolved, that it is the sense of the city council that it would be better for all concerned to employ residents of the city of Lansing to operate in the said factories, in preference to outsiders during the present conditions.

Be it further resolved, That by this resolution the operators and managers of industries within this city be asked to give preference to and to employ residents of the city of Lansing, to the exclusion of non-residents, wherever the same is practical and possible.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess,

Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.
Nays—None.

By Ald. Leonard—

That the city attorney be instructed to proceed at once to collect from Ald. McClellan and ex-Ald. Louis Neiler the money which they appropriated from the proceeds of the sale of the government foodstuffs. Carried.

By Ald. Leonard—

That three bills of Wm. Clark for cleaning vaults, amount \$54.50 be placed on general order.

Ald. Avery moved that the motion be laid on the table one week. Carried.

Ald Britten moved that one-half of the amount of these bills or \$27.25 be allowed and orders drawn for the same. Carried.

By Ald Howe—

That the committee on claims and accounts investigate the scavenger tax of \$9.00 and \$2.80 against lot 9, block 8, Handy Home Addition. Carried.

By Ald. Britten—

Whereas on February 2, 1920, the city clerk was authorized to advertise for bids for asphalt to be furnished the city, and

Whereas, the said city clerk, in accordance with said resolution advertised for said bids to be received, and among the conditions provided for in said advertisement for bids was that the persons filing such a bid should file with the same a certified check in the amount of \$500, as a guarantee that they would enter into a contract for furnishing asphalt in accordance with their bid; and

Whereas, the Sinclair Refining company filed their bid to furnish asphalt to the city, and the same was accompanied by a certified check of \$500; and

Whereas, on March 29th, 1920, the city council duly accepted the said bid and prepared a contract in accordance therewith and forwarded the same to the said Sinclair Refining company, and that the said Sinclair Refining company refused to enter into said contract, and the Sinclair Refining company utterly refused to sell the city asphalt on the terms and conditions set forth in their bid by reason whereof they forfeited the said \$500 deposited by them, in accordance with the terms and conditions under which they made their bid. That said check is now in the possession of the city clerk.

Therefore, be it resolved, that the city clerk be and is hereby authorized to turn the same over to the treasurer of the city of Lansing, said treasurer to credit the same to the asphalt operating fund of the said city.

Bid of The Briggs Co., \$2.42; \$2.60; \$2.70 3-4.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the bid of The Brick & Supplies Corporation for the furnishing of fifteen thousand barrels of cement in accordance with bid and supplemental letter dated April 15, 1921, which follows, being the best and lowest bid, that same be and hereby is accepted, and be it further resolved that the mayor and city clerk be directed to execute a contract with the said Brick and Supplies Corporation, in behalf of the city of Lansing, according to said bid presented, and specifications on file.

The above resolution was placed on file for one week in office of city clerk in accordance with section 92 of city charter.

Honorable mayor and city council,
Lansing, Michigan,
Gentlemen:

Referring to our bid, presented to you under date of April 11, beg to advise that, in submitting this figure to you, we figured on allowing you any reduc-

tion in freight rate which might take place prior to the completion of this contract.

We wish, also, to advise you to the effect that, conforming with the clause in your contract wherein you are to receive any market reductions, you may figure on the basis of a 10c per barrel reduction from each of the items quoted in our contract as we are informed, by our mill, of this reduction on this date.

Trusting that this makes matters clear to you and that we may be successful in being awarded the contract for your requirements, we beg to remain

Very truly yours,

The Brick & Supplies Corporation.

G. P. ANDERSON.

President.

Received and placed on file.

Bid of concrete base, no top, Christman, \$2.38; Brooks, \$3.49.

By Ald. Britten—

That bids be laid on the table one week.

Carried.

REPORTS OF CITY OFFICERS.

The report of the sealer of weights and measures for the week ending April 16, 1921, was received and placed on file.

To the honorable mayor and members of the city council:

Gentlemen—Recently a case was tried in the circuit court for the county of Ingham, wherein Charles G. Davis was plaintiff and the city of Lansing was defendant. The question before the court was to recover taxes paid by the said Davis upon a special assessment for the paving of Holmes st. After the hearing of the evidence in said cause the court found that the original petition filed for the paving of said street, which was filed May 26, 1919, was not a legal petition. The court further found that the petition for the paving of said street which was filed with the council on June 7, 1920, was a legal petition. That the proceedings of the council of June 7, 1920, in relation to said street were legal and regular. Among the proceedings was that the assessment roll was directed to be prepared and presented to the council at the next regular meeting, or as soon thereafter as might be. That the records failed to show that the roll was in fact prepared by the assessors in accordance with the resolution of the council, nor was there any hearing had on such roll subsequent to the 7th of June, 1920. It appears that the roll was presented to the council, but it bore date August 18, 1919, and recited that it was made in pursuance to the order of the council of

June 30, 1920. This shows an inconsistency or an impossibility, and that by reason of the same the court held in substance that owing to the fact that the roll was made prior to the passage of the resolution, it was void. By the opinion of the court he finds that no roll was made subsequent to the resolution of June 7, 1920, although it was the intention of the council, as shown by the said resolution of that date.

Therefore, it is necessary that this council direct a new roll to be made and see that the same is made accordingly, and that the same be presented to the council and the interested parties given an opportunity to be heard and object to the same, as provided by the charter. It might also be advisable to make an assessment district to be certain as to that part which is to be affected by the tax. In a few words, the only fault that was found was that there was no roll made in 1920 as the council had ordered it, nor was there any opportunity given the interested parties to be heard and make objections thereto, which must be corrected.

Most, if not all, of the people who were assessed paid their assessments. I feel that a resolution should be passed directing that when the new assessment roll is made and the assessments levied those parties who have paid be given credit upon the assessment rolls for the payment of the same.

Very respectfully.

D. G. F. WARNER,

City Attorney.

Received and placed on file.

By Ald. Britten—

Whereas the city of Lansing, by and through its proper officers, has ordered the repaving of E. Michigan ave., and the bonds with which to raise the money have been voted and all steps taken preparatory to the doing of the work; and

Whereas heretofore, to-wit, on the 28th day of February, 1921, the city council, by resolution, ordered that the engineer be instructed to pave said street; and

Whereas said street is traversed by the Electric Railway company; and

Whereas on the 21st day of March, 1921, the city council passed a resolution, among other things requesting that the said Electric Railway company make all the necessary preparations and arrangements for the paving of said street and to remove from the center of Michigan avenue its ties and rails and to such other things as might be necessary that the pavement might be undertaken and progress without interruption or hindrance on the part of the said Railway company. That the time given for the said Railway company to perform its work was April 18th, 1921; and

Whereas the said date has elapsed and there has been no undertaking on the part of the Railway company to do any of the said work or to make preparation preparatory to the laying of said pavement;

Therefore, be it resolved, that the city engineer be and is hereby directed to proceed with the laying of said pavement and do all things that may be necessary to be done preparatory to the laying of the same, and especially to remove or cause to be removed any portion of the tracks of said company on the route where the said pavement is to be laid.

PUBLIC IMPROVEMENT II.

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted June 1, 1920, for repaving Michigan avenue from Michigan Central railroad tracks to old city limits, are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Michigan avenue within the west line of section 15 and the east line of section 15, and extending back from said Michigan avenue a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$229,000; that the expense of paving between the rails and for a width of 18 inches on each side of the tracks of the Lansing City Railway company, its successors and assigns, to wit, the sum of \$96,700, shall be paid by said railway company, its successors or assigns. Two-thirds of the balance, or \$38,200, which shall be paid by the city out of the contingent fund.

That all of the remainder of said estimated expense, to wit, the sum of \$44,100, shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement and upon the owners of occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

CONSTRUCTION OF SEWERS AND DRAINS, III.

By Ald. Leonard—

Resolved by the city council of the city of Lansing:

Whereas, notice to taxpayers and persons interested in the construction of 440 feet of sewer in Washington ave, from Willow street to Franklin avenue, in the 10 & 22 sewer and drain district of the city of Lansing, having been duly given as required by the charter of said city, and the said city council after hearing divers suggestions and objections by such persons so interested, at the time and place provided in such notice to the plans and necessity of such improvement, and after due consideration it is hereby determined by said city council that such sewer is a necessary public improvement; and it is determined by such city council to construct the same as originally set forth in a resolution adopted by such city council on the 27th day of Oct., A. D. 1920, together with necessary manholes, catch basins and laterals therefrom.

And that the plat and diagram as returned by the city engineer be and the same is hereby adopted and that it be recorded in the book of sewer records in the office of the city clerk, and it is further resolved, that the portion of the city deemed to be specially benefited by said improvement is all lots, parts of lots and pieces of land within the district specifically described and set forth in a resolution of said city council, for the construction of said sewer passed upon the 8th day of November, A. D. 1920, excepting from said described district all public streets and alleys.

That the estimated expense of such improvement is \$670.20 of which one-sixth or \$111.70 shall be paid from the general sewer fund and the remainder or \$558.50, shall be defrayed by special assessment, upon all lands and premises, within the district above described in proportion to the benefits accruing to each parcel respectively from the construction of such sewer, and upon the

Respectfully submitted,

O. E. ECKERT,

City Engineer.

Received and placed on file.

Honorable mayor and council:

Gentlemen—The resolution of Alderman McClellan to report to council recommendations for improving the fire hazard in the city hall was referred to the writer. Permit me to give you the result of my findings.

1. Open passage way in basement from rear stairway, now used by Police Dept. so that the Fire dept. can get into the building from this point.

2. Connect one hundred feet of hose, nozzle attached, to stand pipe in basement. This would nicely take care of smaller incipient fires.

3. Entrance to boiler room. Metal door casing and fire door. Just south of this entrance, brick up window, also brick up windows on this floor and stock room in southwest end of building.

4. Build fire proof ash vault adjacent to coal bin. Remove all wood par-

titions in coal and ash room.

5. In motor room, use sand on floor instead of sawdust. Galvanized iron can to receive all oily rags, etc.

6. Place all open wiring as far as possible in conduits. Main fuses now on wood panel. Change to proper installation. Replace lamp cord in attic with stationary lights. Repair light at fixture at stairway, third floor to attic. Remove all dead wires and give all wiring a general overhauling by competent electrician.

7. Place metal can in clock room to receive all oily rags, waste, etc.

8. Place on each floor, including attic, one 3 gallon chemical fire extinguisher, also one in Police Patrol garage.

9. Would also recommend that attic under roof, be sprinkled. Siamese hose connection on outside of building. Also carry water standpipe to attic and attach 75 ft. of hose and nozzle.

I have written several letters regarding the sprinkler recommendations but to date have obtained little information.

10. Place Master Fire Alarm Box on outside of building and five auxiliary boxes, one on each floor. Cost less installation \$262.50.

11. Install up to date Watchman Clock System. Some one person should also make the rounds hourly in the day time, and all reports of watchman be checked up daily.

12. Immediately discontinue the heating of the city hall from boilers in building; entirely unnecessary, always danger from fire or explosion. In as much as the city owns a splendid steam heating plant, connections should be made without delay and eliminate any possible danger.

13. Have a general housecleaning once a week, remove all paper and rubbish that might accumulate, any combustible material in building that is of no value or use. This would help materially.

14. Carry out the recommendations to the letter and the danger of destroying the City hall by fire is quite remote. The building is of splendid architecture and built as near fire proof as possible at the time of its construction. Outside of the roof boards, the building would be designated as fire proof.

However, deductions must be made for the combustible material contained inside of the building, and possibly much of this, as heretofore mentioned, could be removed and lessen the fire hazard considerable.

Respectfully yours,
HUGO R. DELFS,
Chief Fire Department.

Referred to committee on buildings.

Honorable mayor and city council:

Gentlemen—The action of your honorable body at your regular meeting Monday, April 18th, recommending the widening of Michigan ave. from Michigan Central Railroad to Pennsylvania ave. and on the south side of Michigan ave. from Pennsylvania ave. to

Bingham st., makes necessary immediate reconstruction of Boulevard Lighting System on the section affected. We estimate this will cost \$1,800.00. Will you kindly authorize this work?

Yours very truly,
BOARD OF WATER & EL. LT. COMMISSIONERS.

OSCAR E. BULKELEY,
Superintendent.

By Ald. Britten—

That the communication be referred to 5th and 7th ward aldermen.

Carried.

REPORT OF COMMITTEE.

The committee on streets to whom was referred the petition for a curb and gutter in New York avenue, from Franklin avenue to North street, begs leave to report as follows:

We recommend the petition be granted.

Committee.
Received and placed on file.

The sanitary inspector, to whom was referred the committee report relative to claims of W. F. Clark, begs leave to report as follows:

That the report as adopted by the council is a satisfactory settlement to the city scavenger and health department.

W. S. ROBBINS,
Sanitary Inspector.

Received and placed on file.

The committee on sewers to whom was referred the petition for sewer in Beaver street, from Center street west, begs leave to report as follows:

We recommend that the request be granted.

A. H. LEONARD,
H. S. FOWLER,
ELMER CLAPHAM,
Committee on Sewers.

Received and placed on file.

The committee on sewers begs leave to report as follows:

On March 28th, 1921, certain parties petitioned for a sewer in Lincoln street, from Teal avenue to Cedar street, and

your sewer committee reported favorably on same, but upon investigation we find that the plat of Cedarhurst, of which Lincoln avenue is one of the principal streets, has never been recorded and as Lincoln avenue is not a public street we recommend that the sewer be not built and that sewer resolution No. 1, dated April 18th, 1921, be rescinded.

A. H. LEONARD,
H. S. FOWLER,
ELMER CLAPHAM,
Committee.

By Ald. Leonard—

That recommendation of the committee be adopted.
Carried.

The committee on sewers begs leave to report as follows:

On April 5th, 1921, certain parties petitioned for a sewer in Clemens avenue from manhole in Marcus street south 250 feet. Upon investigation we find that this sewer can be extended 300 feet and serve the last house. We therefore recommend that sewer resolution No. 1, of March 18th, 1921, be rescinded and a new No. 1 resolution be presented.

A. H. LEONARD,
H. S. FOWLER,
ELMER CLAPHAM,
Committee.

By Ald. Leonard—

That the recommendation of the committee be adopted.
Carried.

The committee on ordinances to whom was referred the communication of Sands & Atkins relative to publication of building code, begs leave to report as follows:

We attach hereto the offer of Sands & Atkins, agreeing to print the city building code for \$2.50 per page for 1000 copies of the code; this will make the cost approximately \$500 for printing the code. If the code is passed we recommend that their offer be accepted. We also recommend the code be not printed in the council proceedings and that the publication thereof be made by posting on the city bulletin boards.

JOHN McCLELLAN,
A. C. DYMOND,
O. C. HOWE,
Committee.

By Ald. McClellan—

That report of the committee be adopted.

By Ald. Avery—

That the report of the committee be laid on the table.
Carried.

MOTIONS, RESOLUTIONS AND NOTICES.

By Ald. Britten—

Whereas a petition was duly and legally filed with the city council with the necessary number of signers and representatives and the necessary amount of frontage to pave Holmes st., from Michigan ave. to Main st.; and

Whereas, the city council, acting upon said petition, took steps and proceedings to pave said street and has paved the same; and

Whereas, one Charles J. Davis, one of the interested parties who owns frontage upon said street, filed suit in the Circuit Court for the County of Ingham for the money he had paid by reason of such taxation for the benefit of Holmes st. pavement; and

Whereas, upon a trial of said cause in the Circuit Court for the County of Ingham, a verdict was rendered in his favor by said Court upon the grounds that no special assessment roll had been made and passed upon by the said council subsequent to the filing of the petition for said pavement; and

Whereas, it is deemed proper for the correction of the same to take the necessary steps as provided by the charter of the city of Lansing to re-assess said property fronting upon said street, in accordance with the charter of the city of Lansing;

Therefore, be it resolved, that the paving of said street was and is a nec-

essary public improvement and that the city engineer be and is hereby directed to make a report to this council of the cost of paving Holmes st. between Michigan ave. and Main st., and that the regular proceedings be had thereafter, in accordance with the charter, for the special assessment and the making thereof in the case of paving.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

By Ald. Doughty—

Whereas, the city of Lansing has ordered street paved at the intersection of Michigan ave. and Hurley st;

And whereas, it will be necessary to destroy and remove certain trees there standing in order to make said improvement;

And whereas, it would be impossible to start work without removing said trees and by reason of the same they are an obstruction and nuisance.

Therefore be it resolved, that the city engineer be and is hereby directed to remove said trees.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

By Ald. Dymond—

Resolved by the city council of the city of Lansing:

That the action taken on April 11, 1921, in the matter of Ald. McClellan and ex-Ald. Neller be rescinded.

By Ald. Avery—

That the resolution be laid on the table.

Carried.

By Ald. Doughty—

Whereas, the city of Lansing has ordered a bridge to be built across the river at Elm st.;

And whereas, it is necessary to remove certain trees in order to place said bridge, from Elm st., and said bridge cannot be constructed without the removal of same.

And whereas, the same is an obstruction and a nuisance as they now stand;

Therefore be it resolved, that the city engineer be and is hereby instructed to remove said trees.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

By Ald. Doughty—

Whereas the city of Lansing has ordered a re-pavement of East Michigan ave.; and

Whereas, the said city deems it necessary for business purposes and in-

creased traffic to broaden said pavement on a portion of the said street from what it has been heretofore; and

Whereas there are several trees growing in the street within the lines where the street will be graded and paved; and

Whereas it will be necessary to destroy and remove said trees in order to grade and pave said street; and

Whereas, it would be impossible to carry on said work properly and leave said trees standing, and by reason of the same they are a nuisance;

Therefore, be it resolved, that the city engineer be and is hereby directed to remove said trees or so many of them as may be necessary that come within the lines of the street where the same is to be graded and paved.

By Ald. Avery—

That the resolution be laid on the table.

Carried.

By Ald. Main—

Whereas permission to sell papers from a cart on the corner of Washington and Michigan avenues was heretofore granted to one Sam Abramovitch; and

Whereas since said permission was granted the said licensee has increased the nature of his business until now the same is being conducted from a semi-permanent stand on said corner; and

Whereas it has heretofore been expressed as the policy of this council that no vendors licenses be granted for the operation of stands or carts on any of the streets within the business district of the city;

Therefore be it resolved, That the chief of police be directed to notify the said Sam Abramovitch to remove said stand from said corner on or before thirty days from the date of receiving said notice.

Adopted by the following vote:

Yeas—Ald. Avery, Burgess, Clapham, Dymond, Howe, Klock, Main, Redfern, Sanders, Trager—10.

Nays—Ald. Britten, Doughty, Eddy, Fowler, Leonard, McClellan—3.

By Ald. Howe—

Whereas three-fifths of the qualified electors of the city of Lansing, on April 4th, 1921, authorized the city council to sell paving, sewerage and bridge bonds in the total sum of \$800,000; and

Whereas a portion of the said fund will be needed within the next ninety days to construct sewers, bridges and pavements, in accordance with a certain resolution adopted by the council on February 28th, 1921;

Now, therefore, be it resolved, by this council, that the city clerk be and is hereby directed to give notice of the sale of the bonds of the city of Lansing, by publishing the same in the State Journal, and that the notice so given shall be in the following form: "Sale of city bonds. Notice is hereby given that bonds of the city of Lansing in the following amounts are now on sale to the public: Sewerage bonds—\$100,000; Paving bonds—\$200,000; Bridge bonds—

\$200,000; Total—\$500,000; The said bonds will be placed in the hands of the city treasurer for delivery not later than July 15th, and the denomination of the same will be as follows: \$100.00; \$500.00; and \$1,000.00. Said bonds may be purchased by applying to the city treasurer therefor between the hours of 8:00 a. m. and 4:00 p. m., from April 30th to May 30th, inclusive. Said bonds will bear 5% interest payable semi-annually. All persons desiring to purchase any of said bonds shall apply therefor in writing, stating the amount and denomination of the bonds they desire to buy, for which they agree to pay not less than par and accrued interest, if any, and shall deposit with the city treasurer cash or a certified check for 2% of the amount of bonds bid for. Judson A. Parsons, City Clerk."

Resolved further that said publication shall run for nine publications commencing April 27th and again on April 30th, May 4th, May 7th, May 11th, May 14th, May 18th, May 21st, and May 25th, 1921.

Adopted by the following vote:

By Ald. Britten—

Resolved by the city council of the city of Lansing:

That the plans and specifications returned by the city engineer in pursuance of the resolution of this council adopted June 16, 1919, for paving Cedar st. from Michigan ave. to Hazel st., are hereby adopted.

That the portion of the city deemed to be specially benefited by such improvement is all lots, premises and subdivisions thereof fronting on or adjoining said portion of said Cedar st. within the south line of Michigan ave. and the south line of Hazel st. and extending back from said Cedar st. a distance of 165 feet from each side of said street, excepting from said described district all public streets, alleys, and parcels of land herein described not adjoining said street, and rights of way of railroads, as are herein included.

That the estimated expense of said improvement is \$19,555.67.

That the expense of such improvement in public street and alley intersections is \$6,724.09 which shall be paid by the city out of the general paving fund.

That 80 per cent of the remainder of said estimated expense, to-wit, the sum of \$10,265.27 shall be defrayed by special assessment upon the taxable lands and premises within the district heretofore described, in proportion to the benefits accruing to each parcel respectively from the construction of such improvement, and upon the owners and occupants of the houses and lands within said described district to be benefited thereby, in proportion as near as may be to the advantage which each shall acquire by the making of such improvement, and the remainder of such expense, to-wit, \$2,586.31 shall be paid by the city out of the general paving fund.

That the city assessors be and hereby are directed to make an assessment roll in accordance with this resolution and return the same to the city council at its next regular meeting, or as soon thereafter as may be.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

CONSTRUCTION OF SEWERS AND DRAINS, I.

By Ald. Leonard—

It is the opinion of the city council of the city of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Clemens ave. from man-hole in Marcus st. to south 300 ft. as petitioned for, is desirable, therefore, be it resolved:

That the city engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned in the Toll Gate sewer and drain district, and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Burgess, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Leonard, Main, McClellan, Redfern, Sanders, Trager—16.

Nays—None.

By Ald. Leonard—

It is the opinion of the city council of the city of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Beaver st. from Center st. to west one-half block as petitioned for, is desirable, therefore, be it resolved:

That the city engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned in the 24th sewer and drain district, and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this council an estimate of the cost of the above described sewer.

MOTIONS, RESOLUTIONS AND NOTICES.

Ald. Dymond moved that the following resolution be taken from the table.
By Ald. Doughty—

Whereas the city of Lansing has ordered a re-payment of East Michigan ave.; and

Whereas, the said city deems it necessary for business purposes and increased traffic to broaden said pavement on a portion of the said street from what it has been heretofore; and

Whereas there are several trees growing in the street within the lines where the street will be graded and paved; and

Whereas it will be necessary to destroy and remove said trees in order to grade and pave said street; and

Whereas, it would be impossible to carry on said work properly and leave said trees standing, and by reason of the same they are a nuisance;

Therefore, be it resolved, that the city engineer be and is hereby directed to remove said trees or so many of them as may be necessary that come within the lines of the street where the same is to be graded and paved.

Carried.

The resolution was adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Main, McClellan, Trager.—12.
Nays—None.

PUBLIC IMPROVEMENT I.

By Ald. Britten:

Resolved by the city council of the city of Lansing:

That it is a public necessity, and it is hereby determined to construct a curb

and gutter in north side of Lenawee st. from Pine st. to Chestnut st.

That the city engineer be and hereby is directed to estimate the kind and quantity of material to be used therefor, and to estimate in detail the probable cost and expense of such work and of the materials to be used therein, and make a record thereof in his office, and cause to be prepared so far as necessary, plans and specifications for such work, and to prepare a profile of such portion of said street and report his determination, estimate and plans to the city council at its next regular meeting, or as soon thereafter as possible, as required by the charter of said city.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Dymond, Eddy, Fowler, Howe, Klock, Main, McClellan, Trager.—11.
Nays—None.

CONSTRUCTION OF SEWERS AND DRAINS, I.

By Ald. Fowler—

It is the opinion of the city council of the city of Lansing, that for better sanitation, public convenience and general drainage purposes, the construction of a sewer in Shiawassee st. from Pine st. to Chestnut st. as petitioned for, is desirable, therefore, be it resolved:

That the city engineer be and hereby is instructed to prepare plans for a sewer in said street above mentioned. In the sewer and drain district, and that he cause a diagram and plat of the whole of said district to be made, showing all the streets, public grounds, lands, lots and subdivisions thereof in said district, and the proposed route and location of the sewer, with a plan and profile showing grade and dimensions thereof, and further, that he shall make and furnish to this council an estimate of the cost of the above described sewer.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Dymond, Eddy, Fowler, Howe, Klock, Main, McClellan, Trager.—11.
Nays—None.

ORDINANCES.

By Ald. Howe—

That the city council resolve itself into a committee of the whole to consider ordinances.

Carried.

The mayor called Ald. Britten to the chair to preside over the committee of the whole. After some time spent in the committee of the whole, the committee arose and through its chairman reported that it had considered an ordinance entitled "An Ordinance regulating all matters concerning or pertaining to the construction, alteration, repairs or additions to, remodeling, use or occupation of buildings, parts of buildings and structures of every nature whatsoever in the city of Lansing, Michigan, providing for condemning and

stopping the use thereof, wrecking of the same, and creating the offices of commissioner of buildings and city electrician and repealing certain ordinances," with amendments and recommending that the same be passed.

Council then resumed regular session.

By Ald. McClellan—

That rule No. 23 be suspended and the ordinance just considered in the committee of the whole and recommended for passage be now read a third time:

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Main, McClellan, Trager.—12.
Nays—None.

The ordinance was then read a third time.

By Ald. McClellan—

That the ordinance entitled "An Ordinance regulating all matters concerning or pertaining to the construction, alteration, repairs or additions to, remodeling, use or occupation of buildings parts of buildings and structures of every nature whatsoever in the city of Lansing, Michigan, providing for condemning and stopping the use thereof, wrecking of the same and creating the offices of commissioner of buildings and city electrician and repealing certain ordinances," be now passed.

Adopted by the following vote:

Yeas—Ald. Avery, Britten, Clapham, Doughty, Dymond, Eddy, Fowler, Howe, Klock, Main, McClellan, Trager.—12.
Nays—None.

By Ald. McClellan—

That the building code ordinance be not published in the proceedings of the council—but that it be printed in pamphlet form and a copy of same be posted and attached on each of the bulletin boards of the city.

Carried.

By Ald. McClellan—

That the assistant city attorney prepare an index to and for the building code ordinance.

Carried.

By Ald. McClellan—

That the city clerk secure bids for the printing and binding of the building code ordinance to the amount of 1,024 copies. Printing and binding to be substantially the same as the South Bend code. Twenty-four copies of the same to be ready on or before the 16th day of May, 1921.

Carried.

Council adjourned.

To Your Honorable Body,
The City Council:

The first year of my administration has passed, and it was my aim at the beginning to conduct a business administration. Just how successful I have been along that line I shall leave to the people to determine.

As the presiding officer during the past year I have appreciated very much the courtesy shown me by every member of the city council. Our work together has been very pleasant to me.

New members will occupy seats in the council this year and knowing them as I do, I am looking forward to another year of administering city affairs that will not only be a credit to the members of the city council but profitably to the city of Lansing.

I can assure each member of this honorable body that I stand ready to co-operate with you at any time, inviting your counsel and good judgment on all questions that are for the betterment of our city.

We have several important and perplexing problems to settle that have been before not only this council but previous councils for many years. We have disposed of many of them, but there are several more confronting the new council that will require the most careful thought and attention in the solving of the same.

Parks.

The city of Lansing has been very fortunate during the past year to receive as a gift from Wm. C. Durant, the park now known as Durant Park, one of the gifts to the city that we can justly be proud of.

Mr. Durant not only cleaned up one of the unsightly spots of the city, but transformed it into a beautiful park and from the kindness of his heart gave it to the city without even a request as to the name or how it should be cared for.

I believe I voice the sentiments of every citizen of Lansing when I say our appreciation for this splendid gift is unlimited.

It is our duty as citizens to see that this park is kept as beautiful and as attractive in the years to come as it was when given to the city. This park added to the parks we now already have, not only make the city more beautiful but adds to the comfort and pleasure of the citizens as well.

The benefits we derive from out door recreations in the parks of the city are very valuable to the citizens of Lansing and should be appreciated by all.

The board of cemetery and public park commissioners are rendering very efficient services to the city and should be commended for their untiring efforts in making our parks beauty spots in the capital city of our state.

Street Car Situation.

The street car situation has been one of our trying problems. The employees of the road were compelled during the past, to work for a low wage and the company claiming the receipts of the road would not warrant a raise unless the fare was increased.

In order that the men might receive a living wage and the city still have control over the street car situation in the city, we temporarily allowed the increase with the understanding that just as soon as conditions would warrant, the fare would be lowered. The company was requested to make certain improvements and during the past year the agreements for improvements promised the city were fulfilled; namely the belt line around by the Olds factory and double tracking E. Michigan ave., from the old to the new city limits.

With the improvements promised this

year, the paving of E. Michigan and other improvements will not only add to the general condition of the road but should further improve the service.

In talking the matter over with the company relative to the lowering of the fares, I am greatly encouraged with the prospects that in the near future the fare will be lowered.

The citizens of Lansing have been very patient and loyal in co-operating with the company helping to tide them over these abnormal times. Now that conditions are gradually becoming normal, I believe the lowering of fares even though wages for their employees remain where they are would increase receipts.

Garbage.

The question of the collection and disposal of garbage is a problem that causes all cities more or less trouble. Several methods have been devised to solve the question as to the best method of handling it, but no system has yet been devised without fault.

Some cities dispose of it by incineration which is not only an expensive proposition to construct the plant, but an enormous waste, both in the fuel necessary to burn it and in the by products that can be obtained from garbage through other methods of disposal. As our system of disposal is by feeding to hogs, I am convinced more than ever that if it can be done by sanitary methods, it is the proper way to dispose of it.

The city recently acquired a farm for the purpose of feeding hogs and disposing of its garbage by this method. I am very anxious and I believe that every alderman is that this hog farm be conducted in a most sanitary way.

The question of feeding garbage to hogs in the locality where the farm is located has been before the courts, and the city of Lansing has been given the chance to try it out along sanitary lines and now it is up to the city to make good. If this is done, we are fulfilling a promise made to those who live in close proximity to this farm and also to the court who gave us a chance to make good our promise.

If it cannot be done in a sanitary way and the proper authorities so determine, then we should immediately abandon the system of disposing of garbage by feeding it to hogs and resort to some other method.

I would recommend that before any hogs are placed on the farm that proper authorities be consulted as to the best method of conducting the farm not only from the standpoint of good business methods, but from the standpoint of sanitation and health.

It should not be our aim entirely to see how much money we can make, but to conduct it in such a way that it will be looked upon as being a model hog farm.

Electric Light and Water

Our electric light and water plant, like all other utilities, is passing through

a reconstruction period that requires the most careful thought of good business minds in its operation.

The improvements made during the last year has added greatly to the production of the plants.

The increase in the supply of water by the installation of air lift pumps, will be ample to take care of our needs until the growth of the city requires an increase in the supply of water which undoubtedly will be several years.

The capacity of our electric light plant is somewhat limited, but is taking very careful care of the needs of the city very well at present.

But should our industrial institutions require of the city power to operate their plants to capacity, the city would be greatly handicapped in furnishing the electricity they would require, and unless they installed their own plants steps would have to be taken at once to take care of their needs.

Police Department.

During the past year it has been my privilege to be in close touch with our police department and I have no hesitancy in saying, they are rendering very efficient service to the city of Lansing.

While crime has been very evident in cities surrounding Lansing, we have been very fortunate to be as free from it as we have, and we must attribute it to the very efficient and well organized police department.

As mayor and city council, we shall be ready at all times to co-operate with the board of police and fire commissioners, for it is through this department the public is safeguarded.

Health.

Our health department, I believe is rendering very efficient service to the city.

It is through this department that the public health of the city is safeguarded against communicable diseases.

The department cannot accomplish this work alone, but needs the united support of every citizen of Lansing in their effort to make Lansing a better and more healthy place to live.

Our detention hospital will be completed in a short time, which will add greatly to the relief of those suffering with contagious diseases. By the completion of this hospital the horror of being placed in a pest house will be eliminated, as every convenience will be provided for the comfort of those placed in this institution.

The health board should be commended for the way in which they proceeded in the construction of this hospital as it will all come within the appropriation given the board for the erection of the building.

In carrying out this work, I have the same request to make I made one year ago.

I urge the most efficient service

given with the strictest economy.

City Comptroller..

Reviewing the activities for the past year in the office of the City Comptroller, discloses the fact that the budget system is becoming a more important factor each year in determining accurately the cost of our municipal government besides assisting the several department heads to improve methods of administration, secure greater efficiency, reduce expenditures and to allocate their appropriations in such a manner that activities in their respective departments would be kept at a uniform pace throughout the year.

On account of conditions arising subsequent to the time the 1920-21 budget was adopted, it has been necessary to supplement the appropriations of the ward highways, poor department, election and general paving to the extent of \$34,573.43 up to April 15th, 1921. This has been done by transfers from contingent funds which has had an ample credit balance to take care of these transfers. The deficit referred to above will be included in the 1921-22 budgets of those departments creating same and will revert to contingent fund during the ensuing year.

Bonded Indebtedness.

The total bonded indebtedness of the city at the present time, including \$350,000 paving and sewerage bonds which will be sold on May 9th, is \$2,358,000, which is classified as follows:

Paving bonds	\$615,900.00
Sewer bonds	313,800.00
Water bonds	580,000.00
Electric light	515,000.00
Miscellaneous	333,300.00

It is reasonable to expect that the water and electric light bonds, while the direct obligation of the city as a whole, will not have to be paid by taxation, but will be retired by the water and electric light department from their earnings. Omitting these two items amounting to \$1,095,000.00, we have a bonded indebtedness of \$1,263,000. Of the amount \$754,220.00 will be spread on special assessment rolls and will be collected from property owners directly benefited. This leaves \$508,780.00 which is a direct obligation upon the city at large or a per capita debt of \$8.87-42-100 of one per cent of our assessed valuation or approximately a debt per \$1,000 valuation of \$4.25.

Included in the amount under paving and sewer bonds is \$350,000 which will be set aside for constructions, requirements as follows:

- Paving Michigan ave. from M. C. R. R. tracks to city limits.
- Paving Pine st., St. Joseph st to Isaac.
- Paving Walnut st., Isaac st to Robert.
- Paving Center st., Saginaw st. to Beaver st.
- Paving Grand ave., Shiawassee st. to Saginaw st.
- Sewers, extension and repairs.

Work on the above construction has just been started.

During the season of 1920 we completed 21,319 feet of paving or a fraction over four miles at an average cost per foot frontage of \$4.87.

Total curb and gutter construction was 15,108 feet or an average cost per foot frontage of 94c.

Total of graveled streets was 5,880 feet or an average cost of 44c per foot.

Total of grade and graveled streets was 7,366 feet or an average cost of 70c per foot.

The people of Lansing have, by ballot, placed in our hands thousands of dollars for public improvement. In doing so they have expressed themselves as placing the utmost confidence in us for the expenditure of this money. May those appropriations entrusted to our care be economically and judiciously spent, so we will not betray the confidence they have placed in us.

By so doing we must as city officials be ever on our guard seeing that the city gets 100 per cent in return for every dollar expended.

I would further recommend in the construction of all public improvements that the work be given to citizens of Lansing to relieve so far as possible the great industrial depression. The question of wages should be given the most careful consideration, while the cost of living has lowered along some lines, rents, fuel and many other necessities are still high.

Men have been out of employment for several months, in a great many instances rents are unpaid and grocery bills have accumulated, so great care and judgment should be exercised in considering the wage question with our city employees.

It is my judgment that if wages are lowered they should be lowered to conform with living conditions as they exist, and not to the extent that will add to the hardship already existing in the city.

In closing I wish to say let it be our aim in all committee work to be prompt in investigating and reporting back to the council all propositions referred, for we should carry on the business of the city without delay and without waste.

Questions arise that cause men to differ in opinion and it is right and proper that men should differ to reach a proper solution of problems, but I ask it be done in a businesslike way, not to create a hatred between fellow councilmen for this invariably delays public improvements.

I would earnestly request that the different departments make up their budget for the coming year and deliver the same to the city comptroller that it may be in the hands of the ways and means committee as early as possible.

I would also urge the committee on salaries to make their report at an early date that the report of the ways and means committee may not be delayed.

Again let me say that we should ren-

der the citizens of Lansing the very best service possible, keeping in mind at all times that we are their servants.

As your presiding officer I promise to give each member of this council fair and impartial treatment and in return I ask your hearty co-operation in making this year a most profitable one to the citizens of Lansing.

REPORTS OF CITY OFFICERS.

Social Center, expenditures, May, 1920, to May, 1921, and budget May, 1921, to May, 1922, was received and placed on file.

To the Hon. Mayor and Members of the City Council, Lansing, Mich.

Gentlemen:

As I have heretofore notified you, judgment was rendered against the city in favor of Charles J. Davis on account of Holmes street paving in the sum of \$350.65, and costs taxed at \$42.30, interest \$8.75, total \$401.70. I would recommend that the same be paid.

Very respectfully,

D. G. F. WARNER,
City Attorney.

Received and placed on file.

To the Hon. Mayor and Members of the City Council, Lansing, Mich.

Gentlemen:

On January 24th, 1920, a judgment was rendered against the city of Lansing in favor of Frances Wilmot Shaw, for injuries she received by reason of a broken sidewalk. The amount of the verdict was \$800. I was not informed of this until I had been in office for some months, when I learned it was in the court and a motion for a new trial pending. Sometime ago I took up the matter and argued the motion, which was decided against the city. I have

examined the record very carefully and I am certain there would be no beneficial use of appealing this case or contesting it further, and therefore recommend that the same be paid. The amount of the judgment is \$800, costs \$45.

Very respectfully,

D. G. F. WARNER,
City Attorney.

Received and placed on file.

Hon. Mayor and City Council, City.
Gentlemen:

It has come to my knowledge that there is some question as to the amounts collected in the Venereal Clinic at the Health Center and the amount turned over to the city treasurer.

As my integrity is under suspicion I would respectfully request your Honorable Body to refer the matter to the health committee of the council for a thorough investigation.

Respectfully submitted,

JAMES A. HUMPHREY, M. D.,
Health Officer.

Referred to committee on health.

Hon. Mayor and City Council, City:
Gentlemen:

In compliance with your order of April 27th, the investigation was made concerning the so-called city piggery on West Willow st. and the conditions found were practically those complained of by the township board of health.

However, the odor is practically all confined to the portions used for feeding pen but a pile of garbage may prove a menace to health as soon as the weather becomes warmer and flies begin to breed. Would advise a removal of same at earliest possible convenience.

Respectfully submitted,

JASON E. NICHOLS,
Pres. Board of Health.

Received and placed on file.

To the Honorable Mayor and City Council of the City of Lansing:

Gentlemen:

I herewith present you with plans and estimate of cost of curb and gutter in Lenawee st. from Logan st. to Old City Limits. Estimated cost, \$2,850.00.

Respectfully submitted,

O. E. ECKERT,
City Engineer.

Received and placed on file.
